An Ideal Policy.

The Continuous Instalment Life Policy issued by The Ontario Mutual Life is an ideal policy for those who want protection for home and loved ones, a provision against reverses in fortune, and a fund for old age. It will be a pleasure to explain the plan.

C. E. GERMAN, Gen. Agent,

403 Richmond Street.

THEY ARE ALL DEAD

Dr. Jose Congosto Says No Reconcentrados Are Left.

He Claims There Was No Sufficient Reason for the Surrender of Santiago.

Among the passengers who arrived in New York on the steamer City of Washington, from Havana, were Dr. Jose Congosto and Capt. Fred Sharp, of the Merritt & Chapman Wrecking Company.

Dr. Congosto said: "The evacuation of Cuba by Spain is a matter of time, but when I left Havana everything was progressing well. I do not care to enter into all the reasons for the delay, but one of the principal causes is the fact that we have over 6,000 sick, who must be taken care of, and cannot be left behind.

"The problem of the future of the island is a difficult one, and I have studied it without prejudice, and as a result of this study of years, I believe that it is a social problem and not a political one. Of course politics will enter into the solution, but the great question is how to bring the most prosperity and the greatest happiness to the people of Cuba. It is probable that there will be a large emigration to the island, and this emigration may assist in solving the problem. Of course, a difficulty will be met in view of the dangers of fever and the climate."

Dr. Congosto was asked as to the condition of the reconcentrados.

"There are no reconcentrados now," he answered with a smile.

"What has become of them?" was the next question.

"They're gone."

"Where?"

"God knows," was the reply.

"Do you mean to say they are all dead?"

"That probably explains it better than I can. It is a subject which I prefer not to discuss."

When asked as to the establishment of a new navy for Spain, Dr. Congosto said: "Spain is still a great country, and she ought to have a great navy—and probably will."

Discussing the fall of Santiago and the surrender of Gen. Toral, Dr. Congosto said: "There were brave soldiers at Santiago, and if their leader lacked courage he deserves to be punished. Santiago should not have fallen as it did, and if Toral had not entered into negotiations with the enemy it is likely that there would have been a different story to tell today. It is not true that the Spanish army there lacked supplies and ammunition, for they had plenty of both, which they turned over to the Americans. If Toral had pushed forward instead of retreating toward the city, he certainly would have caused a repulse. There are things which he will have to explain."

STORMS AT SEA

Steamer and Schooner Encounter Heavy Gales—Captain Nordland Drowned.

Port Townsend, Wash., Sept. 30.—The steamship Faralon has arrived from Lynn Canal ports, bringing 70 passengers from various sections of Southwestern Alaska.

Sept. 26 the Faralon picked up the wreck of the schooner Capella on Seaforth Channel, and towed her to Bella Della. The Capella sailed from Seattle for Wrangel, and on Sept. 20, when 300 miles of Cape Flattery, a heavy gale was encountered. The little schooner's boats and passengers were carried away, and Capt. James Nordland was washed overboard and drowned.

H. Linso, a sailor, was struck by a boom, and had several ribs broken.

When the schooner was picked up she was in a waterlogged condition, and all the supplies aboard were spoiled.

Old England vs. Dr. A. W. Chase.

The virtues of Dr. Chase's remedies are known the world over, and like old England's flag the sun on them never sets.

Dr. Chase's Ointment, Kidney-Liver Pills, Catarrh Cure, Syrup of Linseed and Turpentine, and Liver Cure enjoy the confidence of everybody. They have won their way into the public favor on merit. Their sterling qualities and high standing and purity have made them the household word all round the world. All dealers sell and recommend them.

FAGGED OUT.—None but those who have become fagged out know what a depressed, miserable feeling it is. All strength has gone, and despondency has taken hold of the sufferers. They feel as though there was nothing to live for. There, however, is a cure—one box of Parmelee's Vegetable Pills will do wonders in restoring health and strength. Mandrake and Dandelion are two of the articles entering into the composition of Parmelee's Pills.

