Such concord might be possible among other nations, the President said, if they possessed the same understanding and singleness of purpose to forward the cause of mankind.

GRAECO-JEWISH RIOT. CONSTANTINOPLE, April 26.

Rioting occurred here to-day be tween Greeks and Jews, in which several persons were injured. Greeks, who accused Jews on the Golden Horn of being pro-Turkish, paraded about with an effigy of a Rabbi, and they at- devisory as the proposals of March, tacked a Jewish procession, and in the clash a number on both sides were Allies, after voluntary abatements, injured. British police interfered and stopped the fighting. The Greek High Commissioner here has apologized for the action of the Greeks.

The ruinous film

Film is that viscous coat you feel. It clings to teeth, gets between the teeth and stays. Old meth-ods of brushing do not effectively combat it. So it often lingers long. Film absorbs stains, making the teeth look cloudy. Countless teeth are thus made dingy.

Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the atid in contact with the teeth to cause decay. Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Also of other serious troubles. Most of the tooth and gum attacks are now traced to that film.

Must combat it daily

After diligent research science has found two ways to combat that film, Many careful tests have

proved them. Now leading dentists everywhere

Both are embodied in a modern tooth paste -Pepsodent. Every use attacks the film in two effective ways. It also brings three other results which have proved essential.

Fights starch and acid

Pepsodent does what fruit acids do. It multigestant in the saliva, to digest starch deposits that cling. It multiplies the alkalinity of the saliva, to neutralize the acids which cause tooth decay. Those are Nature's great tooth-protecting agents. Every use of Pepsodent multiplies their powers.

Effects are apparent

Millions now know the delightful effects. Anyone who will can quickly see and feel them. Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear. Then read the reasons in the
