PARTINGTON DRIVE
HUNG UP ON NASHWAK

A Heavy Rain Needed to Re-

lieve the Situation—Gibson

Mills Closed Down.

Fredericton, May 19.—The Edward Partington Company's entire lumber cut of between twelve and fourteen million superficial feet on the Nashwauk river and its branches is hung up. The largest portion of the lumber on the Nashwauk was to go to the company's pulp and paper mill at St. John.

The Gibson mills at Maryville, now owned by the Partington Company, are closed down and it will be at least a month before sawing operations are commenced. No more than three-quarters of a million feet of logs have floated down the river into the boom at Maryville this spring. The company drive of between three and five millions on the Bartholomew river is out. Unless there is a substantial rise of water at a comparatively early date the St. John river drives will have great difficulty in getting out, if they are able to get out at all.

A heavy rain is all that can save the situation for the upper St. John river lumbermen according to the latest information. The water has been falling rapidly and it has now got a pitch where it will be only with the greatest difficulty that the drives can be brought along.

ANGELIC CHURCH

APPOINTMENTS.

Fredericton, May 19.—Rev. Edmund Halston, the present curate of Christ Church Cathedral, has been appointed rector at Hoyt Station and will take up his new work on June 1. Rev. Mr. Hale, a graduate of Bishop's College, Lennoxville, and lately of the Diocese of Calgary, is the new curate.

This morning the following appointments were made by His Lordship Bishop Richardson: Rev. C. Gordon Lawrence to be rector of Kingston, Kings county; Rev. Lewis Blackhall to be rector of the Parish of Westmorland, Westmorland county; Rev. Frank Gaskill to be missionary at Waterford, Kings county; Rev. Frederick Howell to be deacon in charge at New Denmark, Kings county. They were ordained yesterday.

MURDERER EXECUTED.

Ossining, N. Y., May 19.—John Mulroney, who was to have been put to death as a murderer on March 17th, but won a sixty days' reprieve by declaring in a personal appeal to the governor that he was going to his death as a martyr, was executed at Sing Sing prison early today. "Happy Jack," as he was known to his comrades, won to the last the spirit that had won him his nickname, and called back to the other inmates of the death cell a cheerful "goodbye." Charles Becker, the former New York police lieutenant, and the gunmen involved with him in the Rosenthal murder were among the thirteen who answered the gallows. The murder of which "Happy Jack" was convicted was that of Patrick McBreton, known as "Paddy, the priest," a New York saloon keeper.

LOCOMOTIVE ENGINEERS

ARRANGE NEW SCHEDULE.

Moncton, May 19.—It is reported that the Brotherhood of Locomotive Engineers' general board of adjustment has arranged a new schedule of pay with the I.C.R.R. for engineers of all classes of service, but the heaviest gains will be for the men doing the heaviest work. The firemen have also secured a substantial raise. Back pay of engineers and firemen will date from January 1st.

LOST IN THE WOODS.

Richibucto, N. B., May 19.—Cecile Richard, of Rogersville, a man over eighty years of age, is missing and is thought to be lost in the woods between Rexton and St. Ann. The old man, who was slightly demented, strayed a month ago to Rogersville. His friends in Rogersville thought he had reached St. Ann in safety, and his relatives in St. Ann did not know he had started for the latter place.

The Daily Hint from Paris.

Thousands of men throughout Canada are suffering today from a deplorable failure of strength without knowing that they are the victims of nervous exhaustion. The signs are plain. The sufferer cannot keep his mind on work, passes restless nights, turns against food and cannot digest it, feels exhausted after exertion, while headaches and fits of rage grow both in frequency and severity. The pain may be terrible and with each attack seemed to grow worse. The only relief I could get was from a hot mustard bath, and the application of hot water and ammonia to my head: I would then have to be led to bed where I had to remain until the attack passed away. At this time Dr. Williams' Pink Pills were brought to my notice, and while I scarcely hoped they would cure me, I decided to try them. After taking a few boxes I found that the attacks were not so severe, and I joyfully continued taking the Pills until I had used ten boxes, when every symptom of the trouble had passed away, and I was in better health than I have ever enjoyed before. It is several years since my cure was effected, and I feel that the cure is permanent. This is a plain statement of my case, but no words can tell what my sufferings really were and I believe that but for Dr. Williams' Pink Pills I would have been in my grave, for I could not have stood the pain much longer and doctors did not do me any good.

Dr. Williams' Pink Pills are sold by all medicine dealers or may be had by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

THOUGHT IT WAS
CANCER OF STOMACH

Tortures of Chronic Dyspepsia Cured By "Fruit-a-tives"

Sydney Mines, N.S., Jan. 25, 1910.

For many years I suffered torture from indigestion and dyspepsia. Two years ago I was so bad that I vomited food constantly and lost 25 pounds in weight. I was afraid the disease was cancer.

