

RECIPROCIITY PASSES SENATE

Loyal Canadians Must Now Defeat Taft-Laurier Plan.

As Expected, United States Senate Jumped at Chance to Secure Advantageous Trade Pact with Canada -- Passed by Big Vote.

LET LOYAL CANADIANS READ THIS. St. Paul, Minn., July 23.—James J. Hill, president of the board of directors of the Great Northern Railway Company, following the passage of the reciprocity agreement between the United States and Canada declared tonight in effect that this country had profited more by what it had prevented than by what it had gained.

Washington, July 22.—The passing of the Canadian reciprocity bill in precisely the form it emerged from the House, brings to an end President Taft's long fight for the measure, but during the debate which led up to today's final action the measure was swept away and a vigorous fight was waged to saddle the measure with riders that friends of the measure claimed would have meant the defeat of the whole proposition.

Following the passage of the bill by the Senate and its immediate signature by Vice-President Sherman, the measure was immediately upped back to the House who originated it, engrossed on parchment, signed by Speaker Clark, and then signed by President Taft. Officially, the measure is not in effect until his return from Beverly, Mass., next week.

The Senate took up the Canadian reciprocity bill as soon as a quorum was obtained at 10:15, the call showing 73 senators present. The amendment of Senator McCumber, of North Dakota, reducing duties on many necessities of life and increasing the free list, was first taken up and defeated.

The vote was: Borch and Hoyburn, Idaho; Bourne, Oregon; Clegg, Kansas; Burns, New Hampshire; Clapp and Nelson, Minnesota; Clark and Warren, Wyoming; Crawford and Cambie, South Dakota; Cummings and Kenyon, Iowa; Dixon, Montana; Gronna and McCumber, North Dakota; LaFollette, Wisconsin; Lippitt, Rhode Island; Lorimer, Illinois; Oliver, Pennsylvania; Page, Vermont; Smith, Michigan; Smoot, Utah.
