CANNING FACTORIES EXTREMELY ACTIVE

Special to The Toronto World.
COBBOURG, Oct. 9.—The British Canadian Cannery are, at the present time, carrying on a big business here. Their output is 80 cases of corn and 82 cans of tomatoes a minute. Some 200 hands are employed and much of the time the industry is running 24 hours daily. It is estimated that the company will

spend \$60,000 this season here, for produce, wages and other necessities. The industry is doing about twice as much business as it did last year and the manager states that it is just in its infancy. Farmers in the vicinity contracted for considerably over 1000 acres of corn, tomatoes, etc., and some of them increased their acreage. In addition produce is being brought here from Grafton and Port Hope. A shortage of cans is reported from some of the other factories of the district.

MUST OBEY RULES ADMIRALTY MAKES

Orders Issued on Requirements of War Risk Insurance Plans.

By a Staff Reporter.

OTTAWA, Oct. 9.—Further advice received by the government from the imperial authorities shows the importance of shippers bearing in mind that the provisions of the war risks insurance scheme that ships must conform to the orders of the admiralty as to route, ports of call, stoppages, etc., is a protection for cargoes as well as for the ships.
The following announcement has been made by the war insurance office of the board of trade: "It is an essential feature of the government war risks insurance scheme that all insured ships must obey implicitly all orders and directions given by the admiralty as to routes, ports of call, stoppages, etc. To avoid misapprehension on this point, the board of trade wish it to be clearly understood that this provision is intended to insure the safety of both ship and cargo, and that any deviation which may be rendered necessary in consequence of admiralty orders or directions, is in the interest of the cargo as well as in the interest of the ship. It is most important that this fact should be borne in mind by all parties concerned in the shipment or carriage of goods on insured ships, and that in contracts of carriage the ship owner's obligation to comply with the admiralty requirements should be fully recognized."

MADAME VANDERVELDE TO SPEAK IN TORONTO

Mme. Emile Vandervelde, wife of the Belgian secretary of state, and representative of the Queen of the Belgians, is coming to Toronto next Saturday night to enlist public sympathy in the cause of her compatriots who have lost their homes through the German invasion. Under the auspices of the United Empire Loyalists, Mme. Vandervelde will appear at Massey Hall and give a talk on the misfortunes that have befallen Belgium. She will attempt to secure further support for the relief of women and children, and her visit is likely to result in the raising of a large fund.

Avenue road and St. Clair at 3.20 Friday afternoon.

The United Empire Loyalists are bringing Mme. Vandervelde to Toronto at their own expense, and they are asking the support of all the other patriotic societies in the city in order to raise the largest amount of money possible for the stricken Belgians. A nominal scale of prices is to be charged for the lecture, and any who desire to make contributions toward the fund will be given an opportunity to do so.

ARM CHAIR PRESENTED.

On the occasion of his marriage, which took place a week ago, Constable A. W. Cromie of No. 11 division, was presented by the government with a mission arm chair on behalf of the men of the division.

To Cure Catarrhal Deafness and Head Noises.

Persons suffering from catarrhal deafness and head noises will be glad to know that this distressing affliction can be treated at home by an internal medicine that has been said in many instances to have effected a complete cure after all else had failed. Sufferers who could scarcely hear a watch tick tell how they have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from either ear.
Therefore, if you know someone who is troubled with head noises or catarrh, or catarrhal deafness, cut out this formula and hand to them and you will perhaps have been the means of saving some poor sufferer from total deafness. The prescription can be prepared at home and is made as follows:
Secure from any good druggist in Toronto 1 oz. Parment (Double Strength), about 75c worth. Take this home and add to it 1 pint of hot water and 1 oz. of granulated sugar; stir until dissolved. Take one tablespoonful four times a day.
The first dose should begin to relieve the distressing head noises, headache, dizziness, cloudy thinking, etc., while the hearing rapidly returns as the system is invigorated by the tonic action of the treatment. Loss of smell and mucus dropping in the back of the throat are other symptoms that show the presence of catarrhal poison, and which are quickly overcome by this efficacious treatment. Nearly ninety per cent. of all ear troubles are said to be directly caused by catarrh, therefore, there must be many people whose hearing can be restored by this simple home treatment. Every person who is troubled with head noises, catarrhal deafness, or catarrh in any form, should give this prescription a trial.

HAVE RECEIVED COPIES OF MORATORIUM LAW

Judges at Osgoode Hall Now Certain That Legislation is to Be Retroactive.

The judges at Osgoode Hall have received copies of the official statement issued by the government two weeks ago with regard to the proposed partial moratorium. The point is made clear that the law is to be retroactive to the date of the commencement of the war.

An action was entered at Osgoode Hall yesterday by the Port Arthur Wagon Co. against the Trusts and Guarantee Co., administrators of the late Christian Kloefer, of Guelph, to recover \$4824.84, with interest for three years. Mr. Kloefer acted as president of the plaintiff company, and it is alleged that the money was received by him for that company and which he paid over to the Speight Wagon Co.; \$500 damages is also claimed.

The following cases are down for hearing in the appellate divisional court for Tuesday next:
First court—Grant Campbell v. De von, Marcelus v. Modie, McMahon v. Laughier, Harbour v. Tremaine, Allen v. Petremoux, Mitchell v. S. W. and R. Railway, Myles v. Constable.
Second court—Hurst v. Morris, Skinner v. Toronto, Winnifred v. Pinkleman, Myles v. Constable, Dawson v. Moral, Parker v. Smith.
