## St. Patrick's Flower Day

The Lancers Brave and Beautiful are  
marching in the West,  
With banners bright, and hearts  
afire, and voices raised to their best.  
Their watchword Education! their  
slogan, For our Youth!  
That the coming generation may drink  
the fount of truth.On Bartley's Hill and Carter's Hill the  
scouts are posted high,  
To catch the model quailers as they  
go racing by.  
On Marchant Road and Patrick Street  
the speeding motors roll,  
And they swing from every passer a  
benison and toll.A powerful force of cavalry will  
screen the Southside Hill,  
At Mundy's Pond the Infantry will  
riot at their will.  
The Cross Roads will be vibrant with  
piano and armoured car.  
And Water Street re-echo with the  
pageantry of war.Along the Cornwall Avenue how fast  
fast our generals ride!  
With aide-de-camp and chief-of-staff  
curvetting by their side.  
The bugles blare before them, the  
drums their thunders roll.  
The Veterans acclaim them, are with  
them heart and soul!Now in this bloodless warfare they  
hunt the monster—Man!  
Good men, bad men, old men, young  
men—let them catch whoever they  
can!The future's life is sacred, but his  
only he must forgo.  
Let him prove himself a patriot, and  
a generous spirit show!And in years to come the little ones  
will tell with bated breath,  
How the Flower Day of St. Patrick's  
back in memory ran,  
How Mama in her girlish days so many  
years ago,  
With basket and with bouquet went  
pacing to and fro,  
Her lilacs and her pansies she chang-  
ed to sterling gold,  
So that the little children might know-  
ledge get and hold.

## Wireless Telegraphy.

The Government accused the Board  
of Trade last year as not being fit  
for a fourth class form, but the tables  
can be turned on the Government with  
far greater truth, when we look for  
a brief moment at the way the present  
incompetents are handling such an  
important matter as the Telegraph  
question. The life of our daily papers  
is to get the best news at the cheap-  
est cost, and therefore we stand to the  
back of the Council of the Board of  
Trade in their efforts to get cheaper  
telegraph rates with foreign coun-  
tries, which is life blood in extending  
business connections.At the recommendation of the Board  
of Trade the Government concluded a  
contract with the Marconi Wireless  
Company last September for the fol-  
lowing:

- 1st.—Cut Telegraph rates to Europe  
nearly half.
- 2nd.—Estimated revenue to the  
Government approximately  
\$60,000.
- 3rd.—Improved Labrador Service  
with several new stations, and  
extension to the Moravian set-  
tlements.
- 4th.—Erection of Stations on Sig-  
nal Hill, Bay Bulls and Grand  
Falls.
- 5th.—Installing new apparatus for  
giving steamers their exact  
position during foggy or bad  
weather when approaching the  
coast.
- 6th.—Installing Wireless Telephones  
similar to experiment on Sig-  
nal Hill last summer.
- 7th.—New devices for sailing ves-  
sels.

These are a few of the projects in  
view to make NEWFOUNDLAND one  
of the main world centres for Wire-  
less Telegraphy. This contract was  
held up by Governor Harris all win-  
ter, and only recently it was found  
out that a Canadian British Scheme  
had used their influence to prevent  
Newfoundland proceeding with this  
work, because they were afraid it  
would conflict with a project they had  
in view for what they called an All  
British Company to connect the Do-  
minions with England.Our readers will be astounded when  
they hear that this All British Empire  
Wireless Telegraphy was to jump  
right over Newfoundland, and to work  
from England direct with Canada.  
Further information has come to  
light that competent authorities have  
scrutinized in the minutest way both  
the plans of the Canadian British  
Service and that proposed by New-  
foundland and they find they do not  
conflict in any way. With such facts  
before them any Government of  
business men would at once insist on  
the ratification of our Contract by the  
British authorities, but we find now  
that the Government appear deter-  
mined to prevent the Marconi Company  
from going ahead with this beneficial  
work, and force this country to con-  
tinue its present high tariff with the  
Cable Companies to the disadvantage  
of everyone who has any business to  
do.These facts should be ventilated in  
the House of Assembly at once.O. McPherson,

## Fishery Reports.

Lawn June 28, 1921.—Cabin struck  
here plentifully on Friday. Since then  
dories are getting from one to two  
quintals of trawls. A few trawls yes-  
terday had been taken in the vicinity  
of the shore. This is the first fish caught here  
since the 1st of June.

TUESDAY, JUNE 28, 1921.

## NOTICE OF MOTION.

Hon. The Prime Minister.—To move  
for the appointment of a Commission  
to immediately inquire into the future  
operation of the Railway system of  
the Colony with its connecting steam-  
ers and report thereon to His Excel-  
lency the Governor in Council.

