VOL. 38 VICTORIA, B. C. TUESDAY, JUNE 25, 1907. No. 54.

THE RECEPTION TO PRINCE FUSHIMI

Victoria Accorded a Fitting Welcome to Dis- tinguished Visitor—Driven About the City This Morning.

His Imperial Highness Prince Fushimi, envoy extraordinary from the court of Japan to His Majesty the King, arrived yesterday afternoon, and is now a guest in this city. As usual with the Japanese archon, "Tates" the whole city turned out, the streets being crowded from the wharf to far beyond the Japanese arch on "Tates" street. This city has a reputation in the way of receptions to distinguished visitors, and yesterday's was no exception to the general practice. There are other places where more demonstration is made, but none where the reception is more hearty. This was shown yesterday, when the Prince, after chattering along the route, a fact accounted for in part by the fact that it was Sunday. At the same time the reception was made representative in every way.

There was in fact the strange cosmopolitan blending of representatives of nearly all nations under the sun which is noticeable to such a marked degree in this city. The weather was glorious, and the Prince's arrival and departure on scheduled time. As the steamer approached the entrance to the harbor the salute of guns from the fort at Work Point boomed forth the signal to those with-
in the city that His Highness was approaching. Arriving at the C. P. R. wharf a distinguished party awaited his arrival. His Honor James Dunsmyr, in the uniform of Lieutenant-Governor, was present, attended by Major Andrew, Chief of Police, Geo. Riley and the local government by Hon. R. G. Tatlow, acting premier, and Hon. H. E. Young, provincial secretary. Colonel Holman, C. O. Grant, P. M. A. O., Col. Hall, C. O. Fifth Regiment, C. A., Capt. Williams and other officers of the militia forces. Capt. Luke and officers of H. M. S. Monmouth also were on hand to extend their welcome to him. Mayor Prior and several of the aldermen attended to represent the city, and there were also on the landing place Hon. E. Dewdney, ex-Lieutenant-governor, Col. Prior, ex-premier, and others. His Imperial Highness and party had a delightful trip from Vancouver under the ideal conditions which usually prevail in the Pacific waters. Lunch was served on the Princess Victoria.

In addition to the Prince there were also present in the party, Michioji, Seigo Nagasaki, councillor of the court of His Imperial Majesty the Emperor of Japan; Saburo Baba, K. C. V., grandmaster of the household of his

IS NOT RETIRING FROM POLITICS

R. G. Macpherson M. P., Laughs at Report—Member for Vancouver is on Visit to Victoria.

R. G. Macpherson, M. P., for Vancouver city, accompanied by Mrs. Macpherson, came down from the Mainland yesterday and is spending a few days at the Capital.

Mr. Macpherson laughs at the reports that he is about to retire from politics, and says that his opponents have been busy finding billets for him ever since he entered the House. However, any one who knows the aggressive and capable member for the Terminal City will understand that he is too young and too fond of a fight to have any desire to drop out of the fray at the present time.

Speaking of conditions generally, Mr. Macpherson says the Laurier administration seems to grow steadily in favor and whether the issue is joined this year or two years hence it will be a victorious party which will line up behind Canada's great Commander-in-Chief, Laurier. The recent colonial conference at London, has added fresh laurels to the fame of Sir Wilfrid, according to a prominent Australian seaman, with whom Mr. Macpherson was conversing a short time ago, while that gentleman was on his way home from the conference. According to this gentleman Sir Wilfrid was the one member of the conference who loomed large as Imperial at the gathering in question.

In regard to B. C. politics, the member for Vancouver says Hon. Wm. Templeman is more than making good as a cabinet minister and is accomplishing a great number of things for the province, particularly in connection with the department of marine and fisheries. As to Vancouver, the member is naturally very proud of the growth of that city, and sees for both it and the beautiful capital a great future.

