A Former Resident of Toronto Junction Said to be Figuring in a Buffalo Court.

HORSE THIEVES AT WOODBRIDGE

Steal Horse, Buggy, Harness and Robe, But Are Scared by a Gun Shot.

Toronto Junction, April 12.—(Special.)—Mr. J. Tyndall, an employee in the Queen City Mills, had his thumb taken off while working in the cooper shop this morning. Mrs. McGadden, the former wife of a Medford street photographer, who after her husband's death created quite a little commotion by marrying a retired and elderly contractor, reported to be worth \$200,000, is now helping the Buffalo newspapers to graft out copy, by instituting three suits against her husband. The Buffalo Courier says: "Emma McGadden-Byers has instituted three suits in the Supreme Court, one to recover \$900 loaned to her husband, another, a piece of property on Peasey street, which her husband agreed to give her at the time of her marriage, and third, separation. The defendant is a human treatment." He is said to have turned the 12-year-old son out of doors into the cold, plucked his 20-year-old daughter, Ida, and locked all the doors in their house, permitting access to only one room. Mrs. Byers asks \$40 a week alimony and \$400 counsel fees. They were last seen here during the Toronto Exhibition.

Weston, April 12.—(Special.)—The Epworth League of the Weston Methodist Church have elected Miss Forsyth, President; Mr. T. Miller, Secretary, and Mr. William Fleming, Treasurer. Miss Mary May was appointed superintendent of the Junior League, and Miss Alice Bull superintendent of the Missionary Department. The village council will hold a special meeting on Friday night to devise means for enforcing the recently passed dog by-law. Tenders have been asked local machine for supplying tags and it is likely the council will compel dogs to be tagged.

Woodbridge, April 12.—(Special.)—Roch Marion, the horse buyer, made his last visit of the season here yesterday, and bought the best car load he has purchased this season. The highest price paid was \$115. Mr. Burkholder of Edley receiving the sum. The stable of Samuel McClure was last night visited by thieves, and a horse, buggy, harness and \$50 robe were stolen. Mr. Baggis, his next neighbor, heard someone trying to break into his house at 1 o'clock; but a stop to any further effort was made by Mr. Baggis discharging the contents of a shot gun in their direction.

Protest From Scarborough. At a meeting of the congregation and Epworth League of the Washington Methodist Church, Scarborough, Ont., held on Wednesday, April 5, Mr. L. E. Annis moved, and Mr. L. E. Annis seconded, that the church should protest against the introduction of the overbearing majority of votes polled in all the provinces of this Dominion, but, at the prohibition of the majority of votes, Sept. 29, 1898, which resulted in a substantial majority in favor of prohibition; and Whereas the electors of this country were to believe that the prohibition of Canada would comply with the request of the electors, and would govern their legislative body according to the expression of the electors at the polls, therefore, be it Resolved, That this meeting regrets the failure of the Government to introduce a prohibitory legislation, and hereby calls upon Parliament to carry out the mandate of the electors.

Down at Harry Hodson's shop a 16-foot racer is being constructed for Ed. Wedd of the R.C.Y.C., at a cost of about \$200. One boat is 24 feet long by 7 feet beam and will be finished in cedar and white pine.

A 22-foot boat of the knockabout class is also being made by W. R. McGill, the coal and wood merchant, which will be 30 feet long and 7 feet beam. The hull and keel will be put in her keel and she will be handsomely fitted up. This boat is the first of its class ever built in Toronto.

The defender being constructed for a syndicate, headed by G. F. Reid and W. Morris of the Standard Boat Works, is to be 35 feet long, and when completed will cost \$3000. Mr. Hughson of Montreal is the designer, and the work of building her is under the direction of foreman H. F. Hall.

Mission spoke of "Then and Now in China." Although not connected with the C. M. S., the mission he represented worked in harmony with it. He told a story of progress and success.

