THE EVENING TIMES AND STAR, ST. JOHN, N. B., MONDAY, APRIL 18, 1921

Handiest of Fruits—

Just slice an orange or two and place on leaves of lettuce—in a jiffy you have delicious salad.

Sprinkle sliced or cut-up oranges with shredded cocoanut or sugar—and there's a dessert that everybody likes.

"Five-minute" dishes we call them. Ready in a

trice for a quick lunch, on matinee days or maid's day out—or when unexpected guests drop in.

What other fruit is so convenient, so versatile, so good?

* * * *

Keep a dozen Sunkist oranges always in the house—to save time, to have luscious foods, to be ready for emergencies, and to benefit the family's health.

Sunkist Oranges slice best because they are practically seedless. Sweet, juicy, tender, firm—they make most tempting foods.

Ask your dealer for them. Get them in the tissue wrappers stamped "Sunkist."
