

TRIOFPH OF LIBERALS ON JUNE 20

Sydney Paper Says the Talk of Flemming Walk-Over Is Foolish

MR. COPP'S POLICY

Commendation for Business Like Proposals of Opposition Leader in His Manifesto to the Electors—Tide of Liberalism Sweeping All Canada

(Sydney Record) But the Liberals are fighting with more than destructive criticism. The leader, Mr. Copp, in laying down a constructive policy, announces among other things a progressive programme in regard to the rural districts. He declares that if the province can afford to guarantee the bonds for railways on mortgage security, the public credit can much better be used to advance money to the farmers of the province at easy rates and accept their farms as security.

The election promises to be something better than the self-assured Conservatives professed it would be. It is not going to be by any means the walk-over for Mr. Flemming that they were inclined to boast. As a matter of fact, with the tide of Liberalism flowing so manifestly through the dominion, there is a splendid fighting chance for the party's triumph in New Brunswick.

A baby boy born about a week ago to Mr. and Mrs. Lewis Whiting of Burlington, Vt., has been registered already for admission in the Montclair, N. J. academy, from which Mr. Whiting was graduated. The baby has the distinction of being the youngest subfreshman on record.

MISSION WORK IS BEFORE ASSEMBLY OF PRESBYTERIANS

Set Back for Unification Proposal—The Question of Church Union

Edmonton, June 6.—The plan of the Home Mission committee of the Presbyterian church to unify the mission work of the church, received an unexpected check when the matter was introduced this afternoon.

The first recommendation of the committee should not be recognized. As was stated by Rev. Dr. A. S. Grant, in his assembly made, however, a vigorous protest and no decision on the subject was reached.

The proposal that all the work in the western section including the supervision of the hospitals, Sunday schools, Indian work, etc., should be under the supervision of the Home Mission committee, also received unexpected opposition. An overture has been sent from the synod of Alberta suggesting that the work should be unified but that it should be decentralized and that Saskatchewan, Alberta and British Columbia should be given complete supervision of the work in those provinces just as complete supervision of the work in the maritime provinces.

The representatives of the maritime provinces who were present in the assembly made, however, a vigorous protest and no decision on the subject was reached.

DEBT PILED UP BY FLEMMING GOVERNMENT

Liabilities Have Been Increased \$4,403,912 Under His Regime

HERE ARE DETAILS

Hon. C. W. Robinson's Statement Showing Reckless Mismanagement of Finances, Plunging New Brunswick Deeply Into Debt Despite Great Revenue

Hon. C. W. Robinson, in a speech delivered on March 29 in the legislature, gave a careful analysis of the revenue and expenditure under the Fleming government and its predecessors, in which he showed that there had been an increase of \$4,403,912 in liabilities under the Fleming government. The statement given by Hon. Mr. Robinson on that occasion is reproduced here in part:

Not only had the old government been blamed for the great increase in bonded indebtedness, but the honorable gentleman opposite now sought to lay the blame for the over-expenditure of \$50,000 against them. It would be only fair to make a statement of the debt as it stood at the present time and he would take as a guide the statement given in 1908 by the present premier (Mr. Fleming) in his budget speech, when he had placed the total liabilities of the province at \$10,235,000, as follows:

Table with 2 columns: Description, Amount. Includes Public Works Department, Crown Land Department, Receiver-General, Contingent Liabilities, Authorized by Law, Estimated balance required to construct bridges, Enormous Liabilities.

It was only right that these figures should be given to show how the province stood, and as comparison with the state of the finances of today when the

CITY LIBERALS TO ELECT THE WHOLE TICKET

Workers in the Wards Enthusiastic Over the Coming Battle

SEE THAT TIDE HAS TURNED

Strong Feeling Everywhere Against the Government is Reported—Organization Work Perfected at Meetings Held Last Night

Liberal ward rooms were open last evening and in every case enthusiastic workers turned out to take a part in the campaign for Cope and good government. The candidates spent a busy day yesterday in getting about the city and last evening expressed their confidence in the government, as they were greatly encouraged by the result. They reported that they had everywhere a strong feeling against the government, and unless all signs fail the four opposition candidates in St. John city will be returned with comfortable majorities.

