FULL RADIUM**

\$59.50

Royalite—Same as Royal with centre seconds-hand
\$65.00

ROLEX OYSTER WRISTWATCHES, so widely used by sportsmen, technicians, doctors and nurses, are now very much on War Duty. The fact that ROLEX Oysters are used by more R.A.F. Pilots than any other watch proves their outstanding value for Military and Naval purposes.

ROLEX Oyster Wristwatches won peacetime fame because of their remarkable accuracy. The same reason is back of their extensive use by members of the Armed Forces.

From 1911 up to the present date, ROLEX has obtained 31 First Honours for accuracy at the Observatories of Kew, Geneva, Bienne, Neuchatel and Besancon for all sizes. Nearly all of these records still remain the highest in their class.

So as to make each ROLEX Watch as practical as it is accurate, the creation of ROLEX style and design receives attention, equal in importance, to the most exacting phase of manufacture. Thus, no effort is spared to keep ROLEX in the forefront of the world's finest watches.
