## Labor Member of Parliament Severs Party Connection

### Declares Party in England Consists of Four Groups, Each Antagonistic to Others

London, Feb. 4.—(Canadian Press Cable)—Explaining why, although an old trade union official, he had severed his connection with the labor party, Charles Jenson, member of parliament for Walthamstow, declaring today that the party consisted of four groups, each preaching a philosophy, which, if successful, would destroy the others. The Trades Congress, by the way, has been committed to a policy of nationalizing everything, but the co-operative group said nationalizing must not apply to that group. Mr. Jenson said he could conceive of nothing worse for labor than to have a majority in the House of Commons for, while it would be impossible to see which section would predominate, there certainly would be attempts at experiments which would be very dangerous for the average trade union leaders.

The main idea, he added, was to tell the workers that all they need worry about was higher wages, shorter hours and going slow to give the other fellows a chance. Workers, he said, should realize that labor saving machinery created employment by creating wealth, and if we increased production sufficiently every worker should be able to have a two months summer holiday and a six hour working day.

## Sweden Suffering From Extreme Cold

Stockholm, Feb. 6.—Exceptional cold is being experienced by Sweden, especially in the northern part. Ports and harbors gradually are becoming blocked with ice, the ferries from Trällebör to Samsäl, Prussia, have ceased, and connection with Denmark is maintained only with great difficulty.

After a vain fight with ice, the American destroyer Reuben James, bound from Danzig to the Mediterranean, was obliged to enter Trällebör.

# ROYAL YEAST CAKES

As a health builder, Royal Yeast is gaining in popularity every day. It is a food—not a medicine. It supplies the vitamins which the diet may lack. Royal Yeast is highly beneficial in cases where the system seems "run down". Royal Yeast is the richest known source of vitamins, and when taken into the system acts as a corrective agent. Royal Yeast Cakes are recommended for their purity and wholesomeness. It is the purest, the most convenient and economical yeast on the market.

Two to four Royal Yeast Cakes a day will work wonders. A full day's supply can easily be prepared at one time by using one glass like warmer and teaspoon sugar to each yeast cake. Allow to stand over night in moderately warm room. In the morning stir well and pour off liquid. Place in refrigerator or other cool place and drink at intervals as desired throughout the day.

## Brunswick Chapter Annual Meeting

Reports Submitted Show Vast Amount of Work Accomplished—Mrs. Herbert Wetmore Elected Regent.

The annual meeting of the Brunswick Chapter, I. O. D. E., was held at the home of Mrs. S. Elliott, De Month street, yesterday, Mrs. G. S. Mayes, vice-regent, in the chair. Regular routine was transacted, followed by the election of officers for the year 1922, as follows:

Regent—Mrs. Herbert W. Wetmore.  
First Vice-Regent—Mrs. Harold Mayes.  
Second Vice-Regent—Mrs. J. Boyle.  
Secretary—Mrs. J. William Hart.  
Treasurer—Miss Jennie Clark.  
Educational Secretary—Mrs. W. I. Fenton.  
Public Secretary—Mrs. Lewis Simms.  
Standard Bearer—Mrs. Frank Tilton.  
Councillors—Mrs. Hetherington, Mrs. Barton, Mrs. Herbert Mayes, Mrs. R. Dolé.

Secretary's Report.  
Madame Regent and Members, Brunswick Chapter, I. O. D. E.: I beg to submit the eighth annual report of our organization. In listening to a resume of the work done, I am sure you will feel that our Chapter has proved itself, as in the past, worthy of existence.

Ten regular and two special meetings have been held with an average attendance of 22. Our membership is now 36. During the year we have graciously accepted three resignations, but welcomed four new members to our work.

In May, the Chapter attended a very impressive service in Trinity Church, at which the Colors of the 115th presented by our Chapter to that battalion and returned from overseas, were placed at rest.

On May 14th we observed by being present in Perthall when our Regent, on behalf of the Municipal Chapter, placed the wreath on the Monument in Soldiers' Plot. We also attended in a body the Thanksgiving Service in Trinity.

Funds for our work were obtained by Pledge Money, which amounted to \$24.50; Talent Money, donations of \$12.50 to our Lost, Forgotten Fund and our Halloween Tea and Sale, which netted us \$371.46.

Donations have been given to the following: Navy League, \$22; Grenfell Mission, \$25; Boy Scouts, \$10; Milk Fund, \$20; Child Welfare, \$10; Nurse, \$120; Teacher at East St. John Hospital, \$60; Goodfellows Fund, \$25; Salvation Army, \$25; Milk for Prog. Kindergarten, \$10.

Lost We Forget Fund (for benefit of returned men) has proved a source of much help.

We have been able to assist a number of men by small donations of \$5 and \$10 when the need was urgent, and a little encouragement needed. At Easter seven families were sent baskets of cheer, with cards of Easter greetings; flowers to patients in hospital, and a number of garments for children made and presented. Some of our members gave blankets and pillows.

During the winter 22 calls have been made; relief given in fuel, groceries and underclothing. At Christmas, cords were sent to the Military Hospital; six baskets containing Christmas dinner and filled stockings for children; and a number of garments for children made and presented. Some of our members gave blankets and pillows.

Under the head of Educational Work, \$300 has been given to the War Memorial; \$25 to help a child remain at school; a prize for best marks in British History was given in Albert School; a picture (Canada's Answer), also a flag chart were placed in the school at Aboukiki; \$5 to Library at Grand Manan, and an addition to the library already given is on order.

