

LONDON HUNT HELD RECEPTION

Entertained Farmers Over Whose Lands They Ride With the Hounds.

A SPORTS PROGRAMME

Was Successfully Carried Out at the Kennels—Some Speeches and a Generally Good Time.

The London Hunt Club yesterday afternoon entertained the farmers and their families of London Township, over whose farms they hunt, at the Kennels, yesterday afternoon, and a very pleasant time was spent. A dainty luncheon was provided by the Hunt Club, after which a programme of sports was carried out. There were many interesting features of the day's sport, the novelty race providing the most amusement for the visitors.

A Tug-of-War.

The tug-of-war between two teams, one from farmers east of Adelaide street, and the other of farmers west of Adelaide street, created plenty of excitement, the men from the east, under Capt. Guest, winning in straight draws.

Visitors Welcomed.

Hon. Adam Beck, master of the hunt, welcomed the farmers to the Kennels as the guests of the London Hunt Club. For 25 years, through the kindness of the farmers, the Hunt Club had enjoyed the privilege of riding to hounds over their farms, and the best of feeling and goodwill had prevailed. It was a pleasure on this occasion to welcome the farmers and their families to this gathering, and he hoped that it would prove as enjoyable to the farmers as it had to the Hunt Club. The hunting season will shortly commence, and it promised to be a successful season. It was expected that a much larger number would ride this year, and if the kindness of the farmers continued he anticipated a steady growth in the number of the riders.

The Club Abroad.

Mr. Beck referred to the success of the London Hunt Club abroad. Once they had won the championship, and this year they took second place, a high honor in such a show as the International Horse Show. It meant a compliment to the Dominion Government in sending the horses to London, and paying the expenses of the riders. This is as it should be. Captain Young, Lieutenant Leonard and Lieutenant Proctor had done honor to this country by good sportsmanship and fine riding. The horses were counted among the best at the show, and it was no small honor for the London Hunt Club to possess the finest hunter in the world. He thanked the farmers for being present, and hoped that there would be many more such pleasant afternoon's sport.

On Behalf of the Farmers.

Mr. J. McMillan made a brief reply on behalf of the farmers. He declared it was always a pleasure to meet the members of the London Hunt Club, and there would be a continuance of the pleasant relations that had existed now for a quarter of a century.

"We have had a good time, and we thank you for it," said Mr. McMillan. Mrs. Beck presented the prizes to the successful contestants in the several events.

Exhibition of Jumping.

An exhibition of jumping was given by the Olympic champion, Sir Edward, ridden by Tom Smith. Although he had not taken a fence since coming from England, the exhibition was splendid. He was greatly admired.

The Prize Winners.

The prize winners were: Married ladies' race—1, Mrs. Wyatt; 2, Mrs. W. Steinhoff. Long jump—1, C. Legg; 2, L. Smith. Novelty race—1, L. Smith; 2, C. O'Brien. Three-legged race—1, Knappin and Smith; 2, Knappin and McComb. Men's race—1, J. Guest; 2, W. Little. Single ladies' race—1, Miss J. McEwen; 2, Miss M. McEwen. Those in charge were: Hon. Adam Beck, Hugh Niven, Dr. Hogg, Jack Smallman, Jack Leblond, Geo. S. Gibbons and others.

PASTOR DISAPPEARS

Rev. Carl S. Jones, of Detroit, Cannot Be Located.

Detroit, Aug. 20.—Rev. Carl S. Jones, associate pastor of the North Woodward Avenue Congregational Church in this city, has disappeared, leaving nothing to explain the mysterious fashion in which he dropped out of sight, after preaching a sermon at his church, on Aug. 1. His relatives, who made public today the fact of his disappearance, think that hard work may have unsettled his mind.

WESTMINSTER NOTES

Summer Guests Getting Home Again—Fire on the Fifth Concession.

Mr. Robert Batsy has returned home after a two months' stay in the west. His many friends are glad to see him again.

Services were conducted in the churches here on Sunday by Rev. Thomas Wearling, B.A., of McMaster University Toronto. His services were greatly enjoyed, and generous contributions were made for the temperance cause.

Mrs. Thomas Grieve is still in Victoria Hospital, where she underwent an operation some time ago. We are glad to hear that she is improving nicely.

Rev. Dr. McCrae returned this week from Lake Huron Beach, at Pleasanton, where he has been spending a pleasant vacation. Dr. McCrae will occupy his own pulpit next Sabbath.

