An interesting and pleasing event took place at the last session of the Grand Lodge of L. O. G. T., held at Nanaimo last week. Mrs. L. Hall was presented with a very handsome pearl brooch in recognition of her services as an officer of the Grand Lodge for a number of years. Mrs. Taylor, of Vancouver, made the presentation, and in doing so gave a very appropriate and kindly address, which was received by the delegates with a very mark of approbation. Mrs. Hall, though much surprised, expressed her thanks and pleasure at receiving such a handsome expression of their good will.

The Nanaimo Free Press says: "Miss Ethel Hodgson, daughter of Ald. Hodgson, has received through the educational department the governor's silver medal for receiving the highest marks in High school work. Her standing also entitles her to one year's tuition in the McGill University. The young lady, who is but 17 years of age, is to be congratulated upon her high standing. She is at present prosecuting her studies at the high school in Vancouver. It is noteworthy that in 1901 Miss Hodgson's brother won a scholarship in McGill being the first student in British Columbia to take first-class honors and scholarship in this examination."

Six months ago mention was made in these columns of the transfer of the old established business of H. P. McDowell to two young Victorians, Messrs. W. H. P. Sweeney and J. H. McConnell. This firm has already outgrown its former premises and have secured larger and more up-to-date quarters on Langley street, in the building recently purchased by the E. C. Permanent Loan Company. In conversation with a Times reporter Mr. Sweeney said that they had not only doubled their printing business but had increased their printing business by 300 per cent. They are now enter-

ing the mail order business and have shipped rubber stamps as far east as Coleman, Alberta, and as far north as Yukon Territory.

In the past five years The Mutual Life of Canada has more than doubled its surplus (in fact has almost trebled it) and every dollar is for the sole benefit of its policyholders—who alone, own everything, control everything, and get everything. A. B. McNeill, special agent; R. L. Drury, manager, 34 Broad Street.

Of the efficacy of the Times as an advertising medium it would be impossible to obtain more conclusive proof than an incident which occurred on Saturday, 2.30 o'clock in the afternoon F. H. Eaton telephoned the newspaper requesting that a small advertisement be inserted announcing the loss of a bunch of keys. Shortly after four o'clock, within half an hour or so after the paper had been left, the missing property was to be found.

## Constipation and Its Results.

WHY BILEANS ARE SO HIGHLY BENEFICIAL

About eight women out of every ten suffer from constipation. Certain portions of the food we eat are useless as food and the work of the bowels is expedited. Their work is aided by a secretion of the liver—the bile. When this secretion fails, or is secreted in insufficient quantity, the bowels become inactive and constipation results. Impurities which should be expelled gather, and then note what happens! The blood comes in contact with this foul accumulation, is filled with poison, and the circulation carries these poisons all over the body. That is why constipated persons have so much headache, foul taste in the mouth, etc.

From this it is seen that if the liver is corrected, the bile flow will be set right, that in turn will correct the intestines, and the constipation will be ended. This is exactly what Bileans do, and why they are so superior to ordinary medicine or purgatives. These induce the bowels, but do not get to the cause of the evil (the liver). Bileans do. Mrs. Frances Greene of Earl street, Kingston (Ont.), says: "My liver was sluggish and out of order, and I had great trouble from constipation. Every movement of the bowels had to be forced. I doctored and tried all manner of remedies, but nothing brought a permanent cure until I tried Bileans. They cured the constipation, ended the sluggish, tired-out 'liver' feeling, and made me feel bright and buoyant."

Similar evidence is forthcoming from all quarters of the globe. Bileans cure constipation, piles, headache, female ailments and irregularities, debility, indigestion, liver, kidney, wind, rheumatism, and all disorders arising from liver and stomach derangement. All dealers and stores at 50c. a box, or post free from the Bilean Co., Toronto, on receipt of price. Six boxes for \$2.50.

## JURY DISAGREED.

Charge Against Julius Marfaudilli of Seattle Will Come Up Again Next Month.

