WINTER SUNRISE.

There's a shadow on the starlight far

There's a snadow on the starright late away, far away;
There's a pearl hid in the mist so cold and grey.
Where young Morning, silver-eyed, Steals along the steep hill-side
For to seek another little new-born day. For to find and love a little new-born

There's a glory on the granite, far away, far away; There's a rainbow on the mist so cold and grey. Soft and rosy in her breast, From the mountain's golden crest, Happy Dawn doth bear another newborn day; Happy Dawn doth bring a little new-

JUDGE ADVISED A SETTLEMENT

Accepted His Advice.

Justice Riddell called a halt in the non-jury assizes at 5-45 p.m. yesterday on proceedings which promised almost interminable argument. He deemed that enough evidence had been taken and advised the parties to come to terms. The lawyers went into consultation and agreed that John McMartin (defendant) pay William H. Green (plaintiff) 1900 damages for breach of contract, the costs of action to be divided.

William H. Green, mill engineer and operator, of Toronto, was suing John McMartin, mine owner and contract to Cornwall, Ont. for \$2000 damages and costs. Plaintiff claimed M:Martin had hired him under a year's contract as manager of the Wright mine in Quebec, at \$2000 and expenses, payable monthly. Three months later Green was discharged with three months' salary. Solicitor McKay of Johnston. McKay, Dodds and Grant, appeared for Green, and produced letters from McMartin, making Green manager and the wight mine of the Wright mine in the charge of pumping the water out of the Wright mine, for which defendant had paid \$75,000 for an option. Plaintiff had failed to perform his services and had purchased a quantity of worthless machinery. McMartin counter-freciamed \$2000 damages.

Doan's Kidney Pills

They go to the seat of trouble, strengthen the kidneys and help them to filter the blood properly and flushoff all the impurities which cause kidney trouble. Mr. Thomas Petty, Massey, Ont., writes: "After I arrived in Canada from New Zealand, a couple of years ago, I suffered very much from kidney trouble. I tried several remedies, but they did me no good. Finally my back became so lame I could scarcely work. I was advised to try Doan's Kidney Pills and after taking them I felt like a new man.

Habit-forming Medicines.

Whatever may be the fact as to many of the so-called patent medicines containing injurious ingredients as broadly published in some journals of more or less influence, this publicity has certainly been of great benefit in arousing needed attention to this subject. It has, in a considerable measure, resulted in the most intelligent people avoiding such foods and medicines as may be fairly suspected of containing the injurious ingredients complained of. Recognizing this fact some time ago, Dr. Pierce, of Buffalo, N. Y., "took time by the forelock," as it were, and published broadcast all the ingredients of which his popular medicines are composed. Thus he has completely forestalled all harping critics and all opposition that might otherwise be urged against his medicines, because they are now of known composition. Furthermore, from the formula printed on every bottle wrapper, it will be seen that these medicines contain no alcohol or other habit-forming drugs. Neither do they contain any narcoties or injurious agents, their ingredients being purely vegetable, extracted from the roots of medicinal plants found growing in the depths of our American forests and of well recognized curative virtues.

Instead of alcohol, which even in small ers to participate in it.

medicinal plants found growing in the depths of our American forests and of well recognized curative virtues.

Instead of alcohol, which even in small portions long continued, as in obstinate cases of diseases, becomes highly objectionable from its tendency to produce a craving for stimulants, Dr. Pierce employs chemically pure, triple-refined glycerine, which of itself is a valuable remedy in many cases of chronic diseases, being a superior demulcent, antiseptic, antiferment and supporting nutritive. It enhances the curative action of the Golden Seal root. Stone root, Black Cherrybark and Bloodroot, contained in Golden Medical Discovery." In all bronchial, throat and lung affections attended with severe coughs. As will be seen from the writings of the eminent Drs. Grover Coe, of New York; Bartholow, of Jefferson Medical College, Phila; Scudder, of Cincinnati; Ellingwood, of Chicago; itale, of Chicago, and others, who stand as leaders in their several schools of practice, the foregoing agents are the cary best ingredients that Dr. Pierce could have chosen to make up his famous "Discovery" for the cure of not only bronchial, throat and lung affections, but also of chronic catarrh in all its various forms wherever located.
