THE NEWS OF THE CHURCHES AND JOURNAL OF MISSIONS.

Published on the 1st of each Month—Size, 32 pages Large Quarto. "The very best Religious Newspaper extant." —[DR. ALEXANDER.]

THE OBJECT of the News of the Churches is to give full and accurate information as to what the different sections of the Church of Christ in different countries are doing, and how they are faring. It aims at being a sort of universal register, making Christians aware of whatever affects the honour of their common Lord, and the advancement of his cause, in the current history of the churches and the nations. It interferes with none of the other religious periodicals of the day; while, from its nature, none of these can supply its place.

In the HOME DEPARTMENT, information is given regarding all that is of Catholic interest in the proceedings of the various Evangelical Churches in England, Scotland, and Ireland.

In the FOREIGN DEPARTMENT, monthly letters are given from Special Correspondents in France, Belgium, Holland, Sweden, Switzerland, Italy, Germany, Turkey, Canada, the United States, India, China, &c. These are supplemented by extracts from Foreign religious journals. A copious selection from the Missionary Records of Churches and Societies both in this country and in America, is also regularly given.

In the LITERARY DEPARTMENT, it is the aim of the conductors to indicate the character of the principal works of a religious kind that appear, and to give a general sketch of the progress of religious literature.
