Mr. McLellan Will Attend No More Private Sessions

COUNCIL PROCEEDINGS

Site Provided For Trout Hatchery - Water and Sewer Extensions in Clarendon Street - School Board Appointments

Commissioner McLellan will attend no more private meetings of the city commissioners. He served notice upon his colleagues to this effect at the close of the weekly meeting of the common council yesterday afternoon...

When the resolution was moved by the commissioner of public works, Messrs. Schiefel, Agar and Wigmore gave their reasons for opposing it and Mr. McLellan followed with an agreement in favor of the motion...

Mr. McLellan: "Every man is supposed to run his own department, and I will run mine. I do not want to interfere with your system, however, and on the day when public safety matters are to be taken up in committee, I will send you a statement of any business which I may have to bring before the next meeting of the council, and you can discuss it as much as you want to."

FAMOUS FOR BEAUTY OF HER HAIR

Mrs. Esther Emery Has Hair Which Reaches to Her Knees. Was Once Thinned with Baldness. Tells How She Made New Hair Grow.

"People say I have the most beautiful hair in the world," says Mrs. Esther Emery, now visiting in the city. "I don't know about that, but certainly I am proud of my hair, for it has grown so in just twelve short months 'till now it reaches my knees. Last year it was anything but beautiful. I thought I was growing bald. A year ago my hair was thin and scraggly and coming out at an alarming rate. Little bald spots appeared all over my scalp, which was covered with dandruff and itched like fury all the time. I cannot tell you how many hair tonics I tried to save my hair and make it grow again. Some of them helped by taking out the dandruff for a while, but it came right back again and my hair grew thinner than ever. My success is no secret and I think that any man or woman can do the same with their hair if they will persevere as I have done. A friend, knowing my condition, sent me a clipping from the New York Herald which advised people who were growing bald to use a prescription consisting of 6 oz. Bay Rum, 2 oz. Lavona (de Composee) and 1-2 dr. of Menthol Crystals. I got these things from my druggist and mixed them myself. I allowed the preparation to stand several hours before using. Then I applied it each night and morning, rubbing right into my scalp with the finger tips till the skin fairly glowed. The results were immediate. When I combed my hair next morning only a few straggling hairs came away instead of the handful I was accustomed to gather. The dandruff left me this time for good, for I have never seen a speck on my head since. In less than a week tiny, little hairs appeared all over my scalp and these grew so rapidly that soon looked like a different woman. They have kept right on growing until they are as you see them now. A physician has told me that Lavona contains the pure juice of a rare South American shrub that possesses marvelous qualities for forcing a growth of hair and certainly after my own experience I can well believe it. Did I use more than the first treatment? Oh, certainly I am using it today. I go to any drug store and have 8 oz. put up at a time. It lasts about a month and costs very little. I'm not going to stop anyway until my hair reaches the floor."

For Those Who Work

Vin St. Michel

THE struggle for life becomes more strenuous every day and thousands of girls in our large cities owe their pale, anemic appearance to overwork in the stuffy atmosphere of the office, store or factory. Vin St. Michel is an invaluable remedy for all who are overworked or fatigued. Through its tonic influence, vitality is rapidly restored, functional activity improved, strength and staying power imparted and all disordered conditions of the organism promptly corrected. Vin St. Michel should be taken in doses of a wineglassful before meals and whenever the need of a tonic is felt.

The "KAYSER" SILK GLOVE

The name "KAYSER" stamped in the hem of a Silk Glove, is assurance of quality and reliability. The generally acknowledged supremacy of the "KAYSER" Silk Glove is not the work of a day or a year, but the cumulative result of many years' leadership, which has compelled recognition and attempted emulation on the part of others in the same field. The Genuine "KAYSER" Silk Gloves "cost no more" than the "ordinary kind" that are represented as being "just as good."

HOPES TO LEARN THE FATE OF ANDREE

New York, June 23-Christin Leden, the young Swedish explorer, who brought back from north-west Canada in 1911 Eskimo stories which apparently threw additional light on the supposed fate of Professor Andree, has left for the northern coast of Canada, where he will spend a year and a half or two years in exploration. Mr. Leden said he expected to obtain further information regarding Andree, the scientist, who is believed to have perished in the North Pole in 1897.

THE LATE MRS. ELIZABETH WILSON

The many friends of Mrs. Elizabeth A. Wilson of Pleasant Point, were shocked to learn of her death which occurred suddenly on Wednesday evening at the home of her daughter Mrs. S. J. D. Allan, Mrs. Wilson was formerly Miss Elizabeth Moore of Ireland and an only sister of the late Mrs. M. J. Wilson of Calais and Alexander of Mrs. S. J. D. Allan of Pleasant Point. She is survived by three sons—Samuel and William Wilson of Calais and Alexander of Mrs. S. J. D. Allan of Pleasant Point. She is also survived by four daughters, Miss Isobel Edwards, Mrs. John Andrew Edwards of Fredericton, Mrs. J. Hodge of Fredericton, and Mrs. Green of Dublin, Ireland; also two nephews—Robert H. Edwards of Halifax and Matthew Boyd Edwards of St. John. The funeral took place from her daughter's residence on Saturday and was attended by many. Services at the house and grave were conducted by Rev. N. R. Boyer of Fairville Baptist church.

New York authorities are making tests to determine the effect of tea and coffee on school children, using 10,000 subjects.

INVITE MEDICAL ASSOCIATION TO MEET NEXT YEAR IN ST. JOHN

Dr. Murray MacLaren left last evening for London (Ont.), to attend the forty-sixth annual convention of the Canadian Medical Association, which will be in session from June 24 to 27. Dr. W. W. White had already gone to attend the convention. It is expected that about 800 doctors from all parts of the dominion will be present as well as a number of medical men from Great Britain and the United States. Among those who will deliver addresses will be Dr. Patterson, of London (Eng.), Dr. Barker and Cullen, of Johns Hopkins University, and Drs. Billings, Ochsner and Murphy, of Chicago. One of the principal objects for which the association is striving at present and which will be discussed at the meetings is the establishment of a special department of public health in the federal government. The practitioners of the city will support an invitation to the association to hold their next convention in St. John. Building operations in New York City in 1912 required a total of 1,019,280,000 bricks, valued at \$5,595,770.

Daily Hints For the Cook

RASPBERRY ECLAIRS A delicate desert for the fruit season is an éclair or pastry puffs filled with a raspberry mixture. To make the filling, whip until stiff a half-pint of cream. Stir in gradually a scant quarter of a pound of sugar and add three-quarters of a pint of raspberries which have been thoroughly crushed. Keep the mixture on ice a short time before serving.

FROZEN PUDDING

Two quarts of milk, six eggs, half pint jar of cream, half pound of candied cherries, one cup of sultana raisins, one tablespoon of gelatine, half pint or more of fruit. Heat the milk, then pour over the beaten eggs. Return to the double boiler and cook till it adheres to the spoon, then add the gelatin that has been soaked in a little cold milk and strained when cold. Add the cream and fruit. Turn a few times and pack well. Soak the cherries in the rum over night. Like a flying squirrel.

GILLETT'S LYE EATS DIRT

Only one existing optile can sustain itself in the air. This is the flying dragon of the East Indies. It has no real wings, but can glide from tree to tree like a flying squirrel.
