

"DAUNTLESS" SHINGLE AND HEADING MACHINE

The strongest, most durable and easiest working machine made. Any adjustment of set works made with one screw. Steel tubular carriage, takes blocks 18 in. wide and up to 20 in. long, or 22 in. long if specified in order. Can be easily fitted with maple dogs to cut up to the last shingle, or to cut four shingles from piece of board 1 in. thick.

This machine carries 40 in. or 42 in. saws.

Capacity 25,000 to 50,000 per day.

I furnish complete Outfits of Saw Mill, Shingle Mill and Lath Mill Machinery. Write for Catalogue.

Do You Need a Turbine?

Now is the best possible time for replacing your old, worn-out wheel with a new Turbine that will save Worry, save Time, and make Money for you. If you want a well built wheel, a wheel that will give you steady reliable power every day, a wheel that will save water, a wheel that will last you a lifetime, and that is sold at a reasonable price, then write us for catalogue and prices on the

Standard Leffel and Vulcan Turbines.

They are better developers to-day than ever before, and are growing in popularity, as our order books show.

We have now for distribution our new **SAW and SHINGLE MILL MACHINERY CATALOGUES**, with engravings and descriptions of our machines with their latest improvements. We will be glad to send you one on receipt of your address. You cannot buy a better Portable Mill than the "Lane Improved".
