

MANHATTAN.

Hon. Dr. Pugsley a Director of the Steamship Company.

Officers Elected Last Friday - To Have Ten Steamers on the Several Routes.

The stockholders of the Manhattan Steamship Co., which it is said, is to establish a line of steamers between New York and Bangor as soon as the Penobscot is open for navigation, was held in New York on Friday when the election of officers was held; it is announced that the company will open its other lines to Maine ports immediately and that the arrangements for running steamers to this city are already perfected. Of the organization and plans the New York Commercial says:

The following is the result of the election of officers: President, Richard Morrell; treasurer, James N. Huston; secretary, N. L. Newcomb. The members of the executive committee chosen were: W. De L. Walbridge, W. H. Kimball, J. Howard Sweetser, H. G. T. Martin, Hon. John Hinchcliffe, James W. Cunningham, Frank Presbrey and A. L. Newcomb.

The board of directors is composed of the following stockholders:

The affairs of the company were handed over to the board of directors, who from now on are to take entire charge of the business, as the success of the company is now guaranteed. The company wishes it distinctly understood that it is in no sense a revival of the old Manhattan Steamship Company, which was in existence until about two years ago.

That line operated between New York, Bangor and Eastport. The present Manhattan Steamship Co., however, is entirely new and much more extensive. There are to be ten steamships, the cargo capacity of each ranging from 1,000 to 1,300 tons, with accommodations for from 50 to 150 passengers.

The following lines will be operated by the new company: New York & Portland Line, for Portland, Me.; New York & Bangor Line, for Bangor, Me.; New York & Eastport & Bangor, Me.; New York, Eastport & St. John Line, for Bar Harbor, Eastport and Calais, Me., and St. John, N. B.; New York, Yarmouth & Halifax Line, for Yarmouth and Halifax, N. S., Cape Breton and Prince Edward's Island.

The company is capitalized at \$900,000 seven per cent. participating stock, and \$600,000 five per cent. common stock in shares of \$100 each, all fully paid and non-assessable. The preferred stock, which is preferred, both as to dividends and assets, is entitled to the first seven per cent. earned, and participates in all other earnings after dividends at the rate of five per cent. are paid to the amount of common stock issued.

MARRIAGE AT JERUSALEM, QUEBENS CO. Miss Angelina E. Sleep, daughter of Joseph M. Sleep of Jerusalem, Queens Co., N. B., and William A. Machum were married at the Methodist church on the evening of the 29th ultimo. A large number of people assembled to witness the ceremony. After the marriage the bridal party, with a few of their most intimate friends, drove to the home of the bride's parents, where a sumptuous tea was served. Among the presents were two handsome parlor chairs, the gift of the church, of which the bride has been the popular organist.

After spending a pleasant evening, the guests departed, and the happy couple drove to their future home, followed by the best wishes of all for their happiness.

The Woman of the House.

Almost every woman at the head of a home meets daily with innumerable little worries in her household affairs. Perhaps they are too small to notice an hour afterwards, but these constant little worries have their effect upon the nervous system.

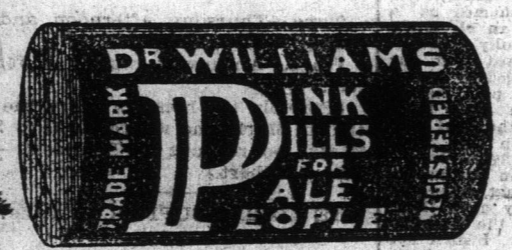

It is these little worries that make so many women look prematurely old.

Their effect may be noticeable in other ways, such as sick and nervous headaches, fickle appetite, a feeling of constant weariness, pains in the back and loins, heart palpitation and a pale or sallow complexion. The blood and nerves need attention, and for this purpose

Dr. Williams' Pink Pills FOR PALE PEOPLE

are woman's best friend. They are particularly adapted as a regulator in diseases peculiar to women. Through the blood and nerves the pills act upon the whole system, bringing brightness to the eye and a glow of health to the cheek. Thousands of wives and mothers have testified to the benefit derived from the use of Dr. Williams' Pink Pills.

WOMAN'S AILMENTS.

There are many imitations and substitutes, but these cannot cure and may work further harm. The genuine always has the full name—"Dr. Williams' Pink Pills for Pale People," on a box like the engraving on the left.

FREDERICTON.

Supreme Court Reserves Judgment in the Restigouche Election Case.

