"CANADA'S GREATEST PIANO AND ORGAN HOUSE."

## GOURLAY PIANOS

Mark a notable advance in the science of piano building.

**T**HERE ARE PIANOS which have for years been regarded as first-class, and to-day are as fine as they ever were, but which would appear to disadvantage if compared with the "Gourlay," because of its greater achievements.

The "Gourlay" is the creation of later and more advanced science—it is the ultimate result of the spirit which says—not "How many Pianos can I make and market in a year?"—but "How fine a Piano can I produce?"

In short, while it may not represent "the most perfect that may yet be," for perfection is always relative, still we know, and musical authorities agree, that the "Gourlay" represents "perfection in Piano-building" many degrees beyond that heretofore attained.

The illustration used above is in outline a facsimile of the "Gourlay" recently supplied to Rideau Hall for the personal use of Lady Ruby Elliot on the order of Her Excellency the Countess of Minto. Write for particulars and prices.

## Heart Palpitated.

FAINT AND DIZZY SPELLS.

FELT WEAK AND NERVOUS.

COULD SCARCELY EAT.

TWO BOXES OF  
**MILBURN'S HEART and NERVE PILLS**

Cured Mrs. Edmond Brown, Inwood, Ont., when she had almost given up hope of ever getting well again.

Writes: "I was so run down that I could not do my work, was short of breath every night and my stomach every night felt flat. My heart palpitated and I felt dizzy spells and felt the time. My husband and I consulted a doctor and he told us that we had no hope of ever getting well again. I used half a box of your pills and I feel better than I have been for many years. I have been able to do my work."

These Pills are sold by all dealers or direct from the manufacturer.

## THE RAZOR STEEL, SECRET TEMPER, CROSS-CUT SAW.

WE take pleasure in offering to the public a saw manufactured of the finest quality of steel, and a temper which toughens and refines the steel, gives a keener cutting edge, and holds it longer than any other saw. A saw to cut fast "must hold a keen cutting edge." This secret process of temper is known and used only by ourselves. These saws are elliptic ground thin back, requiring less set than any other saw. Now, we ask you, when you go to buy a Saw, ask for the Maple Leaf, Razor Steel, Secret Temper Saw, and if you are told that some other Saw is as good, ask your merchant to let you take them both home, and try them, and keep the one you like best. Silver steel is no longer a guarantee of quality, as some of the poorest steel made is now branded silver steel. We have the sole right for the "Razor Steel" brand. It does not pay to buy a saw for one dollar less, and lose 25 cents per day in labor. Your Saw must hold a keen edge to do a large day's work. Thousands of these Saws are shipped to the United States and sold at a higher price than the best American Saws. Manufactured only by SHURLY & DIETRICH, GALT, ONT.

## HOG TROUGHS FOR HEIRLOOMS.

Pat. April 21, 1903.

The average hog troughs are never handed down from one generation to another. But ours will be. They are practically indestructible. Frost will not crack them. They have no corrosive influence on them. Stock cannot damage or be damaged by them. Water, weather and time are all equally powerless to injure them. Made of patent steel construction. Stout, sturdy and strong. If you are not satisfied, back goes the purchase money. Write us at once.