Seattle, Oct. 13.—The jury men paneled to hear the case wherein Julius Marfaudilli charged by the State with second degree murder, came into court yesterday afternoon after having been locked in the jury room nearly 20 hours, and their foreman declared to the court that they were unable to reach a verdict. The jury left the box. The jury was discharged.

Marfaudilli is the man who set a revolver in his trunk, so that it would be discharged when the lid lifted. He says he set the revolver in the trunk so as to protect from theft an old accordion, which he had placed in the trunk. Mrs. Darley, landlady of the lodging house where Marfaudilli was staying, out the State with second degree murder, and the revolver was discharged, killing her instantly.

## ORIENTAL DAY IN POLICE COURT

## CHINAMEN GATHERED AT TRIAL OF GAMBLERS

Nine Celestials Pleaded Guilty and Were Fined—Three Will Fight the Case.

(From Monday's Daily.)  
It was Oriental day in the police court this morning. Apparently all the gambling element of Chinatown had turned out to witness the fate of their comrades arrested several nights ago in a successful raid by the Victoria police upon one of the Pan 'Tan' night dens, before the bar of justice. When the case was called Thornton Fell announced that he had been engaged as counsel for their defense.

Chief Langley had evidently gone to some trouble to make his case as clear as possible. Upon a large table drawn up in full view of the court was a miscellaneous collection of the paraphernalia used in that peculiarly Chinese game, fan. For some time an attempt to enter into a detailed description of the various items, which were boxes containing many mysterious things, among which were noticed beads of different colors, markers, small dotted cards of oblong shape, and a profusion of cigar boxes, which had evidently been used by thrifty bankers for the storage of money, probably ill-gotten gains. But this was not all, other goods, such as clocks, chairs and the like, were also exhibited in the apartment in which the gamblers had been arrested, were scattered in every direction, while the floor was strewn with strong steel springs, were placed against the half of justice did not present an orderly appearance one is accustomed to see, in fact, all was confusion, the appearance of their countrymen during their trial appearing to stimulate the excitement of the spectators almost beyond the limit of endurance.

Mr. Fell pleaded guilty on behalf of nine of his clients, as follows: C. Hoy, Lee Hoy, Lee Gee, Chee Kow, C. Ling, Loo Chin, Wing Woe, Loong and Wing. On behalf of three—Gee Gong, Chin Boo and Why—he put in a plea of "not guilty." The former were fined \$5 each, which sum was paid forthwith. Upon application the trial of the latter three was adjourned until Wednesday, the 17th inst. It is not known what line of defense will be advanced, but, in all probability, it will be mistaken identity, or an attempt will be made to show that these particular men were taking no active part in the game.

Chief Langley took for the confiscation of all the goods taken from the gambling den, in addition to \$32.20 found upon the tables. Counsel for the defense did not object to the former, but protested against the money being taken. His instructions were that it had been found in the possession of one of the Chinamen. If that was the case there was no proof that it was gambling money. The police might just as well go through the pockets of every Chinaman arrested and keep everything found. He protested against the proposal.

The magistrate remarked that it was simply a case of showing whether the money was on the table or in the hands of any particular Chinaman at the time it was obtained by the police officer. That might be decided at the trial of the three Chinamen on Wednesday.

A charge against Jas. M. Mansell of having obtained board and lodging at the Queen's hotel under false pretences was remanded until Wednesday. Five Chinamen were convicted and dealt with in the usual way. This concluded the business which Magistrate Hall was called upon to deal with to-day.

## TROUBLE IN SAN DOMINGO.

Revolutionary Leaders Refuse to Stand by Articles of Agreement For Surrender.

Washington, D. C., Oct. 13.—The following cablegram was received at the navy department from Commander Sutherland, dated Mont Christi, San Domingo, to-day: "I regret to inform you that revolutionary leaders at the last moment refused to stand by the articles of agreement for their surrender."

"They have massed forces of about five hundred at a distance of fifteen miles and demand the most impossible terms."

"The president of San Domingo has directed the renewal of hostilities."

Cape Haytien, Hayti, Oct. 13.—Advices received here to-day from Mont Christi say that the investigation made by the Haytien commission into the killing of a number of Haytiens near the frontier, by Dominicans who were enraged at the authorization accorded to the Dominican government by Hayti to land troops on Haytien territory, and take the rebels in the rear, has had no result. The Dominican government informed the commissioners that it refused to be responsible for any acts of the rebels.