## NOTICE OF QUESTION.

Sir M. P. Cashin.—To ask Hon. the  
Prime Minister, in the absence of Hon.  
the Minister of Finance and Customs,  
if the interest on the debentures of  
the Colony due at the end of this  
month will be paid:

- (a) out of the Revenue for the cur-  
rent year.
- (b) out of the Surplus Trust Fund,  
or
- (c) out of proceeds of the Loan ob-  
tained last month.

Sir M. P. Cashin.—To ask Hon. the  
Minister of Marine and Fisheries who  
is the "James Davies" who was re-  
presenting this Colony at an Informal  
Fishery Conference in Montreal  
the past week. Is it the Mr. D. James  
Davies who is the Public Analyst in  
this city, or is it another person who  
he possesses to represent the country in  
a Fisheries Conference in Montreal.Could no practical fisherman belong-  
ing to this colony be found to under-  
take the duty? What allowance is  
being paid Mr. Davies for this service?  
Is it correct that Mr. Davies is pro-  
ceeding from Canada to England, if so  
is he going on public business partly  
or altogether, if so what is the nature  
of such business and what allowance  
is being made him as therefor? Also  
what is the sense of this Colony par-  
ticipating in any such conference and  
undertaking responsibilities as owing  
to the present condition of its finances  
it is unable to find money for abso-  
lutely necessary services. Also to lay  
on the table of the House copies of  
all correspondence in relation to Mr.  
Davies visit to Canada and England.Sir M. P. Cashin.—To ask Hon. the  
Minister of Marine and Fisheries, in  
his capacity of Chairman of the Rail-  
road Commission, to lay on the table  
of the House a statement showing the  
amount expended between the 1st of  
December, 1920, the 1st of May,  
1921, in snow-fighting and keeping op-  
en the main line of the railroad across  
the Topham, and the amount received  
from Mr. E. Collinsworth within the same  
period as payment for the conveyance  
of pulp wood from his timber area  
near St. George's to the A.N.D. Co., at  
Grand Falls, and the rate of freight  
charged him.Sir M. P. Cashin.—To ask Hon. the  
Prime Minister, in the absence of the  
Minister of Marine and Fisheries, to  
obtain from Mr. S. Smith, Trade Com-  
missioner for Portugal, and now in  
this city, if he is not already in the  
Department of Maritime Fisheries, a  
detailed statement of the sums fur-  
nished to Mr. Smith as salary and ex-  
penses from the day of his appoint-  
ment to that position up to the present  
time.Sir M. P. Cashin.—To ask Hon. the  
Minister of Marine and Fisheries, in  
his capacity of Chairman of the Rail-  
way Commission, if instructions have  
been issued by the Government, the  
Commission, or the Reid Newfoundland  
and Company, to station agents along  
the Railway Line and pursue the  
steamers not to sell tickets to people  
who propose proceeding to Canada and  
back to the United States, or to lay on  
the table of the House copy of the  
said instructions.Sir M. P. Cashin.—To ask Hon. the  
Prime Minister, in the absence of the  
Hon. Minister of Agriculture and  
Mines, to lay on the table of the House  
a statement showing the amount paid  
to the Department of Agriculture and  
Mines during the calendar year 1919-  
20 for services in fighting forest fires  
in the vicinity of Han's Harbor, New  
Guinea and New Melbourne, through-  
out whom were the men so employed paid  
for their services, and what commis-  
ion, if any, did this person receive.Sir M. P. Cashin.—To ask Hon. the  
Prime Minister, in the absence of the  
Hon. Minister of Agriculture and  
Mines, to lay on the table of the House  
a statement showing the amount paid  
to the Department of Agriculture and  
Mines during the calendar year 1919-  
20 for services in fighting forest fires  
in the vicinity of Han's Harbor, New  
Guinea and New Melbourne, through-  
out whom were the men so employed paid  
for their services, and what commis-  
ion, if any, did this person receive.In spite of the instructions made by His  
Excellency, Cardinal Beign, for con-  
sultation, the strike of Quebec police  
and firemen continues and there is  
but little prospect of settlement.A PECULIAR SITUATION.  
DUBLIN, June 27.  
The announcement made by Sir  
James Craig, Minister of the Crown,  
that he must consult with his cabinet  
before replying to the invitation of Mr.  
Lloyd George to a conference between  
the leaders of the Irish factions and the  
Government, has directed attention to  
the fact that four members of  
Eamon de Valera's cabinet are in  
the County of Galway, and are in the  
Minister of Labor, and Robert  
Barton who are under sentences of  
penal servitude, and Arthur Griffith,  
former of Sinn Fein, and Professor  
John McNeill, President of Sinn Fein  
Volunteers, who have been held under  
charges preferred against them  
since last autumn. An opinion was  
expressed in High Sinn Fein circles  
to-day that Mr. de Valera would also  
request an opportunity to consult  
with them.TO REHABILITATE REFUGEES.  
GENEVA, June 27.  
The Council of the League of Na-  
tions, to-day, decided to appoint a  
High Commissioner to rehabilitate the  
refugees cut out Government account dur-ing the past winter, and to state what  
is the present position of this matter.  
Sir M. P. Cashin.—To ask Hon. the  
Prime Minister, in the absence of Hon.  
the Minister of Finance and Customs,  
to lay on the table of the House a  
statement showing the amount under-  
standing the amount under each  
each above; also a statement of  
the amounts received for each of  
the corresponding weeks in 1919-20  
and in 1920-21, and also the amounts  
for the whole of these fiscal years up  
to date corresponding with June 28th  
of this year.Sir M. P. Cashin.—To ask Hon. the  
Prime Minister, in the absence of Hon.  
the Minister of Finance and Customs,  
to lay on the table of the House a  
statement showing the number of uni-  
forms made for officials of the Customs  
House Department from the 15th of  
November 1919, the price paid for the  
same during the first half of 1920, the  
second half of 1920, and up to date  
in 1921, and the price proposed to be  
paid in the latter half of this year. Al-  
so to state what was paid for the mak-  
ing of these uniforms during the first  
half of 1919 and the second half of  
1919 and by whom they were made at  
these times.TO-DAY'S MESSAGES.  
MEIGHEN'S FOUR POINTS.  
LONDON, June 27.  
(By Grafton O'Leary, Staff Corres-  
pondent, Canadian Press.)—Declara-  
tion of Dominion rights by Right Hon.  
Arthur Meighen, Premier of Canada,  
setting out what in his judgment  
should constitute an adequate voice  
for Dominion in the foreign affairs  
of the Empire, was to-day debated at  
length by the Conference of Prime  
Ministers. Premier Meighen, whose  
address was by way of being a re-  
view of Lord Curzon's outline of the  
world policy of the British Foreign  
Office, laid down four cardinal prin-  
ciples, which he declared were essen-  
tial to his heightened status of the  
Dominions. Although speeches and  
discussion which ensued have not  
yet been made public, and may for  
the time being be regarded as confi-  
dential, it is understood that his four  
points were: First, that on all ques-  
tions of foreign policy, which more  
directly concern the British Govern-  
ment, such as matters arising in con-  
nection with Palestine, Mesopotamia  
and the Middle East the Governments  
of the Dominions should be kept  
thoroughly and constantly informed.  
To confirm the point on questions  
of foreign policy affecting the Empire  
as a whole, Dominion Governments  
must be consulted. Third, that Brit-  
ish Government should enter into no  
treaties, or special alliances, without  
consultation with and the advice of  
the Dominions, and that all such  
treaties, even when entered into, be  
subject to the approval of Dominion  
Parliaments. Fourth, that upon all  
questions arising as between the  
United States and Canada the advice  
of the Dominion Government must be  
accepted as final.

