TOWN COUNCIL MEETING MONDAY

Coun. Belle-Isle Wants More Time to Consider His Motion.

A meeting of the Town Council was held in the Firemen's Hall Monday evening. His Worship Mayor McCay presiding. There were present Couns. Wallace, Belle-Isle, Patterson, Moores, Chamberlain, Bissett, St. Onge and Duncan.

The minutes of the previous meeting were read and confirmed.

The clerk read a communication from the Canadian Municipal Journal quoting \$2.00 each for nine yearly subscriptions, or \$18.00 for a subscription for the Mayor and Councillors. The communication was laid on the table.

The St. John County Hospital wrote Miss Walker stating that they were surprised at the stand taken by the town. Miss Walker had been admitted upon the request of a former mayor. They felt sure of their ground and would take action to collect the account if not promptly paid. The matter was referred to the Town Solicitor.

Messrs. J. & D. A. Harquail Co. wrote in reference to tenders for cement. Their firm had not been asked to tender. They quoted \$4.75 per barrel f.o.b. Campbellton with the usual rebate for empty bags returned.

The letter was laid on the table. The Solicitor wrote that he had been instructed by Mr. Yorton to prepare deeds of street through his property. The only condition was that the town attend to the moving of any buildings on said street. The matter was referred to the Public Property & Streets Committee.

Recommendation was made for the granting of several trucking licenses and two pool table licenses.

The usual departmental accounts were ordered paid. Coun. Wallace reported re C. Nelson's account for horse hire. He said the Street Commissioner held to his statement that the horse was procured for its feed and Mr. Currie, the former chairman of the committee stated that such was his instructions to the commissioner. Further time was given to procure additional information.

Coun. Moores reported that he had written to Hon. Dr. Roberts in reference to milk and meat inspectors, but had as yet received no reply.

Chairman Patterson of the Police & License Committee read a lengthy report of the Chief of Police, which was ordered placed on file.

Coun. Belle-Isle said he was glad to see one department submitting a report. Ever since the present council had been elected they had been trying to get departmental reports without avail.

Coun. Duncan of the Finance Committee reported that an offer of \$9 had been received for the balance of the unsold Fire Station Bonds, as well as for the new issue lately authorized and resolutions were adopted authorizing the issue and accepting Messrs. J. M. Robertson & Sons offer for same.

Coun. Wallace said that the town of Campbellton should be complimented upon its success in selling these bonds. The price was higher than most towns bonds were bringing.

Coun. St. Onge reported that the cost of the Minto Street sewer was for 100 feet \$3296.00; the Water Street sewer, 1100 feet, \$5017.00; and a new outlet at the subway, \$740.00; a total cost of \$9053.00.

Coun. Wallace moved that tenders be asked for the laying of these sewers.—Carried.

Coun. Wallace submitted deed of Lansdowne Street extension through R. L. Duncan's land. He said that Mr. Duncan should have a vote of thanks of the council for his promptness in giving deeds of street. In all he had given land to a value of over \$8,000 of street.

The deed was ordered handed to the town solicitor.

Coun. Wallace stated that Mr. Richard Smith was very anxious to have the water extended to his lot on Arran Street. If it was too expensive to put in water and sewerage perhaps a temporary arrangement could be made.

Coun. Duncan said, why discuss the matter of extension of water to supply one house when there were streets in Ward III with twenty or thirty houses anxious for water. Let us care for them first.

Coun. Wallace moved that the Supt. of the Water and Sewerage Department be asked to make an estimate of cost of water and sewerage extension along Lansdowne street and a temporary service to Mr. Smith on Arran Street.—Carried.

Coun. Belle-Isle wanted to know the

JOHN PETERS DROWNED SAT.

Was Driving 'Logs for F. X. St. Laurent at Whites' Brook.

A particularly sad and drowning accident occurred on Saturday last when John Peters of St. Alexis, who was driving logs for F. X. St. Laurent on White's Brook met a watery grave. Full details of the sad affair have not yet been received here.

The body has not yet been recovered and some feel there is little likelihood of it being found for sometime, the brook at present being exceptionally high.

NEW CARLISLE.

We are sorry to relate the death of Mrs. Mitchell, wife of Mr. J. B. Mitchell, of the Railway Office Staff.

Mrs. Mitchell has been a great sufferer for the past year or more, but bore her illness with wonderful patience until the end which came Saturday, about 10 a.m., when her spirit took its flight.

She leaves to mourn her loss a sorrowing husband and three children, one being less than one year old.

The funeral took place Monday the 2nd at 3.30 p.m. in the Presbyterian cemetery. A short service was held at the house by the Pastor, Rev. J. F. McCurdy who also gave a very touching address in the church, taking for his theme "John" 15-2: "And every branch that beareth fruit he gathered it that it may bring forth more fruit." A large assembly had gathered to pay their last tribute of respect to the departed and to show their sympathy for the bereaved family.

need of giving the superintendent all this work when there was no money to do the job.

Coun. Wallace said that there were ways of raising additional revenue if the Council would look for them. He said there were hundreds of water meters which should pay a special water rate. Then there were hundreds of dogs, which paid no tax.

Coun. Bissett called the council's attention to the fact that it was illegal according to the bylaws to operate a water motor of any kind.

Coun. Wallace moved that the chairman of the Education and Improvement Committee be authorized to have a flag pole erected at the Fire Station.

Motion lost.

A motion to adjourn was put and voted down.

Coun. Belle-Isle said in reference to his notice of motion, (a copy of which was printed last week) that though the improper interpretation of same, and the shameful attack made upon him in a local paper, a great storm had been aroused. When he had made the motion he was under impression that if the motion as called for were not delivered before May 1st, they could not be made effective until July 1st or thirty days from serving notice on or before June 1st. He had since learned that one month's notice could be given to the employees at any time.