M. A. Smith, of the opposition ticket in Sunbury, was in the city yesterday and expressed himself as confident that the government candidates would be overthrown in Mr. Hazen's old constituency.

"The opposition is gaining strength every day," he said, "and it is a very good thing for the government that they did not longer delay the election or they would have been left without a corporal guard in the house."

An amusing incident occurred as Mr. Smith was talking with friends in King street when John E. Wilson came along and was introduced to Mr. Smith, "I wish you every success, Mr. Smith," said the leader of the government ticket in St. John, as he grasped the hand of the brilliant young candidate from Sunbury. There was a general laugh at the expense of Mr. Wilson as he tried to explain that his party had been in opposition so long that he was obliged to recognize Mr. Smith as an opponent when he was introduced as an "opposition candidate."

LOOKS GOOD IN QUEBEC

Chas. H. Ebbett, of Gagetown, was in the city yesterday and brought news of a complete turnover in Quebec, which means the overwhelming defeat of Messrs. Wood and Siggins at the hands of the strong Liberal candidates, George H. King and I. W. Carpenter.

"After these men were nominated and had accepted," said Mr. Ebbett, "there was no longer any doubt of a Liberal victory."

The opposition campaign in St. John county is also going with a swing and the workers have opened an office in room 43 of the Pugsley building, Canterbury street. All county friends favorable to the candidate of high treason against the nation are requested to call. Persons wishing to have their names added to the voters' list procure the necessary blanks at this office. Phone Main 2594.

The Liberal ward workers of Wellington street held a meeting last night in their rooms, LeLachur street, Brussels street. There was a large attendance of Messrs. Bentley and Anderson well. The following officers were elected: Chairman, T. Collins; secretary, F. J. McDonald; sub-chairman, W. J. Thomas; Thomas R. Dillon; Louis McDonald, James Keenan.

In Kings ward T. O'Brien is chairman and Isaac H. Northrup, secretary.

An enthusiastic meeting of Liberal candidates was held at George street, Wellington house, in Lancaster, last night. Most encouraging reports were made and it was the unanimous opinion that the Liberal ticket would have a handsome majority. Plans for meetings were discussed.

In the Lorne ward rooms last night there was a large attendance. Arthur S. Connor was elected permanent chairman and Fred L. Corey, secretary. From now on to the close of the campaign large crowds are expected to be in attendance each evening.

In Lansdowne ward James Huey was unanimously elected chairman for the campaign and Maurice Delaney, secretary. Ferdinand Robitson of the Montreal Academie; in September last, this collector of customs who now takes the oath of allegiance to the crown, published an article in which he declared that the young men who joined the Canadian navy would be made cat-brothers. He even said: "It will take away our children to make cannon flesh, because the navy requires sailors and seamen, and it is our children, ours from the maritime provinces that they will claim in preference."

It is not only those that border on sea for, but a few millions, the title of what is today wasted by the Liberals in the construction of the Canadian Transcontinental. Laurier wants at the same time the blood of our children and our money."

Then this detestable writer continues that the navy's creation would be "a credit of high treason against the nation." Next this virulent writer said that the name of Laurier, because of the proposal to construct the Canadian navy was "split upon" and dishonored at the public meetings in Quebec. This is the gentleman who has been making a fortune out of their automobiles around the county decorated with Union Jacks and other flags.

Mr. Anderson took up the provisions of the highway act and condemned the way the people's money had been squandered in the administration of funds for roads and bridges.

Mr. Anderson's telling arguments were received with much applause and he would be a worthy representative of the county in the local house.