Miss Marie Murray, of Niagara Falls, is spending the summer at the home of her grandfather, Mr. Peter Murray, of Wilton Grove.

Early Wednesday morning fire was discovered in the home of Mr. Tink, on the fifth concession. The flames had gained considerable headway when the alarm was given, and little could be done to save either the building or the contents.

The origin of the fire is unknown. Mrs. George Elliot is spending a few days this week with her mother, Mrs. Lind, of Colborne street, London.

Mr. Addison Warren, of Detroit, is spending a brief holiday at the home of Mr. Adam Nichol, Glenora street.

On Tuesday night Mr. George Laidlaw had thirteen sheep worried by dogs. The people of Westminster appreciate very highly the enterprise of the Advertiser in arranging for the delivery at the station of the last edition of the paper. The Advertiser is very widely read in Westminster.

PEOPLE WANT POLES REMOVED

Move to Improve a Pretty Avenue in North End of City.

HORTON STREET WALKS

No Tenders Were Received For the Removing of Them—Row Over a South London Walk.

There was considerable routine business up for transaction at the meeting of the board of works last evening.

Mr. J. Fritz Beck and Mr. W. G. Murray, representing the residents of Bridport street, appeared before the committee and asked that the poles be removed from that thoroughfare.

"There is a 19-foot lane at the rear of the street, and we thought it would be just as suitable to the companies if the poles were placed in the laneway," said Mr. Murray. "We would like to have the street free from poles, if it is possible to do so."

Costs Money Now.

"It is a pity that this request was not made before the poles were erected," said City Engineer Graydon. "We might have managed them. Now it will cost considerable money to remove the poles and string the wires, and it is not likely that the companies will agree to it, unless all expenses in connection with their removal are paid by the residents of the street."

"Mr. Graydon had better obtain figures as to the cost of moving the poles and then we will know what we can do," said Ald. Cooper.

This will be done, and if the cost is reasonable the poles will likely be moved, the owners of the property to bear the expense.

Sewer Blocked.

Mr. H. Gramlich, of Emery street, complained of his sewer being plugged up. This is the same sewer that has caused trouble for some weeks, and was flushed out some time ago, and Mr. Graydon is of the opinion that the trouble must come from the side drain. He will investigate and remedy the mistake.

Mr. A. Swazley, of Sussex avenue, appeared before the committee and asked them to grade and gravel that street. Mr. Graydon will look into the matter and report.

No Tenders.

No tenders were received for the removal of the walk on Horton street, and this question was laid over. It will be necessary to remove six gulleys, if the walks are to be moved, and the cost of this work will also be found out.

It was decided, on the petition of Mr. C. E. Howard, to lay a cement walk in front of his residence, and a plank walk in front of his father's residence on Adelaide street south.

Cement Walks.

Petitions for cement walks on east William street, between Grovesnor and St. James streets, and on east Edward street, between Briscoe and Langarth streets, and for a sewer on Adelaide street, between Pictorial and Oxford streets, were found to be sufficiently signed, and will take the usual course.

Row Over Walk.

A petition signed by T. Knowles, against a sidewalk on north Weston street, was found to be sufficiently signed, and it created quite a storm.

It seems that for some time the residents of the street have been trying to obtain a walk, but have been hindered. The members of the committee thought they were entitled to a sidewalk, and on motion of Ald. Saunders it was decided to build a plank walk on this street, to be charged to Mr. Knowles.

Damages for Trees.

Mr. S. F. Griffith, on behalf of Mrs. E. B. Griffith, asked for damages for cutting down trees in front of her residence, 687½ Dundas street.

"This was done when the late Parks Commissioner Pearce was alive," said Ald. Rose. "I do not see what we can do now. We had better allow our engineer to report on it."

That there were no conveniences for women in the Patrick cigar factory in the East London Town Hall. As the finance committee rented the hall, the communication was sent to that body.

The boiler inspection report on the city hall boilers showed them to be in first-class condition.

Ald. Engineer Graydon will report on these matters.

Those present were: Ald. Gerry, Chairman; Ald. Saunders, Ald. Rose, Ald. Cooper, City Engineer Graydon, and Secretary Wright.

A Warcloud Hovers Above Bolivia

Washington, Aug. 19.—The state department learns that Peru has served an ultimatum on Bolivia concerning the acceptance of the award made by the president of the Argentine Republic in the arbitration of the settlement of the boundary dispute between Bolivia and Peru.

