ill lated U. S. Steamer Missouri, is thus de -Augusta, Me, Banner. scribed in the correspondence of the Boston

frigate Missouri, after she took fire off Gr population of that city is now twenty six broltar, sonk in four and a half fathous of thousand five hundred. This is a very ra water; the week obstructed the shipping, pid increase—at a ratio of two thousand per Two well-known Englishmen, Messrs. Lovel A Double Dest. Two well-known Englishmen, Messrs, Lovel A Double Brick House Mored.—Quite a & Marshall, have been very successful in feat was performed yesterday, in the removal Marshall, have been very successful to raising wrecks, and they with their subordinates, risit various ports for this purpose.—
These contractors recently engaged to raise the wreck of the Missouri, on condition that they should receive one half the value of all the property recovered. Their proposition was accepted, and they commenced operations to August last. Their plan was to plank up the steamer to high water mark plank up the steamer to high water merk—
thus damming in the water and then after
wards pump the water out; by so doing it
was supposed the steamer would naturally
rise, and that she could then be easily taken

CANADA.—Some of the Quebec and Monashore. A vest quantity of timber was pro-cured from S. nyrna for this purpose, and at ter the planking was finished which was done by means of diving bells, a slow and laborious method, twenty two pumps were fixed office. welland Canal.—This work has been kindly offered to the contractors 600 men, belonging to the garrison, to assist them at the pumps, and also loaned 500 water but kets for other purposes. It was ascertained by the diving-bell that the wreck had become firmly imbedded in a hard sand;—after all the pumps had been working one hour, the water within the slinking had been reduced two feet, when the steamer righted a little, but in doing so a fresh leak was opened. The pumps were again actively worked, notwithstanding this new obstacle to the final success of the experiment, and the was well-and and the orderly and perseversnee of the continued with the usual vigor, and it may be now the pronounced out of danger—the holomy discounted by the diving-bell that them as secretained by the diving-bell that them as ascertained by the diving-bell that the was ascertained by the diving-bell that them as ascertained by the diving-bell that the was ascertained by the diving-bell that them as a scentimed with the usual vigor, and it may had been bear, the holomy divinged with the Cishier, on or belove rather on the may to be proudunced out of danger—the holomy divided to the gates, which will be hands until the Clowing discounted out of the gates, which will be hands until the Clowing bay, otherwise they may to the every bock, ready for the passage of all vesses at Landan,—Nov 4 Liverpool,—Nov 5 Montreal,—Nov 2 Mentreal,—Nov 2 Paris,—Nov 2 Paris, —Nov 2 The pumps were again actively works of the pumps were again actively works of the pumps were again actively works of the experiment, and the waster was by extraordinary exertions, reduced final success of the experiment, and the waster was by extraordinary exertions, reduced from which has anti-oried the sale of his stocks pumps was not sufficient to make any further resigning, after great efforts, the project was finally abandoned. The contractors, not at all discouraged, after an experimental outlay of \$15,000 are determined to make one more trial, and for this purpose they have ordered trial, and for this purpose they have ordered, our resources are exchanged to prevent the universal decay of business in the Welland Canal, with the proceedings of which he intends to found a scholarship our community. The fact is inactivity and the late Address of the Arch Bishop of Canada in competing for our commercial depression; and if we contractors, not at all discouraged, after an experimental outlay of \$15,000 are determined to make one more than and for this purpose they have ordered subscriber, we trust will be imparted to the none to the most Revid. Primate provided to enforce the nost Revid. Primate depositions and adopting towards each such a fine previous and the nost Revid. Primate provided to enforce the nost Revid.
