

YORK COUNTY AND SUBURBS

YORK COUNTY ROADS GREATLY IMPROVED

Representatives of City, Province and Municipality on Inspection Trip.

LUNCHEDED AT MARKHAM

Grant Promised to Carry on Work on Exhaustion of Appropriations.

The first annual inspection of the York County highways system, in which the city, county and province are jointly interested, was held yesterday, the party of inspection leaving the county buildings on Adelaide street at 10 o'clock and covering in all before their return between 50 and 60 miles. The party was under the guidance of J. J. James, highway engineer, and associated with him were W. H. Fugatey, dean of the county council, and Warden Nigh. Leaving the city by the Wilton avenue bridge the party passed over the newly constructed arched macadam roadway on North Broadview and the Don Mills road, built last summer, which in the opinion of the commission, will shortly supersede the water-bound or hitherto prevailing type of country road. The points of superiority claimed for this type of roadway is the price, and the fact that no subsequent attention is required, oiling being dispensed with. The price of the tar bound is \$9000 a mile as against \$1000 for the waterbound. About five miles of this class of roads has been built this year.

Improvements Completed. Approaching Thorncliffe Farm Engineer James pointed out to the city representatives the improvements decided upon in the straightening of the abrupt curves near the Taylor residence, the widening of the roadway and many other marks of progress. Passing Donlands the party crossed the upper reaches of the Don river and later struck out for Yonge street, up which it proceeded to Bend Lake, and turning east it had a good view of Wilcox Lake and the many marks of work uncompleted this season and still in progress in the big hill at Thornhill opposite the farm of George H. Watson, K.C. The cutting of the Thornhill grade removes the last big obstacle between York Mills hill and Lake Simcoe. From Wilcox Lake the run was made to Bethesda and down the 6th concession of Markham to Cavel and the highway sharply to Markham, where luncheon, which was given at the Franklin House. A number of informal after dinner speeches were given, the toasting being Aid. David Hill, Joseph Russell, M.P.; George S. Henry, M.P.; W. L. McLean, provincial highway commissioner; Reeve Fleming of Markham, Ald. Cowan, A. F. Wilson, P. G. Morley, secretary of the Toronto Board of Trade, and others spoke briefly, congratulating the commission on the good work done.

Wants High Level Bridge. Reeve Fleming made a strong bid for the building of the high level bridge at Leckie Hill, which is now under consideration, while A. F. Wilson, urged that later the Markham road be included in the "good roads" program. The return trip was made by way of Unionville, Milliken's Corner, Agincourt, Scarborough Junction along the Kingston road for a short distance and then north along Leckie road to Yonge street. Later several members of the party visited the Parkville district, accompanied by the engineer. The general consensus of opinion was that, while more modern methods of construction, reducing the cost would probably later be found, excellent results had been obtained, and

PHYSICAL EFFICIENCY NEEDED FOR SUCCESS

Dr. George Fisher of New York Speaks at Meeting of Directors of Y. M. C. A.

"Physical Efficiency and Its Relation to Success in Life," was discussed last night at the Central Y. M. C. A. by Dr. George J. Fisher of New York, secretary of the international committee. The speaker said that a large number of men find it impossible to remain efficient owing to muscular stagnation. The men do not break down because of mental strain, but because of underwork physically. Dr. Fisher dwelt upon the necessity of rest for the mind and body. He said: "Perfect rhythm of work and play makes the difference between the man of mediocrity and the man of great ability." G. A. Warburton, the metropolitan secretary of the Y. M. C. A., who has been assisting in the Red Cross campaign, said: "If you do not go to the front, it is right to call on you for every good cause to make a greater sacrifice than you have ever made in your life before." At the first general meeting of the physical directors of Canadian Y. M. C. A.'s, Dr. George Fisher of New York, secretary of the physical department of the international committee, is the outstanding figure. The session of physical directors from all over the Dominion is the first ever held as three or four sectional meetings have been held in former years. Dr. Brown, in a lecture yesterday afternoon, spoke on the things that were essential in the work of the physical department of the association.

Lost While Waiting!

MANY a good order has been lost to the salesman waiting at the door. The Long Distance Telephone has caught the Manager's ear first, and the sale made while competitors waited.

In fact, Long Distance is now recognized as a foremost member of the sales force. It is such a time and labor saver, so intimate and so accurate that to the busy man it is indispensable.

Why not begin a systematic use of Long Distance? Keep in touch with your customers, encourage them and stimulate their trade, keep down expense!

WALLINGFORD in Motion Pictures Beginning Monday

You unquestionably will read tomorrow in this paper the first of the New Adventures of Wallingford. You have never come across anything more rollicking, more joyful and full of the spice of modern life!

Well, all that you will read has come to life. All that you will see has sprung into being—Wallingford, Blackie Daw, Violet and Onion exist for you. They are coming to your theatre—they are on the block from you. They are going to enact all that you will read and they are going to make you actually see all that you have seen in your imagination. Pathe has made the pictures and this serial is the successor to the "Exploits of Elaine" which you have loved and followed so long.

Charles W. Goddard, the dramatic author of the "Exploits of Elaine" has made these new motion pictures right from Chester's stories.

THE NEW ADVENTURES OF J. RUFUS WALLINGFORD

But, who is to play Wallingford and who is to play Blackie Daw? This you must be thinking with much concern. There was only one man in all America who could play Wallingford and that is Burr McIntosh. It was Mr. McIntosh who Mr. Chester has always believed was the one man to bring Wallingford to life. There was no other man in the world who could so well handle Blackie Daw as Max Figman—so both of them have been procured and appear in this cast.

Playing Violet is Lolita Robertson, probably one of the most sincere actresses of the day who has so far entered motion pictures. Under the direction of the Wharton Bros., who directed "Elaine," the Wallingford series is assured of an artistic success.

With the Pathe name on the film there will be no question of the perfect picturizing. With the PATHE CELEBRATION distributing the pictures, you may be sure that you will see them near you.
