TUESDAY MORNING V STOCKS HELD DAY'S ADVANCES

igher Quotations Met With Influence of Big Market Trend Extensive Realizing for Profits.

Record.

To show their confidence in the labor situation and the general conditions at the mine, the directors of Mckinley-Darragh have declared the regular 3 per cent, quarterly dividend payable on July 1 to shareholders of record June 9. This will make the third payment of 3 per cent, this year, the first one having been disbursed on July 1 and the second on April 1.

Mckinley, on account of its consistency as a dividend payer, has become a purely investment stock. At its present market price it returns the second on the second of the second on the second on the second of the second on the second on the second on the secon a purely investment stock. At its present market price it returns over The stock also has a reputation for steadiness which is well merited, judging by a glance at the records. For the present year it has ranged only 7 points, with the low at 48 and the high at 55., Its present price of 53 is identi-The dividends were commenced in

Heron & Co. report: Montreal, May 28.—There was sood local market today and stocks were in demand. A reaction in New York had little effect here. Local prices are abtractive, and we think this market will follow the recent New York advance. We have generally been slow to follow a big movement in New York, but we seldom fail to do so evenitually.

LONDON EXCHANGE CLOSED.

London, May 28.—Today is a holiday on the London, Liverpool and Paris finan-cial and commercial exchanges.

Two Brant County Battalions May Be Amalgamated in England

Brecial to The Torento World.

Brantford, May 28, — Following the announcement that a further draft of men has been made from the 125th Battalion at Witley Camp, England, comes the announcement that the 215th Battalion has joined them there. It is taken here to mean that the first and second battalions from Brant County will form one unit. Recently the 125th Battalion deposited its colors in the parish church at Curts, Surrey, while a few days afterwards the battalion sent 130 men, three officers and the band to the Canadian pageant at London, for the benefit of Queen Alexandra. Special to The Toronto World.

MINES REACTED DECLINES SMALL

in Evidence at Standard Exchange.

The reactionary trend in the New York market, yesterday was reflected in the trading at the Standard Mining Exchange. Lately the local market has followed closely the big bourse, especially towards the end of last week when material rallies thruout the mining list occurred. Some of these recoveries were cut down yesterday but trading was quite orderly with declines small. Pressure was exerted on some of the more active stocks, but it was due chiefly to professional bears and did not signify the existence of a large amount of stock pressing for sale. There was a steady undertone to the market that was lacking during past weeks and offerings were in most cases well taken.

Next Thursday is the time limit set by union officials for the recognition of the union by the mine operators. Up to the present time no move has been made by the latter parties nor is such a course likely. Year after year mine operators have been called upon in a like manner and up to the present time they have ignored all threats of strikes.

This year the movement assumed more serious proportions on account

time. Utah making an abrust decline of three points, others of that class fashing to two. Central Leather, American woolen, motors and odls, ranked as Gash beckward features with volonic des also strated much of its 5% point gain. Trestractive ruled at the point gain. Trestractive ruled at the folia sales amounted to 1,330,000 stares.

BUYER OF SILVER

Preparing for Greater Use of Silver Coinage.

Stoneham & Co., in their market letter, have the following:

"Silver prices have been practically uniform for a long time, yet silver is commanding more interest. During the past two months the United States Government has been steadily buying silver in comparatively small amounts, yet the aggregate is said to be in the neighborhood of 5.000,000 ounces for coinage. It is believed by producers of the metal that the government will continue a heavy buyer of silver, basing their views on the belief that the country is taking a leaf out of Europe's book, and preparing against the greater use of silver coins for the payment of armies in training and in the field. The far east, which a short time ago was a heavy purchaser of the white metal, is temporarily out of the market, but there is a growing belief that there there is a growing belief that there will be an early renewal of buying from this direction. These conditions create a more favorable outlook for dollar silver, and the attendant pros-perity it will bring to the silver pro-

WINNIPEG GRAIN MARKET!

Winnipeg, May 28.—Winnipeg October was down 14c at the close; May cats were down 14c at the close; May cats to 4c down. Barley was unchanged; flax declined 84c for May and July. Winnipeg October showed a little strength after the opening, but was very dull and weak towards the close. In this respect it exemptified the general condition prevailing on all markets this side of the Atlantic. Crop prospects, on the whole, are most satisfactory. Scattered showers were welcome over most of the Canadian west.

The cash situation is becoming easier, and will continue to feel the effects of a lees vigorous demand, as the new crop of the United States approaches meturity. Millers in Minneapolis are picking up a few cars, but are reported to be not anxious to buy. All conditions today are operating to bring about lower prices.

UNITED FARMERS ASK REFERENDUM

Directors of Association Say Conscription Should Be Voted on.

CEASE MAKING LIQUOR

Urge the Prevention of Food Waste in Breweries and Distilleries.

The directors of the United Farmers of Ontario have passed the following esolution on the matter of conscrip-

"Whereas the United Farmers of Ontario, in convention asse unanimously the following resolution on conscription:

"Since human life is more valuable than gold, this convention most solemnly protests against any proposal looking to the conscription of men for battle while leaving wealth exempt from the same measure of enforced service. It is a manifest and glaring injustice that Canadian mothers should be compelled to surrender boys around whom their dearest hopes in life are centred, while plutocrats, fattening on special privileges and war business, are left in undisturbed possession of their riches.

riches.

"And whereas it has been recently announced by the Dominion Government that it proposes to adopt a policy of "selective conscription."

"And whereas this is a radical departure from Canada's traditional

parture from Canada's traditional policy.

"And whereas the matter has been decided in Australia by submitting it to a referendum.

"And whereas the organized farmers of Ontario have always been strongly in favor of the principle of the referendum.

"And whereas the passage of such a bill by a popular vote would ensure a more general and enthusiastic popular support in the endorcement of the act.

ular support in the encorement of the act.

"Therefore be it resolved that we, the directors of the United Farmers of Ontario, in meeting assembled do now urge the federal government to submit their conscription bill to a popular referendum before taking any action thereon.

"And we do further arge the Dominion Government to do everything possible to prevent the waste of food in the manufacturing of intexicated liquors."