The council wants better management in the different departments. This was what he was working for. The Electric Light Department is not giving us the return it should because the expense is too high. Other towns were running plants with two or three less men than Campbellton and getting efficient service. The employees at the power house are not hard worked. He could not understand why with the old steam plant handsome returns were made, whereas under the present expensive gas producer plant we were going behind. He had been out of town for several days and there were several matters he wished to look into before pressing this motion and asked for an extension of time until next meeting.

Coun. Wallace said that in seconding the motion he thought he was working in the best interest of the town. He did not think it was such as to create the storm of last week.

Coun. Patterson said that he did not think it was fair to the old trusted employees of the town to be treated in this way. If there were any irregularities let the council investigate them and if proven it would be time enough to serve notice. If that motion goes through he would resign and let the council deal with the issue.

Coun. Bissett said that it was useless for him as chairman of the Electric Light Committee to explain why running expenses had climbed. He had done this several times. He was convinced that certain Councillors were after some one in the Electric Light Department but were not men enough to come out in the open.

Cries of order and His Worship called the councillor to order.

The Council then adjourned.

THEATRE CROWDED FOR EACH MEETING

Rev. Mr. Kenyon and Party Creating Great Interest in Work Here.

The Evangelistic Services now being held in the Imperial Theatre are of an exceptional character.

The three musicians, two of whom are blind, are versatile and expert in their work on piano, trombone, clarionette and as vocalists of charming effect.

Professors Fletcher and Duffy move about the stage almost as easily as if they were men of sight. No one, however can miss the contagion of their whole-souled enthusiasm. To Miss Willie, the audience listen with evident delight for her clear enunciation, transparent sincerity and trained ringing voice, place her in high position amongst christian soloists.

The main personality, is of course, Rev. E. W. Kenyon, a personality, indeed. Nothing of the ordinary type of him. Fearless to a degree, yet sympathetic when needed, a student of long years, a preacher eloquent, a man who knows both sides, Mr. Kenyon will certainly leave his mark on Campbellton as on Fredericton, St. John, Moncton and that is all to the good of the town.

HERE AND THERE

Praise Your Home Town.

The ash heaps are disappearing. Great house cleaning weather. Too many hens are running at large. Time is at hand for storm windows and doors to be taken off.

Clean up! Brighten! Rake up the winter's accumulations.

The man who knocks his home town is usually a failure himself.

The only vice shunned by some young people these days is ad-vice.

A fool is born every minute, but the auto accidents even things up.

Famous words of famous women.

"Shhh! You'll wake the baby."

Our greatest need today is for more home-builders and less home-wreckers.

NEW CARLISLE VOTES WET

Wets Made Strong Fight And Won—Retail Stores to be Limited.

Quebec, Que., May 4.—A report from New Carlisle, Bonaventure County, states that the referendum in that place for the repeal of the Scott Act was won by the "wets," who, according to prohibition sympathizers, were out with all manner of conveyances to bring in their supporters and voters.

The report says that an effort is being made for the establishment of retail stores for beer, but adds that the citizens of New Carlisle are trusting the council to restrict distribution by the establishment of only one retailer.

ASKING TO REDUCE RATES.

St. John, N. B., April 27.—A mild sensation was caused at the session of the New Brunswick Public Utilities Commission here this morning when an application was presented by the Bathurst Electric Light and Power Company for permission to reduce rates, and asking the board to approve a schedule submitted. An order was made returnable here on May 25th when the application will be considered. H. C. Ramsey appeared for the company. This first application for reduced rates that has been presented to the commission for some time.

OBITUARY.

Miss Elizabeth Ryan.

An old and respected resident passed away on Saturday morning, April 30th, in the person of Miss Elizabeth Ryan, aged seventy-eight years. Deceased had been in good health up to a week before her death, when she contracted a heavy cold. Miss Ryan was born in Campbellton in 1843 and has resided here ever since. She was beloved by all who knew her for her kind disposition. Our sympathy is extended to her brother Mr. John Ryan of Campbellton and the sisters who are left to mourn.

Her funeral took place on Monday morning, May 2nd, Rev. Father Melanson officiating. Interment in the R. C. Cemetery.

NEW SHERIFF FOR ROUQUETTE CO.

Stanislaus Blanchard of Dalhousie Has Been Appointed Sheriff.

FREDERICTON, May 4.—Publication in the Royal Gazette today of the list of sheriffs appointed for the various counties of New Brunswick for the ensuing year from May 1st, reveals the fact that Sheriff Craig of Restigouche has not been appointed. He is succeeded as sheriff of Restigouche by Stanislaus Blanchard. Otherwise the line of sheriffs remains unchanged.

NORTH SHORE BASEBALL LEAGUE

Preliminary Meeting at Bathurst, Wednesday Night.

Newcastle, April 28.—The preliminary meeting for the purpose of organizing a North Shore baseball league, with teams from Campbellton, Bathurst, Nelson, Chatham and Newcastle, was held at Bathurst last night. Delegates were present from all towns except Chatham, and it was decided to proceed with the organization. A further meeting was called for Newcastle on Wednesday next. The season will open May 24th.

FAMOUS INVENTOR WILL VISIT TORONTO

Toronto, May 3.—Dr. Weizman, of London, Eng., President of the World Zionist Organization and inventor of T.N.T., the high explosive which was made in huge quantities in Canada during the war, is expected to arrive in Toronto from Ottawa on Friday morning. He will be tendered a reception Friday morning by Premier Drury at the Parliament Buildings and a civic reception in the afternoon at the City Hall.

Dr. Weizman will be given a dinner at Hart House Saturday by Sir Robert Falconer, President of the University of Toronto. He will address a mass meeting at the Arena on Saturday night.