I read about "Fruit-a-tives" and the wonderful cures this fruit medicine was making, and I decided to try it. After taking three boxes, I found a great change for the better, and now I can say "Fruit-a-tives" has cured me when every other treatment failed, and I reverently say "Thank God for 'Fruit-a-tives'."

ST. JOHN MAN TO SUE

CITY OF HALIFAX

The City of Halifax is already faced with the prospect of a number of actions for damages from the riots of Friday, and last night's further disturbances, when four passengers were beaten at North Street Station, will swell the number. The tram company have notified the City that they will hold them strictly accountable for all loss occasioned by the rioting. It was urged on the Board of Control yesterday that fire insurance policies did not cover damage occasioned through riots and this is a possibility which has to be considered for the future. A large number of people have been injured in the disorder and it is understood all of them, citizens or tram employees alike, contemplate suing the city.

One action which it is stated will be brought is by Billis A. Dunfield, trader for the J. E. Moore Lumber Co. of St. John, a passenger on the Ocean Limited, who was assaulted as he stepped from the train on arrival at North Street Station Friday night. Dunfield was struck over the head with a stone and badly cut. He states that he called at the office of a North End physician, requested to have the wound dressed. The physician refused to treat him, saying that he would not dress the wounds of any "d— strike breaker." The injured man was very indignant over such unprofessional conduct and discourteous treatment in a strange city. He then went to the office of another physician and had the injury attended to.

Mr. Dunfield was taken to the Queen Hotel, where his injuries were so serious that it later became necessary to remove him to the hospital—The Chronicle.

ARE AFTER THE "FANS."

Philadelphia, May 19.—The woman suffrage campaign will begin at once here a campaign to convert the "baseball fans" to their cause. Permission has just been given some of the suffrage workers to invade the parks of both the American and National Leagues. The campaign will start with the distribution of a pamphlet entitled: "Woman suffrage from the standpoint of a young man."

YOUNG RASCALS
SECRET SOCIETY

Members Sworn in on Bible,

and Club Room Decorated

with Sunday School Books.

Moncton, May 19.—Nine boys, arrested on suspicion of stealing from the C. R., appeared in the Moncton police court this morning. Their arrests followed the search of a barn on High street on Saturday night by I. C. R. police, who found a quantity of goods the property of the I. C. R., including carpenter's tools, lanterns, oil, cigarettes and other articles. The cigarettes had been stolen from a club, secured the barn and fixed it up for their use. After a while they began to take goods from the I. C. R., including cigars, canned goods, etc. The other playmates, hearing about the good things at the club, wanted to join. Those who were already in the club were not to admit the boys without a binding of a pledge of secrecy. So a Bible was procured from home of one of the boys, and all the new members were required to swear on it. The boys were not to reveal the proceedings of the club nor tell anything about the stolen goods. To deceive visitors, the club secured some Sunday school books and along with the Bible had them arranged about the club. The boys also made a ball team one of the features of their organization.

DEATH OF MRS. GALLIVAN

IN CHATHAM.

Chatham, N. B., May 19.—The death occurred at 11 o'clock last night at her home, of Mrs. Edward Gallivan. She was 65 years of age. Her husband, Mr. Edward Gallivan, was a well-known resident of Chatham. She was the mother of three children: Bessie, Mamie, and Gertrude. She was also the mother-in-law of Mr. and Mrs. Thomas and Frank. All at home, to mourn their sad loss.

Public notice is given of the incorporation of James William Hennessy of Port Charlotte, Quebec, lumberman, Angus William Fraser, and Harold Duncan McCormick, barrister-at-law, Louis Simpson, engineer, William Samuel Calvert and George Lewis Orme, manufacturers, and Edward Seybold, capitalist, all of Ottawa, as the 11 Shale Oil Company of Canada, Limited, to carry on a general mining and exploration and developing business respecting the kinds of minerals, ores and by-products thereof on any property owned by the said company. The company has a capital of \$5,000,000, and Ottawa is the chief place of business.

Announcement of the organization of the company is particularly interesting to New Brunswickers, the company is to operate in this province, in Albert county. It has been formed to take over the shale areas controlled by Senator Donville, Col. F. V. Woodburn and R. L. Johnston, who, it is

New Way to Banish

All Hairy Growths

(Modes of Today)

Many people will be interested in the new and simple treatment by which hair or fuzz can be permanently removed from the face, neck or arms. This consists in making a paste with plain powdered delonite and water and applying to hairy surface. After two or three minutes it is rubbed off the skin washed and every trace of hair has vanished. This is a painless, harmless method and no more required. Straggly eyebrows can be made to grow thick and beautifully lustrous by rubbing pyroxin on frequently, and applying to hairy surface. The hair will come in long and silky, apply pyroxin to lash-rocks with thumb and forefinger. Use care and don't get any pyroxin where no hair is wanted.
