

# The Campbellton Graphic

VOL. XXII. 18.

CAMPBELLTON, NEW BRUNSWICK, THURSDAY, NOVEMBER 6, 1919

5 CENTS A COPY

## J. & D. A. HARQUAIL COMPANY, (LIMITED)

CONTRACTORS, — PLANING MILL, — BUILDERS.  
DRY KILN, DOOR AND SASH FACTORY  
CAMPBELLTON, N. B.

**BEAVER BOARD**  
If you are building or going to complete some unfinished room, let us show you some colored samples, illustrating the beautiful color effects obtained by using this material and durable board for walls and ceilings in all classes of buildings.  
We carry a large stock in assorted sizes.

**MAIL ORDERS**  
We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the relation in which they are received, and customers are always kept on our list everything to be done to give prompt despatch.

**MAIL ORDERS**  
The Office is connected with the N. B. Telephone by two separate lines insuring prompt attention.  
Office Hours 8 A. M. to 6 P. M.

## LESS THAN HALF SUBSCRIBED

Must Get a Move on If Restigouche Will Reach Half Million.

While more than half the time for the Victory Loan drive is passed, the amount subscribed for up to last evening was only \$210,700 or less than half the quota set for Restigouche. Unless things are speeded up during the remainder of the drive there is little hope of Restigouche winning the German field gun.

However, do not be down hearted. Restigouche has always a way of her own of coming in successful on the home stretch.

The subscriptions from each district so far are as follows:

Town of Campbellton	\$172,400
Parish of Durham	9,000
Parish of Colbourne	9,100
Parish of Addington	450
Town of Dalhousie	19,500
<b>Total</b>	<b>\$210,700</b>

## BRIAND TELLS DIFFERENT STORY

Says He Did Not Beat Foreigner Only Struck Him One Blow.

Briand the Douglastown, P. Q. resident who was shot four times by a foreigner, a storekeeper, at Douglastown was discharged from the Hotel Dieu hospital Tuesday and to a Graphic reporter related the particulars of what led up to the shooting as published in the Graphic last week.

Briand said that he went into the store to buy a heavy mackinaw coat. He looked at one and asked the price and was told \$18.75. He said he would not pay that price, that the storekeeper was robbing the poor fishermen by asking such a price.

The storekeeper took offence at being called a robber, and ordered Briand out and he said he would go. The foreigner followed him towards the door and Briand fearing an attack wheeled around and gave him a back-handed blow in the face, knocking him sitting down on the floor. He did not offer to hit or kick him, but started towards the door when he heard a shot, quickly followed by four others. The first two hit him in the right and left shoulders, the next hit him on the side of the head, while just as he was running out the door the fourth hit him on the arm, breaking it. When the fifth shot came he was well outside.

The man who did the shooting has been arrested and awaits trial.

top of Fairview Mountain, that the baby's name was Frances Virginia, and that the mother some day would call for the child.

## DIVIDE PROVINCE INTO AREAS

Chief Inspector Wilson Suggests Appointments of Assistant Chiefs.

In order to do away with a great deal of overlapping in the administration of the prohibition act in the province and to make the act more easily and more satisfactorily carried out, Rev. W. D. Wilson, chief inspector, has suggested to the provincial government that the province be divided into sub-districts, each under an assistant chief inspector who would be directly responsible to the chief inspector. Each of these assistants would look after the various inspectors in his own district, allotting to each the area in which he would function and generally supervising the work.

At the present time all the inspectors, even in the most outlying and inaccessible districts, are directly responsible to the chief and he is called upon at times to visit these places when necessary demands. The new plan suggested is intended to have the assistants carry out this work, except where the presence of the chief inspector is desirable.

## USE OF THE NAVAL FLAG.

An order under date of Oct. 2nd has been issued by the Lords of the Admiralty, London, prohibiting the use of the White Ensign or Naval Flag by any private person either ashore or afloat, and that this flag shall be flown only by His Majesty's ships, naval establishments or naval barracks; therefore any one now flying this flag does so unlawfully and is liable to a penalty, as it is and has always been a naval flag only. The Union Jack, of course, can always be used by any person ashore, but cannot be flown by any vessel except His Majesty's ships.

## YOUNG-ADAMS CO. COMING

Will Play Here Next Week commencing Monday—Warmly Welcomed.

Coming to Campbellton for three nights, commencing Monday, Nov. 10th, with a change of programme each night, the H. Wilmet Young & Marjorie Adams Co., with a strong company of players will produce with correct scenic equipment three of the latest and best New York City successes.

