SURE CURE FOR

Worst Cases Yield To Douglas' Egyptian Liniment

Mr. J. L. Boyes, secretary of the Nap-anec Driving Park Association, has had a good deal of experience with thrush on horses' feet, and has tried various reme-dies. He writes:

dies. He writes:

"I have curred bad cases of diseased feet or thrush on horses with Egyptian Liniment with two or three applications, after calonel, sait, coal odl, etc, had completely failed to do the work. I consider it a waste of time to use anything but Egyptian Liniment for thrush."

Such an emphatic statement from an experienced borseman speaks volumes for Douglas Egyptian Liniment. Another man who has found it most effective is Mr. John Garrison, Morven, Ont. He saves.

says:
"One of my horses had thrush so bad
that his feet became offensive, and the
neighbors advised me to shoot him. Before doing so I decided to tre Expitian
Liniment, and in a short time my horses
feet were as sound as ever."

A Heroic Conductor

By C. H. Caruthers.

ductor, the father, who was p of considerable means, asked if a re-ward in the form of a handsome check

One morning a number of years ago, an express train of one of the leading railways of our land was approaching the Union Station of a great railway centre, and the conductor who was one of the oldest in the best will be service, and one of the best will be service, and one of the best will be promoted be pullman coaches after the occupants Pullman coaches after the occupants and at one went to her and offered to aid the roticed a young girl crying as she sat in her section, and at one went to her and offered to aid her if it were possible. She informed him that she was going to a town which she understood was but 30 miles but moderated with a finely approach of the regard for the friend as a sample to the regard of the regard for the friend as a sample to the regar

HE desire to accumulate something for one's children is a commendable one; but it is well to bear in mind that the best things are those given to the children personally, a good example, kind words, and thoughtful teachings. Gentlemen and good women are home made. There is nothing on earth for which one ought to be more thankful than for having been brought up in the atmosphere of a pure home.

from the city they were so rapidly approaching, but that to her dismay she had just learned that it was about three hundred miles west of the railwould bencessary to wait there for several hours for another train to finish her journey.

The conductor knowing this to be untrue, requested her to point out there for informant, whereupon she indiher informant, while somning the pages of a Western paper recently we noted

her informant, whereupon she indi-cated a well-dressed midd-eaged man sitting near the forward end of the coach. Going to him, the conductor naked his reason for making such a gross misstatement to the young girl, and was answered with an oath that it was none of his business!

The official, though small of stature and somewhat delicate, was fearless; and instantly informed the party that I his attitude on the subject was not have a subject was not a subject with the subject was not a subject with the subject was not was a subject was not a subject was not was a subject was not subject was not was a subject was not subject was not was a subject was not subject was not subject was not was a subject was not subject was not subject was not was not subject was not subject was not was not subject was not subject was not subject was not was not subject was not subject was not subject was not was not subject was not subject was not subject was not was not subject was not subject was not subject was not was not subject was not subject was not subject was not was not subject was not subject was not subject was not was not subject was not subject was not subject was not was not subject was not subject was not subject was not was not subject was not subject was not subject was not subject was not was not subject was not subject was not subject was not subject was not was not subject was not subject was not subject was not subject was not was not subject was not subject was not subject was not subject was not not subject was not subject wa

Station for breakfast, and sought the conductor of the local train upon which she was to complete the remaining thirty-one miles of her journey, informing him fully as to the trouble. This conductor was a whole-hearted son of the Emerald Isle. and at once took the case in hand, and eventually at the end of an hour and a half, landed his fair passenger in safety at her destination—and it would unquestionably have been rather disastrous to anyone who had sought to misfead her en route. About six weeks later, the first named conductor, upon returning from his run at the close of an afternoon, was summoned to the office of noon, was summoned to the office of noon, was summoned to the office of noon, was summoned to the office of noon,

from his run at the close of an afternoon, was summoned to the office of
the superindent of his division,
and found awaiting him there the
young girl already mentioned, in
company with her father and mother
who had joined her later at the
friend's home where she was risiting,
and were now er route to their home
in the East, but had stopped to enin the East, but had stopped to enin the East, but had stopped to encarefully guarded her against the designs of the vile creature whose only