A. F. Bentley was given a rousing reception when he arose to speak and in his comparison of the methods of the present government with those of the old, showed that he had a clear understanding of the affairs of the province. In a very forceful manner he showed how the tender system under the present public works department was abused.

Mr. Bentley dealt with the policy at present in force with regard to the cutting of lumber from the Crown Lands and pointed out how the revenue was increased by allowing small timber to be cut.

When Hon. Dr. Pugsley was called upon he was tendered an ovation and the hall rang with applause.

Dr. Pugsley commended the policy by which the bonded indebtedness of the province had been increased over \$1,000,000. He showed that the revenue had been larger since 1908, and that there had been a wasteful expenditure of the public moneys since that time.

The speaker in very forceful terms scored the government for wasting money on the Central Railway. He also showed that the affairs of the St. John's Central Railway were anything but right and that the administration had fallen down in its promises for a railroad that would be a lasting benefit to the people of the St. John Valley.

Dr. Pugsley touched on the general issues of the day and urged the voters of this constituency to get behind the Liberal candidates and elect them by an overwhelming majority.

ENTHUSIASTIC RAILWAY IS HELD IN ST. MARTIN'S

The Candidates, Hon. Mr. Pugsley and James Lowell Are Heard

ROUSING RECEPTION

Telling Points Made by Speakers and Enthusiasm Is Such as to Warrant Prediction of Election of Both Liberals on County Ticket

St. Martin's, June 6.—One of the most enthusiastic political meetings ever held in St. John county took place here tonight under Liberal auspices in the Masonic Hall. Considering the very disagreeable state of the weather, the attendance was exceptionally large and those present gave the speakers a rousing reception, and the speeches of the candidates and others were punctuated with rounds of applause.

At times the cheering was so prolonged that the speakers were compelled to walk into the audience and shake hands. This was true when Hon. Dr. Pugsley scored the local administration for its action in regard to the St. John Valley Railroad and the Central Railway.

He condemned the government for increasing the bonded indebtedness over \$1,000,000 during its term of office. His remarks were greeted with loud applause and every mark of approval.

The tone of the whole meeting clearly indicates a smashing victory for the Liberal forces in the county.

The candidates, Messrs. Bentley and Anderson, were given a rousing reception and their speeches had the true ring of victory. Their arguments in condemnation of the local administration were clearly put and the audience was thoroughly convinced that the Conservatives, who were put in power in 1908, had broken every pledge given by them to the people of the province.

The feeling in this part of the county is that Mr. Bentley has proved himself to be a worthy representative and that he has always worked for the best interests of the province and his constituents. The feeling is also very strong that in Mr. Anderson, who is a practical farmer and well versed in the affairs of the province, Mr. Bentley has a worthy colleague and this combination is sure to carry the Liberal standard to victory in the coming election.

F. M. Cochran was chairman of the gathering and those who spoke were the candidates, Messrs. Bentley and Anderson, Hon. Dr. Pugsley, James Lowell and J. D. P. Levin.

Mr. Anderson dealt with the agricultural policy of the present government and he showed that it was utterly impracticable from the farmer's standpoint. He reviewed the pledges, which the Conservatives had made prior to their election in 1908 and showed that practically every one had been broken.

Mr. Anderson took up the provisions of the highway act and condemned the way the people's money had been squandered in the administration of funds for roads and bridges.

Mr. Anderson's telling arguments were received with much applause and he would be a worthy representative of the county in the local house.

A. F. Dr. Pugsley touched on the general issues of the day and urged the voters of this constituency to get behind the Liberal candidates and elect them by an overwhelming majority.

James Lowell and J. D. P. Levin spoke on the issues of the day and put forth many arguments in favor of a change in the local legislature. They pointed out the dangerous condition of the roads, and called on the people of the county to support the Liberal candidates, who are striving to give the province a clean government.

The people of this section are united in backing Messrs. Bentley and Anderson, and it is accepted as a foregone conclusion that the Conservative candidates have not the least chance in the county.

