

OTTAWA,
18th January, 1923.

My dear Sir Arthur Currie,-

I have your letter of the 11th instant confirming the decision which you conveyed to Mr. Cameron of our Forestry Branch personally, namely that the University authorities cannot see their way clear to provide the accommodation necessary for the retention of the Forest Products Laboratories at Montreal.

In view of this situation we are proceeding with arrangements for the removal of the Laboratories to Ottawa.

A request has been received from the Government of the province of Quebec asking us to turn over our plant and equipment at the Montreal Laboratories to them. Negotiations in this connection are under way now and it is possible that the Quebec Government may take over this equipment with the exception of our paper machine which we cannot spare.

Yours faithfully,

Sir Arthur W. Currie, G.C.M.G., K.C.B., LL.D.,
Principal,
McGill University,
MONTREAL.

Chas Stewart
