No question about it, an imported English City Tailor's work, made from pure Botany wool, is the most **DESERVEDLY POPULAR MATERIAL** in Men's Suits on the market. For that reason we have selected these Men's Suits of 117 oz. weight, guaranteed fast color to be the leading **MEN'S FAVORITE** of this season. Such value has never before been offered to Mail Order Customers in a single season. **DON'T OVERLOOK THESE DETAILS.** The greatest care has been taken in designing and tailoring these suits, and each one is carefully examined by an expert before it is sent out to a customer. The material and linings have been thoroughly shrunk before making up, and we guarantee them to retain their shape. A heavy unbreakable front of shrunk linen duck is used in every coat. Linings are made of cloth and padding stayed with linen. Each suit is lined with a fine quality material and finished with **double stitched edges and raised seams**. Single breasted style has fancy flaps on vest and vest pockets and cuffs on the sleeves.

K5.—Double-breasted / Sizes 36 to 44
K6.—Single-breasted /

(When ordering, specify which one you want. Size over 44, \$1.50 extra. Write for Catalogue.)
