GOOD THINGS COMING
TO THEATRES OF
SAINT JOHN.

NEW ORGAN TO BE
OPENED MONDAY

Imperial Theatre's Latest Attraction Will Probably Revolutionize Program Schedules.

The installation of the Imperial Theatre's new Wurlitzer unit-organ is proceeding satisfactorily and the date set for its grand opening is Monday next, the 19th. Contrary to original plans the big instrument has had to be enclosed in two chambers, one at either side of the proscenium arch, instead of on one side only.

This was necessitated because a larger type organ was sent than the specifications would accommodate so practically double the installation expense had to be incurred. F. W. McKibben of New York, a well-known Wurlitzer organist, has been in the city over a week to follow closely the details of installation as Wurlitzer organists are necessarily Wurlitzer mechanicians.

The new organ at the Imperial will somewhat revolutionize program schedules, allowing continuous programs, if necessary, and eliminate intermissions. There is a possibility of introducing what is known as a "supper show" on Saturday, afternoon to convenience 5 o'clock supper folks who have shopping to do and also to give school children a longer matinee. In fact the introduction of the large organ makes the Imperial's capabilities in program arrangements quite elastic.

Workmen are today installing the console or keyboard in the orchestra pit of the auditorium. A new stage setting finished by F. W. Stringer before his departure for California a fortnight ago, will grace the theatre in which Director Jones and his orchestra will be found, as most of the time.

CIVILIZED PEOPLE AGE EARLIER THAN SAVAGES.

One would think it would be the other way about. But this would leave out of the picture the effect of civilized peoples' denatured foods. Savages live upon foods just as nature provides them, thus they retain all their body-building properties. Civilized peoples refine out of their most important foodstuffs, the grains, their most important building materials, the mineral salts, vegetable fats and vitamins. Thus civilized bodies cannot so well stand the wear and tear of daily life, and they soon begin to grow old. White flour, refined "ghost cereals," white sugar, and refined syrups and other "denatured" foods do their work well in prematurely aging their votaries.

This aging tendency can be overcome to a great extent by resorting to natural, unrefined foods. Dr. Jackson's Roman Meal is a natural whole grain food, made from whole wheat, whole rye, flax and bran. It compensates the deficiencies of white flour, "ghost cereals," etc. Roman Meal renewed the youth of Dr. Jackson, its inventor, to such an extent that while at 55 he was a wreck, at 65 he won a 1,500 mile bicycle contest from a man 50 years younger, actually ran away from his young competitor.

Roman Meal has 1,600 food units while beef has only 952. Roman Meal is thus seen to be the best body-building and strength producing food known. You ought to use Roman Meal. At grocers.

Bobbed Hair

How to Keep it Thick
Healthy, Vigorous

The constant curling and waving demanded by modern style in hair dress, slowly burns the color, lustre and very life from the hair, leaving it dry, faded, brittle, streaked with gray; then the hair roots shrink and the hair falls out fast.

A 50-cent bottle of refreshing, fragrant "Dandine" will do wonders for any girl's hair. This vitalizing beauty- tonic acts on the hair like fresh showers of rain—sunshine act on vegetation. It goes right to the roots, invigorates, nourishes and strengthens them, helping the hair to grow thick, healthy and luxuriant.

Try this for one week! While combing and dressing your hair, moisten your hair brush with a little "Dandine" and brush it through your hair—the effect is startling! Your hair immediately takes on new life and that healthy, youthful lustre, becomes incomparably soft, wavy and appears twice as thick and abundant.

BEAUTIFY IT WITH
"DIAMOND DYES"

Just Dip to Tint or Boil to Dye

Buy Diamond Dyes—no other kind—and tell your druggist whether the material you wish to color is wool or silk, or whether it is linen, cotton or mixed goods.

A spider with a body as large as the thumb, and luminous as a lightning bug, has been found in Burma.

Bobbed heads
may be washed

It's easy to wash and dry the bobbed heads—A free lather of Baby's Own Soap in a basin of hot water is a simple and inexpensive shampoo and the lingering fragrance as of roses in the hair is very appealing.

Baby's Own Soap is sold in individual cartons 10c.—Everywhere.

WELCOME PASTOR

Queen Square Church Congregation Have Anniversary Celebration Re-union.

As part of the observance of the 184th anniversary and as a welcome to the new pastor, Rev. H. C. Rice, his wife and family, an enjoyable congregational re-union was held last night by members of the Queen Square United Church. Fred Green, recording steward, presided and a very pleasing programme was given. A vocal solo was contributed by E. Clyde Parsons, a piano solo by Miss Lillian Clark and a reading by Newton Rogers.

Addresses of welcome to the new pastor were given by Rev. R. G. Fulton, president of the Saint John Presbytery; Rev. Hugh Miller, of St. David's church; Rev. A. D. McLeod, pastor of the Carmarthen Street church and William Hawker, one of the senior members of the Queen Square church congregation. Mr. Rice replied on behalf of himself and his wife and family.

During the evening reference was made to the great loss the congregation had recently sustained in the passing of J. Willard Smith and R. Duncan Smith. Mrs. Blair MacLean, organist of the church, was the accompanist of the evening. Refreshments were served by the ladies of the congregation.

Milk Difficulty
Again Adjusted

The milk disagreement was adjusted last night at a meeting in the home of A. Ren Smith, president of the Kings County Milk Producers' Association, Hampton. Mr. Smith said the dealers had promised to re-instate the producers laid off following the September strike, to restrict their buying to the district agreed upon and to pay the price of 50 cents a can provided in their contract.

COMING HOME.

Commissioner J. H. Frink received a telegram from Mayor Forts in New York yesterday saying that His Worship expected to leave today for Boston, where he would spend a few days before returning to the city.

Rugs Such as These—
Graced the Court of Louis "Le Grand"

PICTURE the magnificence of Versailles with Louis XIV., "le grand monarque", holding court in all its regal splendor. Glitter of jewels, gleaming blades, gorgeous brocades, silk and satin—scenes the world may never behold again. Great rugs of glowing beauty cover the marble of the floor; rugs woven hard by at Beauvais and from the King's own workshops of the Louvre and the Savonnerie.

In that age of adventure and romance only kings, princes and great nobles could afford the luxury of woven rugs. Today such beauty is within the reach of all, for today we have Barrymore Rugs, creations of exquisite color harmony and striking originality of design, rugs that the great Louis himself would have cherished.

Barrymore Guaranteed Rugs are velvety soft to the touch, luxurious to the tread, yet will provide a lifetime of wear. This, because they are closely woven of the purest worsted and wool yarns. The lovely color harmonies endure in all their original beauty, as Barrymore Rugs are dyed with the finest of fast colors.

Surround yourself with the beauty which only kings could once afford, beauty which is now so easily within your reach. Beautify your home with Barrymore Rugs.