Peru gives Bolivia until today to either accept or refuse to accept the decision of the Argentine arbitration. What Peru intends to do if Bolivia refuses is not known here. A severance of diplomatic relations would naturally be the first step. There is no news definitely to indicate what course will be followed by Bolivians, and there is a strong organization in that country

violently opposed to its acceptance. It has been understood that President Villazon, who took office at La Paz last week, is in favor of peace and conciliation, and for that reason it is thought likely that some adjustment will be reached. But it is further believed that if President Villazon accepts the decision which gives to Peru a vast area of territory, there will be serious internal troubles in Bolivia.

The Opposition in Bolivia is headed by ex-President Montes, whom Villazon succeeded. He is so strong that it was feared for a time that he might refuse to turn over the Government to the President-elect, Villazon, however, was inaugurated without trouble.

DRAY STAND WAS AGAIN TO FORE

Petition of Merchants To Have Teamsters Removed Was Again Laid Over.

NO VERY SUITABLE SITE

Can Be Secured To Place the Drays—Quite Evident That Aldermen Are Afraid of the Question.

The petition of the wholesale merchants on York street to have the draymen removed from that thoroughfare was the cause of a debate at the board of works meeting last night, but the matter was again laid over, the city engineer to report on a suitable site for the draymen to be located on.

There is, however, no likelihood, from the present attitude of the members of the committee, that they will be removed this year, or for some time to come.

When the question came up, Ald. Saunders suggested that the petition be sent to the council, and allow that body to select a site.

No Suitable Site.

"We have thoroughly looked the ground over, and while there are many reasons why the men should be moved, I cannot find a suitable place to put them," he said. "Until we have a suitable place, it would not be wise to interfere with them."

"What about the corner of Clarence and Bathurst streets?" said Engineer Graydon.

"I do not think that such a suggestion would be satisfactory," said Ald. Cooper.

"There are no residences there, and it would be handy to the M. C. R. depot," continued Engineer Graydon. "That is not at all suitable," said Ald. Saunders. "The street is bad, and there are many objections to it."

Shelve It Again.

"Why not lay the whole matter over until the new Grand Trunk depot is built?" said Ald. Cooper.

"You apparently want to get rid of it for all time to come," retorted Ald. Saunders.

Ald. Rose thought that the Grand Trunk would allow some of them to stand on their property at the rear of the station, and that would relieve the congestion somewhat.

"The company will not allow cabs in there, so I do not think they would countenance drays," retorted Engineer Graydon.

Laid Over.

"I will move that the whole matter be laid over next week," said Ald. Saunders.

"In the meantime the city engineer might report on a suitable site, and he also might have an interview with the superintendent of the Grand Trunk as to his views on it. We have no meeting of the council for two weeks more, so we can wait without doing any harm."

This suggestion was agreeable to the other members of the board.

WHITNEY MAY REFUSE TO GRANT A LICENSE

Metropolitan Racing Associating Place Ontario Government in Uncomfortable Position.

Toronto, Aug. 19.—The question of the rights of the Metropolitan Racing Association, the right of the Dominion Government to grant a charter, and the right of the Province to refuse to issue a license to confirm the charter so as to legalize the standing of the association in Ontario, are all questions which will be fought out by the Ontario cabinet when the Metropolitan Racing Association makes application for its license.

Foy May Refuse.

Speaking of the matter, Hon. J. J. Foy, attorney-general, stated that the "Dominion" had a technical right to grant the charter, and that in the event of the Province refusing a license there would be a direct conflict of authority. "There are," continued Mr. Foy, "conditions which to my mind the Provincial Government would be justified in making exceptions in the course which has been followed—namely, always granting licenses—and this may be one of those cases where the application should be refused."

To Control Betting.

In a letter two columns long, Hartley H. Dewar, K. C., the counsel for the Metropolitan Racing Association, takes up the defence of his clients, in which he states that the charter that has been granted does not permit the incorporators to carry on the business of betting or to make book. He says that the charter may be run upon the race-tracks of the association. Any authorization of such a business by the association or its directors would make the association amenable to the law. It is desired to limit and control betting to an extent that the law does not permit. It is not a matter which either the Provincial or Dominion Government has a perfect right to deal with, but it is not involved in the issue of this charter.

No Special Privileges.

"My clients advise me, and authorize me, as their counsel, to give this undertaking: If Sir James Whitney declines and cancel the provincial charters of the Ontario Jockey Club, the Hamilton Jockey Club and the Port Erie and Windsor Racing Province is so amended that these racing meetings and these track matters which are under the Provincial or Dominion Government has a perfect right to deal with, but it is not involved in the issue of this charter."
