10,000 Russians Saved From Starvation.

Fourteen million Russian lives were saved from apparently inevitable starvation through the steps taken by the All-Russian Central Executive Committee in a publication

issued here. The dissolution of domestic hunger relief organizations also is announced. The American Relief Administration, which is cited as having led in the amount of assistance given foreign organizations, is credited with distributions amounting to 1,980,000,000 pounds in foods, clothing, and medicaments. The Committee expressed special thanks for this help and for that also of the American Friends Service Mission, the Nansen Relief, the International Workers, etc.

A SLIGHT PROFIT.
"So you loved and lost?"
"Well, no, I didn't lose exactly. You see, when she returned my presents, she accidentally put in some of the other fellow's."

Woman Suffrage Mexico Makes Slow Progress.

MEXICO CITY—The woman's suffrage movement is making some progress in Mexico, but high government officials are inclined to believe that the time is not yet ripe to grant the franchise to women. For several years a desultory propaganda to this end has been conducted here, but the movement received its greatest impetus recently when Rafael Nieto, governor of the state of San Luis Potosi and former Secretary of the Treasury, submitted a project to his state legislature providing for women suffrage. Governor Nieto's action provoked much discussion in the press which believes that it will fall of passage. Secretary of Interior Calles stated recently to newspapermen that, although he strongly favors women's suffrage, he is of the opinion that a great deal of educational work must be done before it can be accomplished. The state of Yucatan extended the vote to women several years ago but reports from that state say it has not been generally used.

Denmark Will Continue Eight Hour Day.

COPENHAGEN—The eight-hour day law in Denmark will be extended for the years 1924 and 1925 as a result of a report made recently by the Board of Social Welfare. This law, which was granted a year ago and remains in force until the end of 1923, has been attacked by many interests as being responsible for the increases in the cost of living, but efforts to have it rescinded have failed. The Board, in its report, stated it believed the law was responsible for much of the increase, but that it contained many advantages for the workmen which more than offset this disadvantage.

Radical Leaders of Mexico Interested in Russia.

MEXICO CITY—Felipe Carrillo Puerto, Governor of Yucatan and an avowed radical, has just been granted a leave of absence by his legislature to permit him to visit Russia and study Bolshevism at first hand, according to the newspaper Excelsior. Yucatan has been frequently described as a "miniature Russia" and Governor Carrillo Puerto as its Lenin. General Jose Maria Sanchez, who is also on leave from his duties as governor of Puebla, recently returned to Mexico from an extended visit to Russia and other European countries. General Sanchez was granted an "unlimited leave" by his legislature, because of his radical tendencies.

German Teachers Rebel at Wages.

COLOGNE—Objecting to a wage of twenty-three marks an hour, the teachers in Cologne's continuation schools have struck for more pay. Similar action already had been taken by the faculties of vocational institutions at Duisburg and Essen. The Cologne staffs include teachers from the public gradeschools, engineers, and expert handworkers. Some time ago they were conceded sixty-three marks an hour, but their union alleges no actual payments were made at this rate. At the prevailing rate of exchange, twenty-three marks hourly means a wage of less than five cents for an eight-hour day.

Railroad Makes Secret of Record Run.

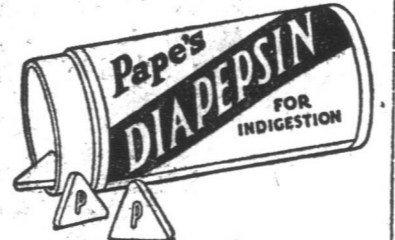

LONDON—A record railway train run in England is described in a document kept secret for nearly 20 years, but now published in the Great Western Railway magazine. On May 3, 1904, one of the Great Western best specials from Plymouth to London attained an overall speed, exclusive of stops, of over 66 miles an hour, and at times during the journey exceeded 102 miles an hour. The speed was officially recorded, but the company, for some reason not given, decided not to announce the accomplishment.

Nelson's Flagship May Travel by Land.

LONDON—An effort is being made in England to raise \$500,000 for the preservation of the Victory, Nelson's flagship in the Battle of Trafalgar. The famous vessel is at present at Portsmouth, in a very bad state of repair. So far she has deteriorated that, if it is decided to bring her to London, she will have to come overland; she could not undergo the journey by water.

Obregon Ready For a Jaunt.

MEXICO CITY—President Obregon is not a stay-at-home. Contrary to the custom of his predecessor, President Carranza, who scarcely ever left the capital, the present executive travels extensively and during his administration he has "gone visiting" on an average of once a month. He never journeys more than a day's ride from Mexico City, but there is never a day of festa in any of the towns within that radius that is not attended by the President. His private car is stocked for travel at all times and, according to his aides, they are always prepared to go on a jaunt. The President will take a swing through Northern Mexico next December, going first to Tampico and then through Nuevo Leon, Coahuila and Chihuahua to his native state, Sonora, where he will spend the Christmas holidays.

MOTHER!

Move Child's Bowels with "California Fig Syrup"

Even a sick child loves the "fruity" taste of California Fig Syrup. If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste from the tender, little bowels and gives you a well, playful child again. Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful to-day saves a sick child to-morrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on a bottle. Mother! You must say "California" or you may get an imitation fig syrup.
