

Ideal Wins 2:21 Pace in Straight Heats at London Races

NETTIE POWERS WINS 2:25 PACE IDEAL COPS IN STRAIGHT HEATS

Great Racing for Third
Day of Big Meet at
Queen's Park.

STONEMAN WON RUNNING RACE

Potent Pulled Up Bleeding in
the Second Heat—Bernie
Creamer's Dash.

Four great races were on the card for the third day of the meet of the London Trotting and Pacing Association yesterday, and owned by Mr. C. Barrett, of Parkhill, copping the 2:24 pace, Ideal, of Arbutuskan, belonging to R. Baird, of Hamilton, the 2:21 pace, in straight heats; Bernie Creamer, a Kentucky horse, the mile and one-sixteenth dash, and Stoneman the three-quarter mile run, in two heats.

Stoneman was the favorite of the three-quarter-mile run, and took both heats.

The 2:24 Pace.

Nettie Powers finished fifth in the first heat of the first race on the programme, Colonel M., owned by Mr. J. Mero, of Tillsonburg, getting under the wire a nose ahead of Tomozo. The Parkhill mare had it cinched after that, however, and piloted by Barrett, finished the mile ahead of the field in the three following heats. Wa Wa broke in starting the second half of the second heat and spread the horses along the track. Walter K., owned by Kettle of Petrolia, was travelling fast behind and a mix-up was narrowly averted. Nettie Powers and Tomozo were in the lead and were not interfered with.

Ideal's Good Showing.

Ideal, piloted by Jack Rombough, gathered in the 2:21 pace in three straight heats, Wilhelmnia, the London mare, being the only contestant. Her hopples broke in the first heat, however, and she finished in sixth place. She got the place in the next two heats, Kneff-Knoff putting up a great fight for the second money. Bernin Belle led for the money, and two sixths, won the show money, and the New York mare fourth.

Four Starters in Dash.

There were four starters in the mile and a sixteenth dash, but after exercising all kind of patience, the starter sprung the barrier and sent Teeta H. Von Bulow and Bernie Creamer away without Willow Plume. Bernie Creamer copped with McCarthy on Conley on Teeta H. going him a great deal for the money. Johnson, a boy who has great difficulty in getting away, finishing up quite a distance back. The time was 1:54.

Stoneman's Three-quarter Mile Run.

Harris' Stoneman, the favorite in the betting, took both heats in the three-quarter-mile run, Niantic getting the place money. Potent, who finished third in the first heat, looked like a noise in the second, but was pulled up bleeding at the nose as he turned into the stretch at the finish. He was well up at the gateway and Main would have given Conley a battle for the money.

Teeta H. was drawn after the first mile. Sixteen horses were entered, twelve were scratched and there was one added starter, Teeta H.

First race, 2:24 pace, purse \$30: Nettie Powers, b. m., by Gladstone, C. Barrett, Parkhill (Barrett) 5 1 1 1
Colonel M., br. g., by Shadeland, J. Mero, Tillsonburg (Marsh) 1 7 6 7

OPPOSITION TO RULE RE AMERICAN HORSES

Adopted in England Recently—Handicapping Has Proven a Farce, It Is Said.

London, July 9.—The minutes of the meeting of the Jockey Club, held July 1, have just been published. At that meeting the Jockey Club adopted a rule that "No weight shall be allotted to any horse in a handicap until he has run three times in the United Kingdom." The minutes show that Lord Durham, in a long speech, proposing the new rule, cited numerous cases, mostly American, in its support.

He considered that the training and running of American horses this year had been absolutely above reproach. It was not the fault of the owners of the horses, or the jockeys, that the handicapper did not know how to weight the horses, but the fault of the Jockey Club, because it allowed handicappers to adjust weights for horses they had never seen.

Handicapping a Farce.

In his opinion, the American horses this year had been strongly and wonderfully handicapped. He then instanced numerous cases, in which, he said, handicappers had either taken the American form or had merely guessed, and he declared that he regarded this kind of handicapping a pure farce.

Lord Brassey, Mr. Rothschild and others opposed the rule. They thought the fact that the handicappers had been lenient did not justify the new and troublesome rule. Sporting Life also strongly opposed the rule, which still needs ratification at the next meeting of the club.

At a special meeting of the Glasgow district committee, was asked to insist on a deputation being received by the prime minister and Mr. Lloyd-George to urge the claims of the Glasgow unemployed. There are no statistics as to the actual number of men out of employment in Glasgow, but the number is estimated at 60,000 to 65,000.

The golden jubilee of the Rev. Mother Magdalen was celebrated at the Presentation Convent, Galway, on May 17, commemorating the 50th year of her profession.

GOSSIP OF THE RACES

Ideal, the Hamilton pacer, well-tempered by Jack Rombough, had no trouble in the fast pace of yesterday, marching away with the event in straight heats. He was first in the event fast enough to stretch his neck. He's a nice-going chap, and will stand some beating.

One of the surprises of the 2:21 pace was the fine showing of Wilhelmnia, the London wiggler. In the first heat she was sixth, owing to the fact that her hopples broke. After that she was right up with the leader, and at all times had speed enough on tap to stand off any attempts to head her. She behaved well, and looked like some racehorse. Minor drove a good race, too.

