

Why is Kasagra Better

than any other Aromatic Cascara?

Because Kasagra is always uniform in strength, sure in results, active, palatable and always dependable.

Kasagra is Economical to Use

on account of the small dosage required.

5 to 15 minims, well diluted, three or four times a day gives most excellent results without any griping pains or catharsis.

Kasagra is a True Tonic Laxative

The bitter tonic principle is not eliminated.

You will find many other reasons just as convincing if you TRY KASAGRA in the dosage we recommend.