THE CHURCH'S DUTY DISCUSSED

AT CONFERENCE NOW SITTING IN CITY

Brotherhood of St. Andrew Pro- ceeded This Morning With Re- gular Business of Session.

(From Monday's Daily.)
This morning the members of the conference of the Brotherhood of St. Andrew commenced the day's work with corporate communion at 8 o'clock at St. Barnabas' church. Breakfast was afterwards partaken of by those who had been present in church at 9 o'clock in St. Barnabas' schoolroom.

Owing to the great number of members attending the conference, it was decided to hold the morning session in the Cathedral in place of the schoolroom, as had been previously arranged. At 10.30 a. m. the business of the conference was continued in the schoolroom, the Rev. Canon Beaulieu occupying the chair.

The subject before the meeting was "The Church's Duty," regarded in the

BUSINESS FOR THE COUNCIL

SUBJECTS TO COME UP THIS EVENING

Several Matters to Be Deal With at the Regular Weekly Session.

The routine business at the weekly session of the board of aldermen tonight does not promise to be voluminous. Several minor reports from committees will be submitted, chief among which is that of the streets, sewers and bridges committee, of which Ald. Henderson is chairman.

This report will recommend that a new bridge be constructed over the creek crossing Myrtle street as the old structure has fallen into a dangerous state. Other recommendations are that the Oak Bay municipality be furnished with a list of the city's street names to avoid duplication in the Oak Bay district and that the city solicitor be asked to advise the council upon the powers which the city possesses in respect to forcing the various companies having underground pipes for gas and other supplies to restore streets to their original condition after repair work has been effected.

The council will also be advised to construct a sewer upon Foul Bay road from the city to the Lighthouse road, in compliance with a request recently received from the municipality of Oak Bay, asking for an abatement of a nuisance on that property. The sewer will extend to the city limits, the Oak Bay municipality will be asked to bear a proportion of the total cost.

The by-law in regard to caterpillars and other pests which was referred to in another issue, will probably be introduced for consideration. The streets committee recommend that the council refuse to accept the resolution of the Spring Ridge property owners in connection with the sand-pits in that locality and will present a report on the matter, giving full information in regard to the matter. At the last meeting the recommendation was returned to the committee for the addition of this information.

Ald. Vincent has given notice that he will move the following motion in regard to the Liquor License regulation by-law: "That the times fixed by sections 5 and 9 of the Liquor License Regulation By-law, No. 503 for alteration of premises necessary to conform to the regulation contained in sections 4, 9, 10 and 12 of the said by-law, in each case hereby extended to the first day of November, 1907."

The pending decision of the Full court in the appeal case may or may not sustain the by-law, and opinion is divided in the council as to the best course to be followed. While the Mayor and several of the aldermen do not favor delay, it is thought by some of the members of the board that the time for the alterations to be made as required by the by-law, should be extended. To-night another deputation will wait upon the board of aldermen to press the matter, and to support Ald. Vincent's motion.

Ald. Meaton will move the adoption of a resolution appointing five members of the Provincial Royal Jubilee hospital board.

DISCUS THROWING.
Martin J. Sheridan Has Established a New Record.

New York, June 24.—Martin J. Sheridan, of the Irish-American Athletic Club, established a new world's record for throwing the discus yesterday at the games at Coney park. He hurled the discus 146 feet 10 inches, beating his own record, made at Montauk last year, by 17 inches. Among those opposed to Sheridan was Lee Talbot, the young Mercedesburg academy champion, who was second with a throw of 125 feet 3 inches.