## HILL'S NEW ROUTE.

Difficulties Encountered by Engineers—How the Line Will Be Built.

A St. Paul, Minn., dispatch to the New York Evening Post says: The building of the Vancouver, Victoria & Eastern Railroad, one of James J. Hill's enterprises, is without doubt one of the most difficult pieces of railroad ever accomplished in the West. The most difficult portion is in the vicinity of Midway, B. C. This town has an elevation of 2,100 feet above the sea level. Molson, at the summit, has an elevation of 3,705 feet above the sea level, while nine miles further on is Oroville, with an elevation of only 900 feet. To connect Midway and Oroville with a line of railroad was a difficult task, but the engineers have succeeded in overcoming all difficulties. The line begins to rise at Midway, and continues along the up grade along the Kettle river valley until Moyers creek is reached. The road continues to ascend from this point and touches the

Pittsburg, Oct. 13.—A boiler of the government boat Blackwater exploded to-day, wrecking the vessel, killing three men, injuring six others, and creating havoc in the lock on the Ohio river where the boat was lying. Two unknown negro workmen, about the boat are missing and are thought to be lying in the Ohio river dead.

## MILLIONS FOR CHARITY.

London, Oct. 13.—By the death to-day of Mrs. Lewis Hill, widow of Sam Lewis, the well known money lender, about \$15,000,000 will be distributed in charitable bequests.

In accordance with the will of Sam Lewis, who died in 1901, his whole fortune was left to his widow for life, besides which she was given outright \$5,000,000, much of which presumably will go to her second husband, Lieutenant Hill of the Scots Guards.

King's Hospital fund comes in for a large sum. Besides a specific amount of \$1,250,000, the hospital gets about \$3,000,000 out of the residue of the estate.

About \$5,000,000 goes towards establishing a dwelling for the poor; \$175,000 is devoted to the relief of the Jewish poor and Jewish hospitals, and \$375,000 goes to other hospitals. A number of other institutions get good legacies.

Lewis was the most famous man in England in his business. His transactions were of the most colossal. He was among the highest personages in the land. He was shrewd and hard, but absolutely honest. He used to say his motto was, "I lend to the Lord and give the proceeds to the poor."

It is now claimed that his princely bequests seem to prove the truth of his words.

## ROSSLAND CAMP.

Strike in Crow's Nest Pass is Affecting Shipments.

Rossland, Oct. 13.—The strike of the coal miners of the Crow's Nest Pass Coal Company is beginning to be felt here in the reduction of shipments, which this week are the lowest in years.

The coal smelter has notified the Le Roi company that it will receive no more ore from the Le Roi after to-day, and the smelting plant at Trail will close down to-morrow or on Monday.

The Le Roi, however, will ship ore to Newport for a considerable time yet and store it in the bins and yards there till a supply of coke can be obtained. The Le Roi No. 2 is taking advantage of the lull to repair its shaft and to break down the mill.

The Centre Star will for a considerable period keep its forces of men at work in developing and installing a new hoist and compressor plant and in other work; while the Trail smelter will be talking and making comparisons between the course followed with respect to the I. O. F. and that which was pursued regarding a large company at the head of which was the chief financial backer of the Liberal party in Canada.

## FIRE IN STARCH WORKS.

Brantford, Oct. 12.—The Brantford Starch Works were the scene of a blaze to-night. The outbreak occurred at about 9 o'clock and was due to combustion, caused, it is supposed, through a piece of metal passing through the grinders. The damage to the main building is estimated at \$25,000, and that in the vat department at about \$15,000, a total of about \$40,000. About 50 hands are thrown out of employment.

## SINGULAR ACCIDENT.

Stratford, Ont., Oct. 13.—Charles Kimber, employed by the White Packing Company as a pig sticker, is in the hospital here in a serious condition, caused by a pig which he was killing kicking and striking the knife.

To Oppose Minister.

