## A Chance to Make Money.

I have berries, grapes and peaches, a year old, fresh as when picked. I use the California Cold process, do not heat or seal the fruit, just put it up cold, keeps perfectly fresh, and costs almost nothing: can put up a bushel in ten minutes. Last week I sold direct ones to over 120 families; anyone will pay a dollar for directions, when they see the beautiful samples of fruit. As there are many people poor like myself, I consider it my duty to give my experience to such, and feel confident any one can make one or two hundred dollars round home in a few days. I will mail sample of fruit and complete directions, to any of your readers, for eighteen two cent stamps, which is only the actual cost of the samples, postage, etc., to me.
