

“Over The Top”

EVERYTHING is in readiness. Eager willingness—abundant energy—dauntless courage are there.

“Over the Top!” It is the signal that starts the “drive”—a drive of aim—of force—of progress.

So now is this frost-tinted, energizing month of September, we say “Over the Top” for the Fall “Drive” of the **NEW STANDARD TEACHER TRAINING COURSE**, to last for thirty days from about September 15th. This is “carrying on” the work begun last year.

This effort that is being put forth by the S.S. & Y.P.S. Board in conjunction with some thirty other denominations in the Sunday School field of North America, is for the purpose of placing at least one Teacher Training Class in every School among young people and one for teachers already at work.

The Board realizes the untold advantage of the trained teacher in the important work of leading young lives to the Master.

They realize the benefits to Teacher and then Scholar, derived from these books so admirably and carefully written.

YOU WILL BE SURPRISED HOW THIS COURSE CAN HELP YOU.

The ammunition is ready for the “Drive.” Are you going “over the top” with the rest?
