

**Pork Packing.**

The marketing of hogs at United States western points the past week has been of surprising proportions, western packers having handled a total of 340,000, compared with 200, the preceding week, and 180,000 for the corresponding period last year. From March 1 the total is 3,485,900, against 2,455,000 a year ago. Increase for the week 160,000, and for the season 1,030,000, compared with last year. Prices have been but moderately lowered. The enlarged absorption of offerings has been well distributed among the various prominent markets, packers generally taking the supply with readiness.

Special reports show the number of hogs packed since March 1 at undermentioned places, compared with last year, as follows:—