ST. JOHN PRESBYTERIAL IN SUSSEX NEXT YEAR

Shediac, June 6.—(Special)—St. John Presbyterial held its closing session this morning. After devotional exercises, a round table was held by Mr. R. D. Ross, of St. Stephen. The treasurer reported the amount of money raised for home and foreign missions as \$3,850.01. The officers are as follows: President, Mr. Donald Munro, Woodstock; vice-president, Mr. McVicar, St. John; secretary, Miss Walker, Woodstock; treasurer, Mrs. G. McFarlane, Fredericton. The conference closed to meet next year at Sussex.

YOU'LL SLEEP MORE SOUNDLY IF YOU KEEP HEALTHY WITH DR. MORSE'S INDIAN ROOT PILLS

The man or woman with a good appetite, sound digestion, and bowels and kidneys working right, is never troubled much with sleeplessness. It is when the bowels become constipated and the liver and kidneys sluggish that the trouble begins.

Lazy liver and constipated bowels quickly bring on biliousness, indigestion and sick headaches, making a sound, refreshing night's sleep impossible. Or the inactive kidneys allow the blood to become loaded with uric acid, which causes rheumatism, with all its sleep-destroying tortures.

Dr. Morse's Indian Root Pills, taken regularly, induce sweet and dreamless sleep by keeping all these organs active and regular. The headaches disappear, the digestion becomes good again, the blood is purified and perfect health returns.

Dr. Morse's Indian Root Pills have been a favorite household remedy in Canada for over half a century, and they are daily used throughout the world. Being purely vegetable they are safe for young children. Made by W. H. Comstock Co., Ltd., Brockville, Ont., and sold by all dealers at 25c. a box.

NATIONALIST GETS THE PLUM

The Tory Government's Appointment of Collector of Customs in Shediac

(Moncton Transcript) What do the loyal Conservatives of Moncton city and Westmorland county think of the Westmorland county Tory leaders' action in appointing to the office of collector of customs at Shediac, Mr. Ferdinand Robitson of the Montreal Academie? In September last, this collector of customs who now takes the oath of allegiance to the crown, published an article in which he declared that the young men who joined the Canadian navy would be made cat-brothers. CONGRATULATIONS TO MR. MCCREADY

(Charlottetown Patriot) It is seldom that we have the pleasure of congratulating a brother editor, upon his elevation to the serene atmosphere of office, for so therefore happy duty today, to heartily congratulate Mr. J. E. B. McCready, editor of the Guardian, on his appointment to the office of publicity agent for the province of Prince Edward Island.

McCready, as a newspaper man and editorial writer, is well known from Ottawa to Charlottetown, and highly respected both in and out of his profession. Besides being one of the best editorial writers—we have no hesitation in saying this—in the local Dominion of Canada, Mr. McCready has distinguished himself as a publicist whose knowledge, resources and ability, have won for him personal distinction and an enviable position in journalism. He has a thorough grasp of the capabilities of Canada, and the potential wealth, surpassing lovelessness and unrivalled climatic conditions of our own province.

During the years that Mr. McCready has edited the Guardian, he has had an opportunity of learning everything worth knowing about the island. Thus he is eminently fitted for the position to which he has been called, and we believe that, in his new field of endeavor, he will continue true to the best interests of our country, devoting his gifted pen to the development of our resources, the expansion of our trade, the increasing of our population, doing all that lies in his power for the progress and welfare of our people. All will be glad to learn that Mr. McCready will continue to reside in Charlottetown, where he, Mrs. McCready and their children have spent many happy years, and have become firmly established in the affections and regard of many people.

New York State has a population of 9,113,279, a gain of 25.1 per cent. since 1900.

He sent to Portland, Me., a quantity of the same, and it was found to be more than 800 pounds. This kept some fingers busy in the forests of New Brunswick and Nova Scotia, and now a good many jaws will be kept busy in the United States.
