A VEGETABLE WONDER!

HENDERSON'S NEW BUSH LIMA BEAN.

Just fancy a Lima Bean growing only 18 inches high! Yet this is exactly what we offer in **HENDERSON'S NEW BUSH LIMA**. Every one knows that the old Lima can only be grown on poles, so that those who plant the **BUSH LIMA** will not only enjoy the same delicious flavored beans, but by dispensing with poles save an unsightly expense. Our **NEW BUSH LIMA** is not only as productive (single plants have borne as high as 204 pods) but it is also **TWO WEEKS EARLIER** than any of the Pole Lima Beans. Planted at corresponding time, it is ready for the table (around New York) in July, and bears in the greatest abundance until frost.

Price (by mail) 25 cents per packet, 5 packets for \$1.00, 12 packets for \$2.00 (12 packets sufficient for an ordinary sized family for the season). Directions for growing on each packet.

With every order for a single packet or more, will be sent, gratis, our superb catalogue of "Everything for the Garden" (the price of which is 25 cents), on condition that you will say in what paper you saw this advertisement. Club orders for FIVE or TWELVE packets can have the Catalogue sent, when desired, to the separate address of each member comprising the club, provided always that the paper is named.