The Battle For Prohibition

Waged With Widely Varying Results in Different Sections.

The Maritime Provinces Stick to Cold Water.

Ontario Votes "Yes" by About 10,000 Majority,

While Quebec Piles Up 40,000 Majority for the "Antis."

London Joins Montreal, Toronto and Other Cities in Saying "No."

An Approximate Majority of 13,500 for Prohibition in the Whole Dominion —The Figures as Far as Known.

The returns of yesterday's voting, as far as received, indicate a majority of about 13,500 in the entire Dominion for prohibition. In some places the vote was much smaller than that cast at recent elections, and in sime there has been a marked turn-over. In Toronto, the majority has been almost completely reversed since the time of the last plebiscite. In 1894, the figures were 11,407 for prohibition and 8,879 against. Yesterday they were 8,696 for and 11,950 against. The majority for in Ontario is less than in 1894, when it was over 80,000. Every city in the province gave a majority against prohibition save Brantford. Quebec and New Brunswick voted on the question, but it is impossible to compare the vote with that cast on previous occasions, as only the majorities are reported. The antis have been badly beaten in Nova Scotia and New Brunswick, but the enormous majorities against in Montreal and Quebec have balanced the prohibition gain in the Maritime Provinces.

At 2 o'clock this morning only one county in Prince Edward Island had sent through the returns, and this one gave a majority of 400 for. The approximate majorities for prohibition are as follows:

	For.	Against.
Ontario	10,000	....
Quebec	....	40,000
Nova Scotia	17,000	....
New Brunswick	13,000	....
Prince Edward Island	1,500	....
Manitoba	8,000	....
Northwest Territories	2,000	....
British Columbia	2,000	....
Totals	53,500	40,000

These figures may be greatly altered as full reports come in.

The following table shows majorities for or against in the various constituencies:

TERRIBLE ACCIDENT

Little Gordon Farrow Has an Arm Torn Off.

Was Struck by a Yard Engine at the Burwell Street Crossing—Fatal Result Feared.

The Burwell street crossing of the G. T. R. was the scene of a serious accident last night, by which little Gordon Farrow, the 9-year-old son of Mr. John M. Farrow, railway mail clerk, may lose his life.

How the accident happened is somewhat of a mystery, but it appears that Gordon, with another small companion, was playing in the vicinity of the crossing, and was running across the track, when a yard engine struck him. The force of the blow tore the lad's arm from the shoulder.

The attention of the watchman was attracted by the agonized cries of the little fellow, who lay in a heap on the track. He was removed to the Maitland street shanty, where everything possible was done to relieve his sufferings until the arrival of the ambulance and Dr. Drake. The lad was then removed to the hospital, and the attendant staff held out little hopes for his recovery. But the boy rested quietly last night, and this morning it is thought that his recovery is probable.

A GOOD MAN GONE.

Philadelphia, Pa., Sept. 30.—Col. Joseph M. Bennett, a philanthropist, died yesterday morning at his home in this city, of Bright's disease, aged 82 years. Col. Bennett began his work of philanthropy in 1880, when he donoted 40 acres, in what is now a section of Fairmont Park, valued at $400,000, for the erection of the Methodist Orphanage, and afterwards contributed largely to its support. He also donated valuable properties to the University of Pennsylvania, the Deaf and Dumb Institute and the Methodist Deaconesses. His property is said to be worth $3,000,000, and it is estimated that Col. Bennett's charity amounted to $1,000,000.

A musket ball may be fired through a pane of glass, making the hole the size of the ball, without cracking the glass; if the glass is suspended by a thread it will make no difference, and the thread will not even vibrate.

The hair on most of the dolls made in Europe comes from the Angora goat.

A tannery to tan the hides of dogs and wolves has been established in Cheyenne county, Kan.

Oh, boys! that Fly was a buzzard. 24tf

"SARNIA"

Have you tried the new Canadian burning oil? No sense in buying American oil when "Sarnia" is cheaper and better. It's our specialty. No other like it made in Canada.
