The Toronto World

MAIN OFFICE 83 YONGE STREET I, COURTNEY LOVE, Circulation Manager of THE TORONTO WORLD, do solemnly declare that the following statement shows the net circulation of THE WORLD for each day in the month

Net Average for 25 Days

41,608

Net Average Five Sundays 39.559

who constitute the bulk of the citizens" The foregoing figures include all papers actually sold and do not include damaged papers, samples or returned copies. He points out that the black problem in the United States was due to the And I make this solemn declaration conscientiously believing it to be true and knowing that it is of the same force and effect as if made under oath and by virtue of "The Canada Evidence Act, 1832" fled from his presence to the hills and the frontier, or sank below his level,

Declared before me at
the City of
Toronto, in
the County
of York, this
lst day of
October, A.
D. 1907.

It may not be a good scheme for the this can be compensated by the appearpromoters, the exploiters, the construc-

pecpie by hints of treachery and opposition papers tell of dissensions in the sition papers tell of dissensions are sition papers.

The government has over and over a carload in one day. Some of the The government has over and over again met these rumors by explicit de-inches wide, 500 feet long, every minnials. The prime minister is a bold man minute, or a mile of paper every ten

nials. The prime minister is a bold man and honest. It is unlikely that he would deceive or attempt to deceive the people. When a great work of reform is undertaken by any government, there will come moments of anxiety and depression of the government. The government of the governm come moments of anxiety and depression, and some members of the government will be more enthusiastic than others. Meanwhile those in opposition who hope to defeat the reform, but who dare not openly oppose it, predict failure, insinuate treachery, and, by reporting dissensions, endeavor to bring them about. Mr. Whitney and his government are so pledged to the Beck power sion, and old paper, are used in the process, but wood pulp enters into most papers in most quantities and is entirely used in newspapers and much low-grade book paper. Only a few of the paper mills prepare their own pulp. Most of the pulp plants are separate enterprises, dependent for their lumber largely on Canadian forests. "Thousands of carloads of wood-"

GONE TO MISSION FIELD.

OTTAWA, Oct. 9.—(Special.)—Percy Westaway, a prominent Y. M. C. A about. Mr. Whitney and ms government are so pledged to the Beck power policy that no minister opposed to that policy could retain his portfolio without the northern forests each winter and the northern forests each winter and the northern forests each winter and the northern forests. "Thousands of carloads of woodpulp," says The Sentinel, "are cut in the northern forests each winter and the northern forests each winter and the northern forests." injury to himself and discredit to the large rafts brought over the lakes from

And its month left he manical situation and give the public a cheaper and much better power and light and traction service.

How necessary it is to encourage the development of the paper-making industry of Canada is brought home to the Dominion and provincial government. The Niagara power proposition is a big proposition. It is one of the biggest and best things ever attempted by any government. True, it may seem as the walk a results. Information has been collected, alegotiations are in progress, but as yet no electrical energy has been actually prochased, generated or transmitted by the government from Niagara Falls. Hence it is possible to alarm the pecupie by hints of treachery and opposition papers tell of dissepsions in the contraction of the progress of the same complexion, increased travel has resulted and earnings have either held their own or siderable, increases. Where the two-centracted may be expected more thank to make the increase of travel presently may be expected more than to complete the increase of travel presently may be expected more than to complete the increase of travel presently may be expected more than to complete the form such cases of the same complexion, increased travel has resulted and earnings have either held their own or show actual, and, in some cases considerable, increases.