On Empire Day we joined with other Chapters in putting on a pageant, illustrating events in British history; also we pay our share towards Returned Soldiers' Scholarship at the U. N. B.

All of us who had the pleasure of hearing Miss Laing must feel how important and beneficial our Educational Work is, and what a privilege to have part in providing such a lasting monument to our soldiers. Let us remember this is I. O. D. E. great work and do what we can as in past years to help provide the funds to carry it on.

Respectfully submitted,  
RACHEL WETMORE,  
Secy. Brunswick Chapter, I. O. D. E.  
Treasurer's Report.

## Big Decrease In Unemployment In U.S. During January

### Nearly All Industries Outside of Steel and Textiles Increased Forces.

Washington, Feb. 6.—Unemployment decreased sharply in the United States during January, the Department of Labor reported today and 40 out of 42 industries and industrial centres had 42 per cent. more workers on payroll Jan. 31 than on Dec. 31. The calculation was made from the actual reports of 1,428 concerns, normally employing more than 500 people each.

Nearly all industries, outside of steel, textiles and railroads increased their labor forces. In Detroit, increase was 38.9 per cent.; in Sioux City, Ia., 21 per cent.; in San Francisco, 14.8 per cent.; Chicago was listed among 40 cities reporting increases.

Denver showed the largest decrease in employment with 43.7 per cent. during the month, while Chattanooga, Tenn., lost 16 per cent. In New York the reported decrease in employment was 1.5 per cent.

While the results "fail to give any indication of the substantial improvement in business activities predicted for January, Director Jones of the federal employment service, said in his report, increase in employment in metal products other than iron and steel, miscellaneous industries is the encouraging feature."

"The feeling that there will be a decided change for the better by early spring is manifested everywhere," he added, "and seems to be based on real evidence of prosperity and not mere optimism."

The funeral of Mrs. Lyle S. Macnab took place yesterday afternoon at 2:30 o'clock, from her residence, 220 Duke street, following service by Rev. A. MacKellan. Interment at Fernhill.

From Danzig to the Mediterranean, was obliged to enter Trällebör.

## BE BRAVE AND RUN, DON'T FIGHT HOLD-UP MEN, SAYS HUGHES

Life Is More Valuable Than Money, Chicago Chief of Detectives Declares—Issues a Few "Don'ts" for Guidance of the Public.

Chicago, Feb. 6.—"Run if you can, but don't fight robbers," is the advice of Michael Hughes, chief of detectives in Chicago.

Don't resist because life is more valuable than money, and most of the present day thugs, will kill unhesitatingly, he advises. It's not a coward, but a prudent man who runs from robbers.

"To know how to avoid holdup men one must first know how they operate," Hughes told the United Press. "Ninety per cent of the robberies are by auto bandits, who swoop down on a lone pedestrian at a lonely spot. If the intended victim is alert, he will turn about and be ready to flee the instant one starts toward him or says 'hands up.' Robbers will not shoot at a running man.

"When in strange neighborhoods keep to the car line streets as much as possible. Look around before starting along any one street. Be sure no one is following. Keep to the outside of the walk. If someone emerges from a hallway or gangway, that leaves at least the width of the walk as a running start. If suspicious characters approach, cross to the other side of the street. If they do likewise turn and run, not forgetting to yell for police.

The public can be of great assistance to police in making robberies unprofitable, Hughes states. These are a few rules that may be followed:

1. Don't carry large sums of money or valuable jewelry at night.
2. Be always on the alert for "attack up men"; by anticipating them you may circumvent them.
3. Don't resist, if caught unawares and the "drop" is on you.
4. Run if you have the opportunity on being accosted.

## Obituary

### William S. Perkins.

Word has been received by Mrs. W. H. McBride of the death of her uncle, William S. Perkins, which occurred at his home, 7 Regent street, Ottawa, after an illness of over a year. Mr. Perkins who was in his seventy-seventh year was the son of the late James and Caroline Perkins, and was born in Springfield, N. B. Prior to taking up his residence in Ottawa Mr. Perkins was for several years a highly esteemed merchant of Hatfield's Point, Bellisle, where he was actively identified with the Baptist church. The last of his frequent visits to his native province was during the autumn of 1920.

Mr. Perkins is survived by his wife, formerly Miss M. Louise Ganong, and one daughter, Mrs. John Caldwell, with whom he resided. One sister, Mrs. George McAlpine, of Gagetown N. B., and one brother, Leo S.

## The Kidneys

The office man and the outdoor worker suffer alike from derangements of the kidneys.

Backaches and headaches are among the symptoms. In some cases Bright's disease soon develops, others suffer from high blood pressure until hardening of the arteries sets in.

In order to forestall painful and fatal diseases prompt action should be taken at the first sign of trouble.

Mr. A. D. MacKinnon, Kirkwood, Inverness county, N.S., writes:

"I can highly recommend Dr. Chase's Kidney-Liver Pills to all suffering from weak kidneys. I suffered from kidney disease for a long time. I may also say that for three years I was nearly always troubled with headaches, and no treatment seemed to do more than afford temporary relief. I was finally told of Dr. Chase's Kidney-Liver Pills, and after using a few boxes was completely relieved. I have also used Dr. Chase's Ointment with the best results, and never fail to recommend these wonderful remedies."
