

THE GREAT DAIN Hay Loader

Overcomes every objection found on every other Hay Loader.

The **One-man Machine** pushes the hay forward to the front of the wagon. Doesn't pull any back off the wagon. Is the widest loader built.

Takes out of the **swath, winrow or coil.** No extra trucks, fore-carriages, levers nor other devices needed to attach the Dain to the wagon. A ten-year-old boy can do it.

The machine that is pre-eminent for work and capacity. Don't buy a machine that takes as many men to operate it as if you didn't have it.

The Advice of Experts:

"It is always a mistake to plant **old seed**, and often it is well to procure a supply from a different part of the country, but not very remote nor too different in climate. Seeds of weeds that are hard to kill out are sometimes found in field and garden seeds, and precautions must be exercised against them."

The above is a quotation from *Farmer's Bulletin, No. 94*, of the *United States Department of Agriculture*, and its application to Canadian Growers is this:

Rennie's Seeds are fresh. They are Northern grown and adapted to the Canadian climate. They are carefully selected and free from weeds. This is a plain statement of facts,

and we stand behind it with a record of thirty-seven years' honest service to the Canadian farmer.

There are two young men of St. Louis, partners in a business concern, the younger of whom for a long time was addicted to the habit of reading to the other extracts from letters of a tender nature penned by a young woman of Chicago, signing herself "Claire." Not so very long after, the elder partner returned from an Eastern trip in time to attend the wedding reception of his friend and business associate. In his best manner the senior member of the firm offered his congratulations to the bride.

"I do not feel that I am addressing a stranger," said he, "seeing that I have frequently had the honor and pleasure of hearing extracts from his darling Claire's letters."

"I beg your pardon," responded the bride, into whose eyes there crept a curious expression, "but my name is Violet."
