

a slight falling off as the result of hard times. The Sabbath services are well attended. Our Sabbath-school in the village has been steadily growing in numbers and interest under the leadership of Mr. James Agnew. In the temperance cause we have had some degree of success. We very much feel the necessity of more help, in order to accomplish all the work that ought to be done on this mission. We anticipate a bright future for this interesting field of labor. Members, 58.

J. E. HUNTER.

MORRIS.—We are glad to be able to report a measure of success upon this field this year. Our union revival services were a great means of blessing and spiritual quickening among the members and adherents of the Church. God has owned the efforts of His servants, and to Him we give all the glory. With all other places in the North-west, we have suffered from the effect of the commercial depression of the year; but we hope to be in a better position at no very distant date. Many of our supporters have given to the cause of the Church until it has been a real sacrifice. The membership, 63, after removals and deaths, shows an increase of eight. May God's blessing be upon pastor and people in the future. J. H. HOWARD.

STONEWALL.—This mission is far too large to be successfully worked by one missionary, and would be entirely unmanageable but for the valuable and timely assistance of our lay helpers. No extensive revival has taken place, but two or three conversions have cheered our hearts. Our prospect is hopeful. May God send upon us showers of blessing. Members, 57.

J. A. JACKSON.

RAT PORTAGE AND CROSS LAKE.—We have had many changes on this mission, and much depression, owing to the great destruction of property by fire last fall, and the almost entire shutting up of the lumbering business. These, together with the difficulties and troubles arising from the "Boundary dispute," and consequent unsettled state of society, have caused many hindrances to our work. Our religious services, however, have been well attended, and the missionary has had much satisfaction in preaching the Word to very attentive hearers. The children have been carefully taught the precious truths of the Scriptures, and directed earnestly to Jesus as their true Friend, their Shepherd, and Almighty Saviour. Manifestations of earnest spiritual life and strong desire for the things of God have greatly cheered us. The prospects of the mission are becoming much more encouraging, and as it is on the line of the C. P. R., and a natural centre for a very large section of country, it must become of much importance at no distant day. Members, 15.

W. HALSTEAD.

SELKIRK.—We are sorry we cannot report better things of this mission. At Selkirk we began the year anticipating that of the expected increase of population to the town, which would naturally follow the opening of the Winnipeg and Selkirk branch of the C. P. R., we would share alike with other Churches. In this, however, we have been disappointed. On the other hand, of the few whom we