Difficulties Surmounted. Rev. C. H. Short spoke of the C. M. S. in Canada. For 150 years the Hudson Bay Company kept the great Northwest closed to missionary work. This started in 1822. The latter recognizes the splendid idea of self-reliance of the colonies in regard to the training, raising and sending out of colonial missionaries. How this principle had answered was abundantly proved. These colonial associations do not exist for the purpose of sending money to the C. M. S., though the parent societies do give aid in various ways to Australia, New South Wales, New Zealand and Canada. He said that the Canadian Association of missionaries had been highly praised.

Colonial Associations. Rev. Dymally of Wesley College gave an interesting address on the development and progress of the various colonial associations in connection with the C. M. S. The latter recognizes the splendid idea of self-reliance of the colonies in regard to the training, raising and sending out of colonial missionaries. How this principle had answered was abundantly proved. These colonial associations do not exist for the purpose of sending money to the C. M. S., though the parent societies do give aid in various ways to Australia, New South Wales, New Zealand and Canada. He said that the Canadian Association of missionaries had been highly praised.

Women's Share in the Work. Rev. G. C. Wallis of St. James' Cathedral gave an interesting address on the development and progress of the various colonial associations in connection with the C. M. S. The latter recognizes the splendid idea of self-reliance of the colonies in regard to the training, raising and sending out of colonial missionaries. How this principle had answered was abundantly proved. These colonial associations do not exist for the purpose of sending money to the C. M. S., though the parent societies do give aid in various ways to Australia, New South Wales, New Zealand and Canada. He said that the Canadian Association of missionaries had been highly praised.

The Gleamers. Miss Thomas spoke of the need of prayer, as well as work, in connection with missionary operations. She told of the usefulness of the "Gleamers" in the work. The chairman gave an address, urging consecration, and the interesting and protracted meeting was at an end.

NEWS FROM DR. RIGHART. The reported uprising in Ta-Chien-Lu, China, is Denied.

Chatham, Ont., April 12.—Another message has been received from Dr. Ruse Righart by her sister, Dr. Jennie Carson. Dr. Righart will be remembered as a life-long friend of the C. M. S. and a missionary, who was reported murdered in Tibet, China. The only news conveyed is that the reported uprising in Ta-Chien-Lu is denied.

To Relieve Overcrowding. Yonge-street No. 508 is a unique one. It has a patent attachment to the ordinary seats to relieve the overcrowding. A seat is brought up automatically and placed so that after the passenger has alighted, the seat goes back to its place under the bench, and the bench goes on.

The car on two trips last night, accompanied by Superintendent Keating. It will run to-night again.

On one car with accommodation for 28 persons, by the use of the automatic seat, 80 persons were recently carried, pleasant.

Their Initial At Home. The Modjeska Club, the latest acquisition to the society organizations, held their first annual at home and dance last evening, in Frith's Hall. A large number were present, and to the music of F. Taube enjoyed dancing till a late hour. Refreshments were also served.

St. Thomas Has a Blase. St. Thomas, Ont. April 12.—A fire occurred here this afternoon, in which the residence of Mr. W. Jodson, painter, Wellington-street, was burned to the ground. Most of the furniture was saved, but the house, which was frame, was entirely destroyed. Only a small insurance on property.

Going to Glasgow. Edward Gilie, B.A., LL.B., '95, is at present in the city recuperating after a severe attack of typhoid fever contracted in the Northwest. He leaves for Glasgow, Scotland, on Saturday to spend the summer with friends. He expects to return to Canada in the fall to practice law.

"BARGAINS" AND BARGAINS.

In describing goods—especially bargains—we are as particular about the value of our words as we are about the value of our wares. We claim no superior morality on that account. We simply give you credit for good judgment and sense. You know whether or not this newspaper space contains truth or exaggeration. With profound appreciation of your keen critical knowledge, we want it understood that when we say all-wool there's no thread of anything else. All-silk means without linen. French kid is not coloured sheepskin. Solid oak means oak to the heart, not veneer. The marking up process—so prevalent elsewhere to make goods look cheap in contrast with a so-called regular price—IS ABSOLUTELY PROHIBITED IN THIS STORE. Please keep this in mind when comparing descriptions and prices.