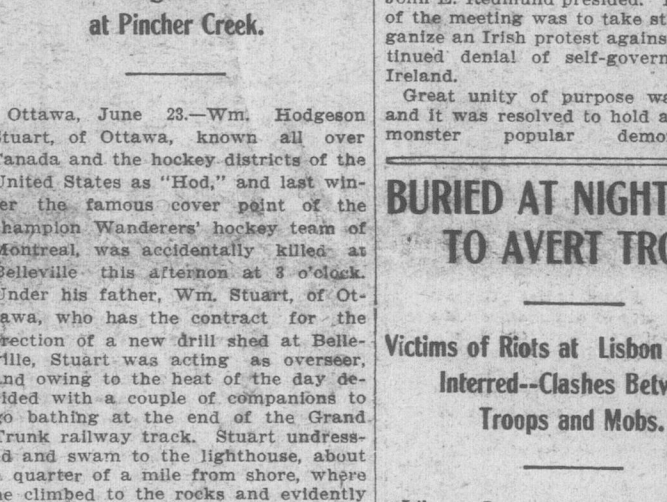

MET HIS DEATH WHILE BATHING

MAN ACCIDENTALLY KILLED AT BELLEVILLE

Struck Rocks When He Dived Into Water—Magistrate Drowned at Pincher Creek.

Ottawa, June 23.—Wm. Hodgson Stuart, Ottawa, known all over Canada and the hockey districts of the United States as "Hod," and last winter the famous cover point of the champion Wanderers' hockey team of Montreal, was accidentally killed at Belleville this afternoon at 3 o'clock. Under his father, Wm. Stuart, of Ottawa, who has the contract for the erection of a new drill shed at Belleville, Stuart was acting as overseer, and owing to the heat of the day decided with a couple of companions to go bathing at the end of the Grand Trunk railway track. Stuart undressed and swam to the lighthouse, about a quarter of a mile from shore, where he climbed to the rocks and evidently decided to return, and dived into the water at a point where it was only two feet deep. Not rising to the surface those who saw him dive knew something was wrong, and immediately put off in a boat. Arriving at the scene the party soon found the poor fellow's body dragging on the bottom. He was beyond aid and medical examination revealed the fact that his skull was fractured, and his neck broken from coming in contact with the rocks beneath.

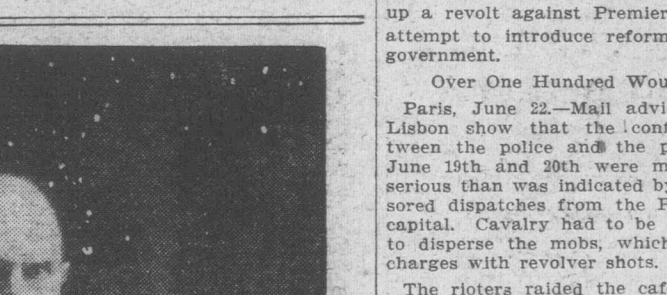

Magistrate Drowned.
Pincher Creek, June 23.—A. M. Morgen, police magistrate here, was drowned yesterday in Pincher creek.

RT. REV. BISHOP KEATOR.

two fold light of how the church was "to win the man and when he had been gained over to the church how he was to hold him."

J. A. Birmingham, the first speaker, commenced his address by remarking that one thought runs through the society was the duty of men and their responsibilities. This was summed up in the words obligation—the obligation of our manhood, manhood, or the process of winning and developing man, was generally received as the chief duty of the race at the present day.

THE LORD BISHOP OF COLUMBIA.

SAYS THE IRISH HATE ENGLAND'S RULE

John Redmond Declares Freedom Alone Will Change Feeling—Proposal to Boycott British Manufactures.

Dublin, June 24.—J. E. Redmond delivered an address at Wexford yesterday at the ceremony attending the unveiling of a memorial to Westfordians who fell at the battle of New Ross in 1798.

He gave a defiant warning to British statesmen, saying: "We tell England that we hate her rule as bitterly as our forefathers hated when they shed their blood on this spot. We tell her that we are as much rebels to her rule to-day as our forefathers were; we tell her that she can change that hatred only by granting freedom, and so long as she withholds freedom it will strike at the power that holds our country in bondage."

Organizing protest.
Dublin, June 23.—Sixty-four representatives of the districts of seventeen members of the House of Commons attended a meeting of the National Directory of the United Irish League, which John E. Redmond presided. The object of the meeting was to take steps to organize an Irish protest against the continuation of self-government for Ireland.

