

THE POLITICAL GAME OF AUNT SALLY.

THE TUG OF WAR.

A LITTLE POEM IN PECULIAR METRE.

"Here is a recent specimen of amenities in the Greek Legislature: M. Dimitrakakis—You lie! (Tumult.) M. Mandalos—I repeat it. M. Dimitrakakis—Then you are a liar! M. Mandalos—And you're another! For this speech M. Mandalos gets his ears boxed, while several Deputies attack him with sticks, upon which the sitting is suspended amid cries and vociferations."—*Exchange*.

We perceive from our readings,
What a very peculiar nature
Are the every-day proceedings
Of the Greek Legislature.
Monsieur Dimitrakakis
Throws back a lie
As a lover would throw back a kiss.
And you and I
Can't help being appalled
By the conduct so scandalous
Of a member that's called
By the name Monsieur Mandalos.
"I'll punch your head," says one;
In Greek, of course, in Greek.
No sooner said than done,
He slaps t'other on the cheek.
Each parliamentary brother
Arises in his ire:
"You're a liar," "You're another,"
"You're another," "You're a liar,"
Such are the calls
Heard every week
In Legislative halls
When Greek meets Greek.
One touch of Nature
Makes the whole world kin;
A Grecian Bedlam
Or an Ottawa din.

SOMEBODY'S CHILD.

Somebody's child is dying—dying with the flush of hope on his young face and somebody's mother thinking of the time when that dear face will be hidden where no ray of hope can brighten it—because there was no cure for consumption. Reader, if the child be your neighbor's take this comforting word to the mother's heart before it be too late. Tell her that consumption is curable; that men are living to-day whom the physicians pronounced incurable, because one lung had been almost destroyed by the disease. Dr. Pierce's "Golden Medical Discovery" has cured hundreds; surpasses cod liver oil, hypophosphites, and other medicines in curing this disease. Sold by druggists.

TRUTH IS MIGHTY

When Dr. Pierce, of Buffalo, N. Y., announced that his "Favorite Prescription" would positively cure the many diseases and weaknesses peculiar to women, some doubted, and continued to apply the harsh and caustic local treatment. But the mighty truth gradually became acknowledged. Thousands of ladies employed the "Favorite Prescription," and were speedily cured. By druggists.

A girl who had refused a good-looking telegraph repair man three times within six months, gave as a reason that he was too much of a wanderer. That he roamed from pole to pole, from one climb to another, and that if he did come back he'd be insulate that the neighbors would be sure to talk.

The reasons why the surgeons of the International Throat and Lung Institute, 173 Church street, Toronto, are making so many wonderful cures of catarrh, catarrhal deafness, bronchitis, asthma and consumption are: They have none but skilled and qualified medical men connected with the institute. They adhere strictly to their specialty, and they use the spirometer invented by M. Souvielle, ex-aide surgeon of the French army, an instrument which conveys the medicines in the form of cold inhalations to the parts diseased, which is the only way these diseases can be cured. They are treating hundreds of patients every month, having twelve surgeons engaged in their work in Canada alone. Send a three cent stamp for a copy of their International News, published monthly at 173 Church street, Toronto.
