Detroit bowlers raised some dust in the Canadian Bowling Tournament, and took sults of today's games: away big bunches of the prize money, winning first, second and the for third in the five-men teams, and first and second in the doubles and third in the singles. London wins the only other open event, Reg. Graham of the Ideals winning first money in the singles by the handy score of 641. He is to be congratulated on his fine showing. He rolled fast and true, and deserved to win the money. The Nationals No. 3 headed all the London teams in the five-men events, getting sixth place and rolling third away big bunches of the prize money getting sixth place and rolling third among Canadian teams. They all did well, and deserve credit, but Reg. Graham

gets all the big honors. That the Detroit Tigers are going along at a nice clip was shown by their two victories over St. Louis. The most encouraging feature of the victories was the work of the colt pitchers, and it looks as if Jennings had landed at least a pair of young chaps fit to go any route. It is to be hoped that he has, for they are needed.

If the Tigers could only transplant some of the victories over St. Louis to the series in July, for instance, all would be happy.

HOW THE DARK BLUES WON THE GREAT RACE

The Further They Went the Better They Seemed To Row.

London, April 4.-Following is the detailed account of the great Oxford-Campridge boat race Saturday: Cambridge won the toss and chose the Surrey side of the river, but in the absence of any wind the water was smooth, and there was not much advantage in the selection. At the crack of the pistol the Oxford stroke, Bourne, was the first to stroke, and his oars I moved at the rate of 39 strokes to 28 strokes a minute set by Stuart, the Cambridge stroke.

In the beginning the nose of the Oxford boat showed slightly in the lead. Calling to his men at Beverley Brook, the veteran Stuart quickly overtook the leaders.

Bourne was not to be outdone. The Oxonians answered spurt with spurt, and it soon became evident that the race of 1909 would be memorable. Off Chiswick the Oxonians were slightly in the lead, but this was only momentarily, as a counter spurt brought the boats together again at Thorneycroft.

By this time the excitement on board the launches following the boats and along the river banks had risen to fever height and the shouts of encouragement were deafening.

Passing Barnes the boats were practically on a level, but from this point Oxford crew drew away. The Cambridge men were beginning to show signs of the Homeric struggle, although they struck gallantly to their work and the outcome was again

in doubt. Near the finish Cambridge stroke attempted to rally his tired crew, but his spurt was shortlived and could make no impression of the leaders. further the Oxford crew went the bet-

ter they seemed to row. The official time of the winning crew at the various points on the course is: Craven Steps, 2 minutes, 8 seconds; mile post, 4 minutes, 5 seconds; Hammersmith, 7 minutes, 5 seconds: Chiswick, 11 minutes, 58 seconds; Barnes Bridge, 16 minutes, 29 seconds, and at the finish 19 minutes and 50 seconds. It is not customary in England to ake the time of the vanquished crew. The Cambridge men slewed down as soon as the Oxford passed the finish-