Great unity of purpose was shown, and it was resolved to hold a series of monster popular demonstrations throughout Ireland, to endorse the declaration of the national convention that nothing short of national autonomy will satisfy the Irish people, and lead to peace and content, as well as to impress on the minds of British statesmen the necessity of finding some acceptable solution of the question.

The people are to be asked to cease the use of British manufactures and to insist that the children be taught the Irish language in the schools. Besides approving a number of other planks in the national policy, a resolution was unanimously adopted expressing confidence in the Irish party and approval of its withdrawal from the Liberal alliance. The directory, however, rejected by a vote of 80 to 7, a motion inviting the co-operation of Mr. William O'Brien, member for Cork, and Mr. Timothy Healy, M. P., for the North Division of Louth, and rejected also by a vote of 80 to 4 a motion favoring the retirement of Nationalist members from parliament, which was strongly advocated by some of the most extreme members of the league.

Mr. Redmond expressed to the Associated Press his satisfaction at the result of the meeting, and said that he anticipated a great popular agitation, "with Home Rule as the sole plank of its platform."

BURIED AT NIGHT TO AVERT TROUBLE

Victims of Riots at Lisbon Secretly Interred—Clashes Between Troops and Mobs.

Lisbon, June 24.—The two persons killed by the police while suppressing a political demonstration against Premier France, which marked his return here from Oporto on June 19th, were buried secretly by the police last night to avoid manifestations.

There have been a number of clashes between the police and the people, in which some of the latter are slightly wounded and numerous arrests have been made.

It is said that the government intends to prosecute the leaders of the opposition, who are accused of stirring up a revolt against Premier France's attempt to introduce reforms in the government.

Over One Hundred Wounded.
Paris, June 23.—Mail advices from Lisbon show that the conflicts between the police and the people on June 19th and 20th were much more serious than was indicated by the censored dispatches from the Portuguese capital. Cavalry had to be called out to disperse the mobs, which met the charges with revolver shots.

The rioters raided the cafes, armed themselves with bludgeons formed of iron and marble portions of the tables, bottles and so on, and fiercely attacked the police and troops, the latter fired several volleys. Two rioters were killed and over a hundred were wounded, six of them sustaining mortal injuries. A decree has been issued authorizing the civil government of Lisbon to suspend newspapers which incite disorder.

It is understood that Premier France wishes King Charles to issue a decree suspending the constitutional guarantees, but the King, who came to Lisbon expressly to confer with the premier, refused to do so.

RAILWAY ACCIDENTS.

Billings, Mont., June 23.—In a rear-end collision on the Northern Pacific, a few miles from Billings, James Harrison, conductor, and Charles Durfee, brakeman, were fatally injured. The men died shortly after being taken from the wreck. Injuries on the train sustained slight injuries.

Another wreck.
Pittsburg, June 23.—Two men were killed and twenty-five were injured in an evening in a wreck on the Pittsburg, McKeesport & Youngstown branch of the Pittsburg & Lake Erie railroad, near Pittsburg. Conductor J. W. Wright and Nesbit B. Kelly were killed. The breaking of a clamp on an automatic switch caused part of a passenger train to split, and the runaway cars dashed into a siding, colliding with several cars loaded with iron.

MANUFACTURERS WILL BE PROSECUTED

Declined to Furnish Information to Department of Census and Statistics

Ottawa, June 24.—Criminal proceedings are being instituted against ten Canadian manufacturing concerns for failing to furnish information to the department of census and statistics which has recently been compiling a census of Canadian manufactures. A blank form was mailed some months ago to every manufacturing concern in Canada to be filled out and returned. A number of firms demurred and protested that they should not be required to disclose their conditions. The department sent a second circular assuring them that the information given would be treated with confidence, and attempting to introduce reforms in the government.