It has been sometime since this favorite company has appeared here, and many pleasant memories linger in our theatre going public minds of the excellent performances that Young & Adams were wont to produce.

This season bigger, better than ever their repertoire consists of "Secret Service," a splendid romantic drama of the present day, with plenty of exciting climaxes and thrills, "A Butterfly on the Wheel," a society drama dealing with the Eternal Triangle. "All of a Sudden Peggy" and you will all love "Peggy" with the merry comedy that enthralls. Miss Adams is the title part. Every production is correctly staged and costumed and High Class Vaudeville between the acts, changes each night are features.

Young & Adams will be here for three nights only, commencing, Monday, Nov. 10th, and this opportunity should not be missed for it will be a treat.

## MILK SCARCE IN CAMPBELLTON

Children Actually Suffering for Want of This Necessary Food.

Whether the unusual dry spell has anything to do with this matter, there is certainly a great shortage of milk in Campbellton at the present time. Something should be done to relieve the situation. It does not seem right that the well-to-do can buy all the cream they want, that ice cream is being sold in abundance, but citizens, particularly young children cannot get a sufficient supply of milk even though they are willing to pay the price, 14 cents per quart for same.

We do not know what steps are necessary to correct this matter, but something should be done at once.

## MUST PAY FOR SINKING INTERMED FLUET.

According to a Paris despatch, The Supreme Council has decided to force Germany to sign a protocol guaranteeing she will carry out the terms of the armistice. This will be attached to the original treaty as soon as it can be executed. The council also asked inter-Alleed naval experts to prepare a plan by which Germany shall reimburse the Allies for sinking the intermed German fleet at Scapa Flow.

## BANK SAVINGS \$150 PER HEAD

Canada in Position to Lend Four Times More Than Victory Loan Objective.

The success of the Victory Loan should be overwhelming. With savings bank deposits, amounting to \$30,000,000 and the co-operation of depositors and bankers Victory Loan workers have good material upon which to work.

The figures are taken from the official statement of the Canadian chartered banks issued at Ottawa. They show another good increase in savings bank deposits, amounting to \$30,000,000 over September 1918.

The savings of the people are quite apart from the commercial balances. They represent the thrift and economy which Canadians are practising in view of the Loan campaign, and it is eminently satisfactory to find that they work out at over \$150 for every Canadian man, woman and child or over \$75 per family.

As indices to prosperity and industry \$1,227,000,000 in savings bank deposits are eloquent, indeed.

## ARE CONGRATULATIONS IN ORDER?

Has the genial Lieutenant Governor of New Brunswick been knighted without the fact becoming known in his native province? This question is asked because the Montreal Gazette, a most reliable newspaper, on Monday published the following item in a despatch from Ottawa:

"Sir William Pugsley has arrived in town from St. John, N. B."

On the same day, the Ottawa Citizen, also a very reliable paper, published the following item in its personal column:

"Sir William Pugsley, the lieutenant-governor of New Brunswick, is here for a week and with Mrs. Pugsley, is staying at the Chateau Laurier."—St. John Globe.

## DISOBEYED HIS INSTRUCTIONS

Did Not Run at Full Speed As Ordered by Admiralty Board.

London, No. 4.—A parliamentary paper made public to-day, containing secret evidence in the inquiry into the sinking of the Cunard liner Lusitania, shows that Captain W. T. Turner, of the Lusitania, admitted that he disobeyed the instructions of the Admiralty in steaming only at the rate of 18 knots an hour.

The captain testified, however, that had he gone faster the Lusitania would have reached the bar at Liverpool before the vessel could cross it, owing to tidal conditions.

Captain Turner also testified that he had not steered a zig-zag course at full speed as the Admiralty had ordered because he thought this order applied only when a submarine had been sighted.

It was contended by Captain Turner that, although he had been warned by the Admiralty to avoid the shoals, he was justified in coming within ten miles of Old Head of Kinsale, near where the Lusitania was torpedoed, in order to find this position. If he had remained longer out of sight of land, he declared, the weather might have become foggy, and he would have been worse off.

Captain Turner claimed that the course he steered was far enough from land, if he was not exactly in mid-channel. He was trying his best, he said, to follow the Admiralty's instructions, but his aim was to find land. Had he run into a fog without doing this, he asserted, he might have run ashore.

## HALLOWEEN DESTROYED.

REVENUE  
Ringing the church bells Halloween seems to be one of the usual pranks, and that in itself is not so bad, but when the bells are rung when the streets are light to fall to the street and break, costing from \$25 to \$50 to repair, the police should take a hand in the matter. This is the second year that this is light in front of the Baptist Church has been destroyed.
