HOW MRS. BOYD AVOIDED AN OPERATION

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well.

"My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. MARIE BOYD, 1421 5th St., N. E., Canton, Ohio.

Sometimes there are serious conditions where a hospital operation is the only alternative, but on the other hand so many women have been cured by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, after doctors have said that an operation was necessary—every woman who wants to avoid an operation should give it a fair trial before submitting to such a trying ordeal.

If complications exist, write to Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice. The result of many years experience is at your service.

Guide-Advocate

WATFORD, NOVEMBER 28, 1919

Hannibal did not use tobacco in any form.

Goliath absolutely declined to don D. V. B's.

Ghenghis Khan preferred the steps to the elevator.

Moses had an unconquerable aversion to motorcycles.

Doctor Johnson would not put his foot in an automobile.

Old Colonel Eve positively refused to wear corset-covers.

Peter the hermit never spent a cent for phonograph records.

Gustavus Adolphus would not patronize the parcel post.

Nero could not be persuaded to buy an electric fan.

CURRENT COMMENT

By the way, we should like to suggest that one of the first things the new minister of education should do is to abrogate that foolish regulation providing for the unnecessary "u" in words such as labor, harbor, honor, et cetera.—Goderich Signal.

It is estimated that the recent Provincial election and referendum cost not less than \$1,200,000. Not a great many years ago a poll was manned at a cost of \$6-\$8 for the returning officer, \$2 for the poll clerk, and \$1 for the constable. In the recent election these officials were paid exactly three times these figures, and as many of the polls had a double crew the cost was still further increased. The printing of the lists of voters also was a very heavy item.—Ex.

The Government is understood to be considering the abandoning the War Saving Stamp idea and replacing it with another one. The War Saving Stamp scheme has never been a success, for several reasons. In the first place, it was suggested in Canada because of the results which had attended it in the United States; but over there they had it under way while the war was at its height, and the people responsive. The Government is now understood to be considering a scheme to replace the stamps with Saving Certificates, leaving out the war idea. The new issue will bear interest at the rate of five per cent. and be non-taxable. Probably the sale of the stamps will continue until the end of the year so as to dispose of as many as possible of those on hand. The amount of the new issue has not yet been decided on.

One of the last acts of Hon. Dr. Cody as Minister of Education, was to complete arrangements with the University authorities to provide for joint examinations for matriculation and entrance to Normal Schools and Faculties of Education. Dr. Cody for some time past had been negotiating with the University authorities, with the object of reducing and simplifying the examinations required for high school pupils. The high schools in the past have been required to prepare candidates for two types and standards of examinations based on the same courses. By the new arrangement the work of the schools will be materially lessened, and the pupils will have the opportunity of qualifying at the same examination for entrance to the Normal Schools or the Faculties of Education and the Universities.

New express packing rules will go into effect on December 10th. The new rules will not permit the use of paper wrapping for packages over 25 pounds, nor ordinary paper boxes, wrapped, or unwrapped, when the weight of package is over that limit. For shipments over 25 pounds, wooden containers, or containers of fibre-wood, pulpwood or corrugated straw-board material are required. The cartons must be made of materials of specified "test strengths," similar to those required for the freight service, and the containers must bear the stamp of the manufacturers to certify that the material used is of strength required for the weight of the shipment carried in it. Shippers who wish to acquaint themselves with the new express regulations would do well to study these rules, copies of which may be secured at any express office.

A Standard Medicine—Parmelee's Vegetable Pills, compounded of entirely vegetable substances known to have a re-vivifying and salutary effect upon the digestive organs, have through years of use attained so eminent a position that they rank as a standard medicine. The acting should remember this. Simple in their composition they can be assimilated by the weakest stomach and are certain to have a healthful and agreeable effect on the sluggish digestive organs.

Farmers' Stationery of the finest quality, lower than city prices. Call and see samples and prices.

BUILD IT NOW

If You Need That House BUILD IT NOW

Your first peace-time work is the building of that new house you had to go without while the war was on.

Both labor and materials are available once more and a great deal of government building, state work and factory construction already is under way. Measure the amount of satisfaction and service your new home would bring and you'll want to get started at once.

The sensible thing then is to BUILD NOW and we have all the material to build the sensible way—framing, siding, trim, shingles, doors and Beaver Board—the manufactured lumber, knotless and crackless—for the walls and ceilings. Speak to us about it today.