## SALVING THE ESPERANTO.

HALIFAX, June 27.  
A special despatch to the Halifax  
Herald to-night says that wreckers  
have raised the international sailing  
champion schooner Esperanto, recent-  
ly lost on Sable Island, sand bar,  
forty feet and the bow is out of wa-  
ter.

## TOWED TO HALIFAX.

HALIFAX, June 27.  
The United States Ship, the Board  
steamer Bessan arrived here to-night  
in tow of the tug Cruiser. She was  
recently pulled off at St. Pierre where  
she went ashore, en route from St.  
John's to Halifax last winter.

## DEADLOCKED.

LONDON, June 27.  
No definite agreement had been  
reached when the adjournment of  
the conference between coal mine  
owners and miners, with Premier  
Lloyd George, took place at mid-  
night. The Premier refused to  
pledge the subsidy of 1,000,000 pounds,  
withdrawn recently, until he had con-  
sulted with the members of his cabi-  
net. This he will do to-morrow,  
when the conference will meet again  
in the morning. Members of Miners'  
Executive say that unless subsidy is  
granted, settlement of coal strike is  
impossible, in which case the stop-  
page may continue for another three  
months.

## APPEAL UNDETERRED.

QUEBEC, June 27.  
In spite of the instructions made by His  
Excellency, Cardinal Beign, for con-  
sultation, the strike of Quebec police  
and firemen continues and there is  
but little prospect of settlement.
