

Poetry.

HYMN FOR CHILDREN.

Lord of heaven, and earth, and sea,
Fit our souls to worship Thee:
All our hearts are dark as night...

WILFRED'S GRAVE.

It was growing late; and Ellen, whose heart
Was full to speak, looked gratefully at Mr. Mordaunt,
and returned home.

It was with some difficulty that Ellen persuaded
her parents to see Mr. Mordaunt, and hear from him
the account of their son's last illness...

God has, in His Wisdom, given to the heart
of your greater facilities for receiving the impressions
of His Holy Truth than are often found in such
as have advanced in years...

When I joined my brother at Kirkbeck, Ellen
was almost as regular an attendant at all the Church
Services as my brother's household...

"One day Ellen and Alice were together in the
churchyard; Willie and Wilfred still the subject
of their thoughts and talk...

"We must not stay, Alice, or you will look as
white as these poor little flowers." Before leaving,
they knelt together for their usual prayer...

Towards the end of Lent, Ellen had a severe illness,
which for a few days caused the greatest anxiety,
and during those days it was a touching sight to see
her father kneeling alone in his wonted place...

DR. HALSEY'S FOREST WINE;
OR COMPOUND
WINE OF SARSAPARILLA.
A NEW DISCOVERY.

And the most extraordinary medicine of the age, put up in
Bottles; a single bottle does more good, and goes
farther in the cure of Diseases, than any ten bottles of
Sarsaparilla extract hitherto in use; warranted to cure
without nauseating or weakening, perfectly safe at all
times, and possesses a delightful bitter flavour, almost
equal to Pure Port Wine.

All the numerous sarsaparillas now in use are prepared by
boiling the root to obtain the extract. The finest
medicinal properties of this valuable plant are therefore evaporated
and lost; besides this, articles of no medicinal virtues
whatever, such as molasses and liquorice, are added to make
up the deficiency, and give them consistency. It is not to be
wondered at then, that it takes 10, 20 and sometimes 50 large
bottles of these extracts of sarsaparilla to do any good, or
produce the slightest change in health. Not so with Dr. Halsey's
Forest Wine. Every dose produces its good effects, and every
bottle its great results.

This valuable medicine is prepared without heating, without
the use of liquorice, molasses, or any syrup whatever. But
the great beauty of Dr. Halsey's Forest Wine remains still to
be told. By the invention of a new and wonderful chemical
apparat, a perfect wine is produced from two of the most
valuable plants in the world, the

SARSAPARILLA AND WILD CHERRY.
It possesses all the fine virtues of these justly celebrated
plants. In addition to this the effect of the Forest Wine is
an important adjunct. They are coated with pure Gum
Arabic, an important invention, for which Dr. Halsey has
received the only patent ever granted on Pills by the Government
of the United States.

Dr. Halsey's Forest Wine and Gum-coated Forest Pills
unite in accomplishing the same great end, the purification
of the blood, the renovation and restoration of the stomach and
bowels.

THE BLOOD IS THE LIFE.
The life principle of man is the blood; no sooner are those
organs of the stomach which make and nourish the blood,
cleansed of morbid matter and restored to healthy action by
the use of the Forest Pills, and pure rich blood made to flow
in the veins by the use of the Forest Wine, than diseases
begin to vanish, and strength and energy of body return.
Thus the principle on which is founded these great medicines
and by which

Scrofula, Dropsy, Various diseases, Dyspepsia, Indigestion,
weakness, want of Nervous energy, Jaundice, Cough,
Colds, General Debility, Emaciation of the Body, Rheumatism,
Acute and Chronic Diarrhoea, Cholera, Ulcers, and many
other diseases are radically cured.

GENERAL DEBILITY, EMACIATION, WASTING
OF THE BODY.
Many persons are afflicted with some one of the above complaints,
frequently without being aware of the cause, and therefore
often fail in their attempts to cure them, until the complaint
becomes constitutional.

These complaints are sometimes characterized by a sense of
sinking, or entire exhaustion after exercise; yet the appetite
may be good. Some experience sluggishness and lassitude at
times, paleness and flushing of the countenance, febrile heat
at other cases are attended with costiveness and looseness
alternately.

A vast number afflicted with the above miserable disorders,
are continually being cured with the Forest Wine and Pills.—
Within the last twelve months we have had more than a thousand
applications for these medicines, by persons in this kind of
debility. Every one from whom we have since heard,
were restored to perfect health by their use. Some were
afflicted with palpitation of the heart, low spirits and great
debility.

The following certificate is from one of the most respectable
physicians in Maryland, and is a single example out of
many that have been received from able physicians:

Baltimore, Dec. 15th 1848.
Dr. G. W. Halsey—I have been in the habit of recommending
your Forest Wine in my practice for many years, and
have witnessed the most happy results from its
efficacy. In more than thirty cases of general debility and
nervous disorders, it has effected a cure in a few weeks.

I do not hesitate in recommending the Forest Wine and
Pills to the public, as I believe them to be remedies of great
merit.

DYSPEPSIA.
There are an infinite number of persons laboring under this
afflicting disorder, many of whom perhaps do not understand
what ails them. This complaint may be known, however,
by some of the following symptoms: Acidity of the stomach,
nervous debility, depression of mind, languid appearance after
eating, weight in the stomach, dryness of the tongue, febrile heat,
indigestion, costiveness, heart burn,urred tongue, flatulency,
water brash, and sometimes a disinclination to sleep at night.

Invalids afflicted with dyspepsia are at times almost entirely
incapable of the least exertion, and are so wretchedly ill, and
the longer the cure is delayed, the more difficult it is to
obtain, and difficult the cure. We have the testimony of hundreds
of its great efficacy in the cure of this disorder.

Ague and Fever, or Chills.
When the Forest Wine was first made known to the public
but was long before it was generally known to the public,
and we have since been the means of procuring the most
cases of Ague and Fever we ever saw. During the prevalence
of Fever and Ague last fall in New Jersey, scarcely a day
past but brought some news to corroborate its great efficacy in
this disorder; and it never has yet failed, as far as we can learn,
to break the Ague and restore the patient.

The following course should be pursued in the first place
take a dose of five or six of the Forest Pills in time, that they
may finish operating before the return Ague. The stomach
now being well cleaned, take three doses of the Forest Wine
of half a tumbler each, at intervals of half an hour, com-
mencing about two hours before the return chill is expected.
This breaks the Ague; but in order to prevent its return,
continue the use of the Wine, in small doses, according to
the directions on the label.

JAUNDICE.
This disease is caused by obstruction of the Bile ducts,
which causes the bile to enter into the system, and taint
the whole system. So much so, that in advanced stages of
Jaundice, the spittle becomes yellow and bitter, the urine high
coloured, skin yellow, and finally black. At the commencement
of this disorder, the invalid feels a sense of dulness, oppres-
sion is coexistent, has no appetite, and a yellow colour may
be observed coating the whites of the eyes, around the sclerotic
membrane. We have many proofs of the Forest Wine and Pills curing
in the worst stages of disease. Purge well with the Pills, two
or three times, and follow up the use of the Wine according to
the directions.
