Doubt Whether Spraying Pays?

Test it: weigh an equal number of apples from sprayed and unsprayed trees, and convince yourself.

We build good Sprayers; pumps to meet the needs of the growers—the men who use them—not to please our own fancy. That's our business.

If you grow fruit you would be interested in "Spraying for Profit." You need it.

It doesn't cost you a cent. Drop us a line and it's yours.
