The images appearing here are the best quality possible considering the condition and age of the original copy and in keeping with the requirements of the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending with the last page with a printed or illustrated impression, or the back cover when appropriate. Other original copies are filmed beginning with the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, proceeding right and top to bottom, as many frames as necessary.
