## THOUSANDS OF DOLLARS

Are wasted annually by steam users installing interior brass goods. Appearance is not the only point to be considered; because it may appear like one, does not make it a valve.

Did you ever consider maintenance? Why a cheap trashy piece of brass work invariably costs three to four times its original value in repairs and eventually have to replace it.

J.M.T. Steam Goods are guaranteed. You run no risk, made by the oldest and largest manufacturers in the Dominion.