Halifax, N. S., Oct. 13.—Dr. R. C. Weldon, dean of the Dalhousie law school, former M. P. for Alberta, was nominated yesterday by the Shelbourne Queen Conservatives to oppose Hon. Mr. Fielding at the bye-election on October 31st.

## SHOT THROUGH HEAD.

Sprague, Man., Oct. 13.—John Whittier, a section man, employed by the Canadian Northern railway at the gravel pit spur, left his house on Saturday with a rifle, apparently going to hunt. He did not return. A search was made of the woods, and he was found yesterday shot through the head about nine miles east of Sprague. Whittier came from Toronto.

## COMMITTED TO TRIAL.

Winnipeg, Oct. 12.—Late last night Thomas Powers and Alex. Savage were committed for trial for the manslaughter of Thomas Humphreys in a barroom row at the Stock Exchange hotel on Saturday night. Savage was allowed out in the small bail of \$20, but Powers was incarcerated in jail to await the assizes. Savage said at the hearing last night that he saw Powers reach out with his foot at the deceased, and Powers did not deny the allegation.

## BY-LAW DEFEATED.

## RENEWED VIGILANCE.

Strangers Not Welcome in Vicinity of Russian Imperial Palace.

St. Petersburg, Oct. 13.—The minister of the Imperial court has issued an order forbidding officials and employees of the court to rent rooms, or otherwise shelter any persons without the special permission of the minister. The order is due to the arrests of Klepikoff and other terrorists at Peterhof, September 28th, and the discovery that many of the participants in the conspiracy were living in the immediate vicinity of the palace. The police are searching for a second mysterious automobile supposed to belong to terrorists, which appeared in St. Petersburg recently.

## ANOTHER VICTIM OF RUGBY FOOTBALL

## SECOND FATALITY OF SEASON AT TORONTO

G. W. Fowler, M. P., Attacked Governor-General at the Insurance Commission—Notes.

Toronto, Oct. 13.—Rugby football has claimed one more victim at the University of Toronto in the death yesterday afternoon of W. C. Ellis, son of M. C. Ellis, vice-president of P. W. Ellis & Co., a big jewelry firm of this city. On Wednesday Ellis was taking part in a practice game of football and sustained an injury which almost at once rendered him unwell. He was removed to his home and rapidly became worse, but despite this no fatal results were anticipated. However, he grew worse yesterday and rapidly sank. The cause of death was heart failure, resulting from an overstrain during the game. A week ago Cameron Paxline, another student, died from injuries received in a football game.

## INSURANCE COMMISSION.

Toronto, Oct. 13.—The insurance commission yesterday closed its Toronto sitting and adjourned to Montreal. The investigation of I. O. F. affairs is not completed. George W. Fowler, M. P., gave evidence in connection with the famous land deals in Western Canada. His refusals to answer questions were frequent, although in each case he ultimately bowed to the ruling of the court. Before the session adjourned Mr. Fowler, in a somewhat heated address, called Mr. Shepley, the government counsel, a "leath hound," and declared that the examination into the affairs of the I. O. F. had been severe because Conservative members of parliament were connected with various transactions. He also accused Shepley of acting unfairly. The public, he said, were talking and making comparisons between the course followed with respect to the I. O. F. and that which was pursued regarding a large company at the head of which was the chief financial backer of the Liberal party in Canada.

## BRAKE IN NECK.

Young Man Died From Injuries Sustained in Game of Football.

## THE FARMER'S WIFE

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood.

To aid in healing old sores, or ulcers, apply Dr. Pierce's All-Healing Salve to them while taking the "Golden Medical Discovery" to purify and enrich the blood.

Dr. Pierce's All-Healing Salve is cleansing and pain relieving. It destroys the bad odors arising from suppuration, and cures all sores, and puts them in the best possible condition for healing.

The "All-Healing Salve" is a superior dressing for all open, running, or suppurating sores. For healing open wounds, cuts and scratches it is unsurpassed.

If your medicine dealer does not have the "All-Healing Salve" in stock mail 50 cents in postage stamps to Dr. R. V. Pierce, Buffalo, N. Y., and you will receive it by return post.

