THE SUNLIGHT GAS CO., Ltd., Montreal, P. Q.:

GENTLEMEN,—I have been using one of your twenty-light gas machines since last August, and am perfectly satisfied with it in every respect. I have used both coal gas and electric light, but much prefer the acetylene light to either, as being more steady and an easier light for the eyes.

With regard to your machine, I have nothing at all to say against it, as it is easily cleaned, needs absolutely no attention when operating. I shall at any time be most pleased to show my plant to anyone, or do anything in my power for your machines.

Yours truly,  
M. L. WILLIAMS,

**Instant Louse Killer.**

It is not a dip, but a powder that can be applied in zero weather. No slop, no muss, no danger. Examine your sheep at once, and you will probably find ticks, and lots of them. Don't wait on the weather, wait on the sheep with a package INSTANT LOUSE KILLER (guaranteed).

**Why**—In these times of keen competition, is there such a great demand for this All-Steel Flexible Harrow?

**Because** The Flexibility of the Harrow enables it to adapt itself as readily to rough and uneven ground as to smooth, and the oscillating motion produced by its flexibility pulverizes the ground and leaves it in a loose and more porous condition than any other Harrow, and it is made of the very best material money can buy for the purpose. The bars are made of Hard Spring Steel, very stiff and strong, the hinges and teeth being of solid steel, all of which are of a higher grade than is possible to use in any other make of Harrows.

We guarantee more than double the strength and wear in this Harrow than there is in any other make.

Parties wishing a first-class Harrow will do well to write us direct or apply to the local agent.

**A BUSINESS EDUCATION IS NECESSARY ON THE FARM.**

Mr. Daniel A. Campbell, of Port Elgin, Ont., says: "I could not have got along without it, and would not now part with the knowledge obtained for any amount of money. I find it just as useful to me on the farm as it was in business. When your business principles are applied to farming, it pays as well as any business, and is more independent. Every young man who wishes to succeed in any calling should have a business education, and the NORTHERN BUSINESS COLLEGE is, I believe, the best place in Canada to get it."
