

as in our climate, the college period in the Fall is ~~too~~ so short, ^{as not to afford much time} to utilize a series of new playing-fields (as has been recommended) ^{or accordingly} to justify any great expenditure for ~~that purpose.~~ /stet.

Your Committee, in agreement with Dr. MacKenzie, believe that the site of the gymnasium should be on the north side of Pine Avenue, adjacent to the Stadium; ^{furthermore there is adequate} ~~the space exists,~~ there ~~is~~, for ^{such} ~~such~~ a palaestra as has been suggested.

The distance from the Arts and Science Buildings to a gymnasium on Pine Avenue has been considered carefully by the Committee, as also by Dr. Tait MacKenzie in conference. It was the unanimous opinion that the distance was not too great for students to go for their exercise; in fact, the distance would be less in our case than it is in the University of Pennsylvania.

A proposal of the Athletic Board that two extra playing-fields be provided on the available ground north of the Stadium would apparently involve considerable expense, part of which would be better devoted to the erection of some sort of hall as above indicated.

MINING and GEOLOGY BUILDING.-

Why not say we agree"

The development of Mining, with its co-related Department of Geology, has been for years an urgent need of this University. It never has been more urgent than now, and unless
