

bicycles and canned goods. Mr. Larke speaks of New Zealand as an interesting field for the Canadian exporter. He hopes that at no distant date there may be a direct steamship service from Canada to Australia, and that there may be a preferential trade agreement with the Dominion.

The position of Dominion Census Commissioner has been offered to and accepted by Mr. Archibald Blue, lately the Director of Mines of Ontario. No better appointment could be made.

We feel quite assured that manufacturers, as well as the public generally, are well satisfied in the appointment by the Ontario Government, of Mr. Robert Glockling to the office of secretary of the new Labor Bureau. He is a man of decided ability, and in his hands the Bureau will undoubtedly become what it was intended to be.

A telegram from Ottawa states that a syndicate is being formed in that city with a capital of \$50,000,000, to control the output of lumber in the Ottawa valley and to regulate the prices thereof. The name of Mr. J. R. Booth is mentioned in connection with the enterprise.

American Trade says that Mr. W. J. Mathieson, a commissioner of steam railways from the Government of Victoria, Australia, with several other officials, is expected to arrive in the United States shortly. The object of their visit, it is stated, is for the purpose of placing orders for public undertakings, including machinery, supplies, etc. It is said that the expenditures will amount to all of \$1,000,000. Canadian manufacturers who desire to capture a portion of this Australian trade should take notice.

The Canadian Manufacturers' Association have sent us a very neat twelve page pamphlet containing a report of the delegates sent by the Association to visit the fifth annual convention of the National Association of Manufacturers of the United States, which convened in Boston in April last. It includes a synopsis of the address of Mr. T. C. Search, the president, and references to what he considered the leading features of the Association which he desired to have discussed; also references to other addresses, to the resolutions which were passed, and to the banquet at which many excellent speeches were made.