One of the prettiest finishes of the day was that made by Kneff Knoff, the New York mare, in the third heat of the 2:21 pace. The one was just behind when the stretch was entered, but Burnham cut her loose to get fourth money, and the way she ate up the ground was a caution. McDonald gave Planet a hard drive, but the mare just nipped him at the wire, and got the change. Kneff Knoff is a nice-going mare, and showed a world of speed on several occasions during the race, but she was always out of the early pace, and could not get better than fourth money.

Fairview, a half-sister to Ideal, both being by Arbutuskan, paced a very consistent race, finishing fifth on three occasions. That was not bad.

In the slow pace, Nettie Powers was the real thing. After the first heat, she went to the front, and making her own pace, won handsomely, with something left at the end of each trip. She is a sweet-going, nice-mannered, honest little thing, and the win was popular. Charley Barrett looks to have a good one here.

Colonel M., the big gelding, owned by John Mero, of Tillsonburg, had the speed of his party, but his manners were not good, and after winning the first heat, he was way back the rest of the time. As mentioned before, he is a very big rangy horse, and had great difficulty in making the turns on the track. On the straightaway he had the speed, but he danced on the corners. From his size and speed, he should make some noise down the big line in a year or two. At the present time he is not ready, being rough-gaited and not well-balanced.

Art Bedford has another handsome little chap in Tomozo, and from appearances he will make some racehorse when finished properly. Yesterday he was a bang-up second in three heats in the 2:24 pace, and showed a turn of speed all the time. He is a very handsome horse, and was popular with the crowd. He will hear watching.

The track is improving all the time, and yesterday was fast. When The Bel starts this afternoon, it should be very fast, and it will not surprise horsemen if he goes the mile close to 2:04. The Canadian half-mile track record is 2:05 1/2, made at Stratford this season by The Bel. He will beat that.

Esther E. swerved badly in the stretch in the second heat, and shut Lady Belmont out of any chance for bettering her position. Bosenberry was called into the stand and was

GOSSIP OF THE RACES

asked by the judges to explain the drive. He maintained that it was not his fault, but it was decided to penalize the mare for her bad acting, and she was shot back to fourth, with Lady Belmont third. Bosenberry made a fine drive with her in the last heat, getting second place and fourth money.

Dan McEwan did not have a mount in the races yesterday. Jack Rombough won his first race of the meeting without much difficulty.

Ed. Baker, of the Canadian Sportsman, arrived last night, and will take the races today. He speaks highly of the recent Canadian circuit meet, and says it is the best in the history of the association. A fine lot of new horses have been shown.

Willow Plume was left standing in the one and one-eighth mile dash for gallopers. It certainly was not the fault of the starter, as he was very patient, and he kept the crowd waiting long enough. Willow Plume was executing a wild dervish turn all afternoon, and there was no option but allow her to finish it out alone.

So far, the harness events have looked good, and there have been no complaints of crooked work. The best horse has generally won and with the exception of laying up a heat or two, the drivers have gone after the coin. The gallopers do not look so good, and there was a well-developed kick on one or two heats. The boys should be informed that if they do not ride to win there would be trouble. A nice stiff fine would help some.

The crowd yesterday was very fair, but not up to expectations, and not as large as the merits of the meet deserved. No better racing has ever been furnished the citizens of London, and it should be appreciated. The attendance today should be very large.

There were visitors present yesterday from Toronto, Strathroy, St. Thomas, Chatham, Windsor, Sarnia, Wingham and many other places. The fact that there have been no reduced rates on the railroads has kept down the attendance somewhat.

There will be racing on Saturday. The association have made arrangements for five races, and they are all well-filled. A carload of horses will arrive in the city today, and there are more to follow.

There were the daily breakdowns yesterday. Von Bulow pulled up very lame in the runs, and will go back to the hack driving business.

Stoneman is a good racehorse, and the class of the party in the runners. He has won regularly.

If the racing is not a success it is not because the officials are not competent. D. Lowery, Sarnia; H. J. Conley, Toronto; and Dr. Routledge, Lambeth, are most competent judges, while Geo. H. Miles is a starter of reputation. Fred Hallam, as acting secretary, is a hard worker, and keeps everything running as smoothly as possible. There are few complaints, and he handles them well. Dr. Routledge, Aid. Donald Ferguson and Arthur H. Brener are doing their part, and the fine racing is due to their efforts. It's a great meet, and the boys should get credit for it.

BUFFALO BISON LOSE TO ROYALS

Dropped the Game at Montreal,
though Thirteen Players Reached
First—Score 2 to 1.

(Special to The Advertiser.)

Montreal, July 8.—After missing many opportunities the Buffalos lost to Montreal today by one run margin. Ten Bisons stranded on the corners and in four different innings there were a pair of anxious runners on the bases waiting to be brought in, but the much-needed hit was not forthcoming. In every inning except the second and the seventh one or more Buffalo men got on, but the only one to get around was Brain, in the sixth, when he was passed, stole second, reached third on Flanagan's hit and counted on McAllister's out. Yeager to Cockhill. Altogether thirteen Buffalo players reached first base. Score:

UMBRELLAS INDISPENSABLE.

To the visitor in Paris a hat is rather necessary in winter and a backer is desirable, but an umbrella is indispensable. Parisians would be less surprised to see an umbrella person than to see a person going without an umbrella. Only idiots and feeble-minded ever do it. In Paris they do not have a commissioner of insanity to test the sanity of people. They wait until there is a sunny winter day, they have one every three or four weeks—and then they send the suspect out for a walk in the sun. If he goes without an umbrella they put him in an asylum. They know he is crazy. They don't think so, they know it.—Putnam's.