In treating all open sores, or ulcers, boils, carbuncles and other swellings, it is important that Dr. Pierce's Golden Medical Discovery be taken persistently to purify the blood and thereby remove the cause of the trouble. It is in the blood that the great battle of health has to be fought. The ulcer and the sore are simply the scarlet flowers of disease, with roots running down into the blood. These roots must be eradicated or the disease will break out afresh. "Golden Medical Discovery" cleanses the blood of all foul and poisonous accumulations, pushes out the dead and waste matter, and thus purifies the entire life current. Disease in the flesh must die out when it is no longer fed by foul blood. "Golden Medical Discovery" effectively cures disease in the flesh by curing its cause in the blood.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing distress in stomach, constipation, irregular bowels, sour or bitter rising after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid, or lazy liver with the usual accompanying indigestion, or dyspepsia and its attendant derangements.

The best agents known to medical science for the cure of Biliousness, Constipation, and all the ailments of the bowels are the writings of leading teachers and practitioners of all the schools of medical practice, have been skillfully and harmoniously combined in Dr. Pierce's

## LANDSOWNE'S DENIAL.

Nether Balfour Nor Colleagues Promoted Irish Devolution Scheme.

London, Oct. 13.—Lord Lansdowne, addressing 5,000 people at Nottingham to-night, endeavored to settle the controversy concerning Sir Antony Patrick MacDonnell, under-secretary to the lord-lieutenant of Ireland, and his devolution plan. The speaker declared emphatically that neither ex-Premier Balfour nor his colleagues ever promoted or participated in the promotion of proposals of devolution or anything leading up to home rule, and said he was not aware of the existence of any documents compromising the liberty of action of the Conservative party.

## CALVARY BAPTIST CHURCH.

Special Anniversary Services on Sunday—Social on Tuesday Evening.

(From Monday's Daily.)  
The first anniversary of the settlement of Rev. F. T. Tapscott, M. A., in the pastorate of Calvary Baptist church was the occasion for special services in that edifice yesterday. The pastor occupied the pulpit, and the service was an evening of the sermon was preached by Rev. L. Walton Terry, of Tacoma, general missionary of the Northwest Baptist convention of Washington. Special music was rendered at both services by the choir, and at the evening service a solo was given by Mrs. Tapscott.

To-morrow evening the anniversary social will be held in the schoolroom of the church, and all members and friends are cordially invited to be present. A short musical and literary programme will be provided and refreshments dispensed by the ladies of the congregation.

## GOLDEN MEDICAL DISCOVERY.

That this is absolutely true will be readily proven to your satisfaction if you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a free copy of the booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famous medicines, and showing what the most eminent medical men of the age say of them.

## Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe, one of the Editorial staff of THE ECLECTIC MEDICAL REVIEW says of Unicom root (*Helonia Dioica*) which is one of the chief ingredients of the "Favorite Prescription": "A remedy which invariably acts as a uterine invigorator, makes for normal activity of the entire reproductive system. He continues 'in Helonia we have a medicinal agent which more fully answers the above purposes than any other drug with which we are acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this agent. As a further fact, it says: 'The following are among the leading indications for Helonia (Unicom root). Pain or aching in the back, with leucorrhoea (watery conditions of the reproductive organs of women); constant sensation of heat in the region of the kidneys; menorrhagia (bleeding); due to a weakened condition of the reproductive system; amenorrhoea (suppressed or absent monthly period); arising from or accompanying an abnormal condition of the blood; general debility and weakness; (this blood) habit; dragging sensation in the extremities; lower part of the abdomen.'

More or less of the above symptoms are present in every woman who does better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicom root, or Helonia. And the medical properties of which it most faithfully represents.

Of Golden Seal root another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says: "It is an important remedy in disorders of the womb. In all catarrhal conditions of the uterus, it is useful." Dr. Pierce's Favorite Prescription faithfully represents the above named ingredients and cures the diseases for which they are recommended.

Dr. Pierce's Pleasant Pellets are the original Little Liver Pills, first put up by old Dr. Pierce over 40 years ago. Much imitated, but never equaled. Easy to take as candy.