The Bogus Rothesay Voters List - Meeting of the Barristers Society - York County Court - Other Events.

FREDERICTON, Feb. 8.—The supreme court met today. All the judges were present excepting Judge Hanington. The oath of allegiance was administered to the following barristers: A. B. Connell, K. C.; M. N. Cockburn, F. B. Carvell, W. P. Jones.

The following common motions were made: Hilyard C. Peck v. Gifford B. Peck and wife—J. H. Dickson, K. C., moves for time to file notices of motion for new trial. Granted till March 1st.

A. J. Gregory occupied the remainder of the session up to one o'clock, when the court took recess, arguing in support of a motion to rescind Judge Gregory's order for substitute service of York election petition and to stay all proceedings in the matter of the petition and discontinue it with costs.

The King v. G. O. D. Oty, secretary-treasurer of Kings county, ex parte Geo. W. Fowler—which is the title under which the Rothesay electoral list fraud is entered on the docket—is now before the court on motion to make absolute an order nisi granted by the chief justice to quash the bogus list. C. N. Skinner, K. C., is showing cause in behalf of the sheriff of the county; Messrs. Hazen, Stockton and Currey, K. C.'s, support the order nisi for the quashing of the list.

none of them—not even his wife and son, or his stevedemen—would know where he was, and that he should withhold the name of the persons who perjured him, although he admitted he could make a shrewd guess. The chief justice remarked that the affidavit contained too much. Mr. Gregory was still arguing when court took recess.

Mr. Gregory continued his argument this afternoon, and at its conclusion the court ordered that the case be stood until the Easter term. The Restigouche protest case is now before the court.

FREDERICTON, Feb. 8.—The Restigouche election case came before the court on reference by Judge McLeod of an application made to him to set aside an order granted by his honor extending time for service of petition.

The death occurred at the home of his uncle, James Fanjoy, Tuesday evening, of "Boid" D. Fanjoy, aged eighteen years, son of Duncan Fanjoy of Newcastle, Queens county. The young man was working in the lumber woods, and was brought out several days ago suffering from fever and was too ill to be taken home. The body was taken home today by his father.

The vote will be taken concurrently with the bye-elections on March 11th. In the meantime a permissive bill will be put through the legislature authorizing the city to issue debentures for \$80,000, the estimated cost of the sewerage system, in the event of the vote of the citizens being favorable.

After the reading of the treasurer's report, which showed a very satisfactory condition, the following minute was moved and by unanimous consent recorded:

It is believed fully in accord with the sentiments of all present that we should place on record our profound sorrow at the removal from earth of our beloved and honored patroness, her late Majesty the Queen of England, "Victoria the Good," always tenderly alike to the well being of her subjects, included also in her loving regard the dumb brutes of creation.

while binding us more closely together, will make more possible the attainment of those high aims for the Empire which we believe were ever before the eyes of England's greatest Queen. At a meeting of the supporters of the local government held this afternoon to select a candidate to fill the vacancy caused by the resignation of Alex. Gibson, Jr., Geo. W. Allen, barrister, of this city, was unanimously chosen.

THE CIGARETTE EVIL.

(Halifax Chronicle, Edit.) In a recent article dealing with the rapidly growing evil of cigarette smoking among school children, an evil which, according to trustworthy reports, has made dangerous headway in this city and threatens to affect girls as well as boys, the Wesleyan says: "We believe that people in general are not at all alive to the disastrous consequences attendant upon the smoking of cigarettes by growing boys and to the prevalence of the habit among them in the dominion. Unless we want to have the nervous fibre and mental strength of our boys destroyed, we had better acquaint ourselves with the enormous proportions of the evil and its deadly menace to health, and so be aroused to take more efficient steps for its abatement. In the United States there is a growing conviction that radical measures must be taken to stop it. Governor Bliss of Michigan, in his recent inaugural message to the legislature, thus referred to it: 'Firmly believing that the growing use of cigarettes is a menace to the youth of Michigan, I call the attention of the legislature to the evil, and advise the most stringent legislation possible, in order that the sale of cigarettes may be discouraged, if not prohibited.'"

NO OTHER COURSE LEFT.

"How did you happen to meet that footpad so mercifully?" they asked of the mild little fellow. "It was all his own fault," was the reply. "I was too frightened to speak when he stopped me, and he would have had everything his own way if he hadn't grabbed me by the arm on which I was recently vaccinated. I just had to fight, then."—Chicago Post.
