

"IDEAL" FENCE----"MADE-TO-LAST"

When you invest good money in a wire fence you want that fence to **LAST**—to stay taut and staunch year in, year out, without needing repairs every spring.

And you get fence that lasts when you choose "IDEAL" Farm Fence—it's made with you in mind—made to be **THE** fence for the man who invests his money wisely. Every inch of every "IDEAL" Fence is **FULL SIZE STANDARD** Number Nine

Gauge hard drawn steel wire—tough, highly tempered, springy, heavy wire of the best quality possible. Some fencemakers use 9 gauge for the horizontals and softer, weaker wire for the stays—but not "IDEAL" Fence. It's **ALL** heavy hard wire—that's why "IDEAL" is the fence that outweighs all others; and **THAT'S** why you get more *wire* and more *wear* for your dollars when you buy this perfected farm fence.

Just Trust "Ideal" Woven Wire Fence

The galvanizing stays with it; the lock won't loosen under any strain a fence ever conceivably will have to stand; and the strength, the tautness, the springiness, the **SERVICE** is **THERE**—there every time in every foot of "IDEAL" Fence. Look into the matter carefully and you'll agree that here's the fence that **WILL** last.

It's wise to decide that you need an engine. But don't spoil your good intentions by buying a cheap one. Don't be blinded by a low price or by wild claims. Go slow and be sure. Buy an engine that has proved its worth, from a concern that has proved its integrity. You can't afford to make a mistake—it's much costlier than the price of an engine.

I H C Gasoline Engines

are in use on thousands of farms throughout the country, running the many farm machines, such as the cream separator, churn, feed grinder, pump, fanning mill, thrasher, washing machine, electric light plant, etc. They guarantee you reliable power for every requirement at a surprisingly small cost.

I H C gasoline engines are marvels of simplicity, strength, economy, reliability, and durability. They run steadily and smoothly, year in and year out. They make and save money every time they are used, and if, by accident, you should need repairs, you can get them promptly with little trouble or delay from the I H C dealer in your locality.

Don't you think it would pay you to investigate an I H C engine before you buy any? They are made in so many sizes and styles that you can select just the right size and style for your work: Vertical type—2, 3, 25, and 35-H. P.; horizontal—1 to 50-H. P.; semi-portable—1 to 8-H. P.; portable—1 to 25-H. P.; traction—12 to 45-H. P.; sawing, pumping, spraying, grinding outfits, etc. Built to operate on gas, gasoline, kerosene, distillate, or alcohol—air-cooled or water-cooled. Ask the I H C local dealer for catalogue and all information, or, if you prefer, write nearest branch house.

Come to Canada! SASKATCHEWAN THE GOLDEN

"The Land That Pays for Itself
in a Single Season"
—Prof. THOMAS SHAW.

THOUSANDS of Eastern Canadians—some, your own former neighbors—are now in Golden Saskatchewan. They were struggling along five years ago, "back home"—just like you are to-day. Many were renters—didn't own a square foot of land. To-day they could buy out the richest farmer in your county. Not because these men are smarter or work harder than you, but because they now live where an industrious man has a **fair chance**.

Last Mountain Valley

Saskatchewan farmers in Last Mountain Valley grow 40 bushels of wheat on \$30 land. **Result: "Land cleared in one year."** They are making money **hand over fist**. Crop failures? **We don't have 'em here!**

Seven great railroads form a veritable network over this district. You're right in civilization.

And whoever saw a finer place to live! **Good neighbors, fine climate, 'phones, railroads, churches, schools, rural mail, stores, good roads, fishing, hunting, etc.**

Two Big Land Openings— New Settlers Pouring in by Thousands

Last year 351,593 settlers came to Canada—and fortune. This year will see 500,000 follow them. The bulk of them are bound for the Prairie Provinces. And they'll never go back! They'll never leave this land of health, happiness, sunshine and fortune.

We are putting on two gigantic new land openings—one at Raymore, in Last Mountain Valley, on the main line of new Grand Trunk Pacific—finest wheat land in the world.

East of Last Mountain Valley lies the rich Touchwood Hills Country. Also to be opened up. Great land for **mixed** farming—stock raising—and wheat, oats, flax, barley, grasses, etc.

Lowest Prices

We have land bargains such as were never before known. Our prices are positively lowest. No other colonization company can ever hope to meet our terms and prices, because none can buy land now in such enormous tracts.

Land Books Free

Don't wait! Don't let this opportunity slip by. Saskatchewan land prices are doubling fast. Buy **now**—make a **killing**. Chances are if you lay this paper aside now, without further investigating this offer, you may overlook it entirely—may **never** make the big success that every **real** man deserves to win. So—**act now—on the impulse**—send in a postal that says: "**I want to know about the land openings.**" You will receive by return mail the most complete and authoritative land information ever published—free—all about the big Land Openings—full reports on **Crops, Climate, Soil, School, Churches, Towns, Maps, Description of Land, etc.** Our special list of land bargains will be included. Address your postal to our **Minneapolis** office, not our Canadian office. **Write**

Make Money This Winter Sawing Lumber

After the crops are all harvested, why not work the wood lot for the money that's in it? Fall is lumber time—the time to cut your timber into lumber for your own use or to sell. Buy an "American" Saw Mill, which cuts the most lumber at the least cost, and run it with your farm engine. The price of a carload of lumber will buy an "American" Mill that will cut a carload a day. Ask for our book, "Making Money On the Wood Lot." It explains a money-making proposition for the farmer. Write our nearest office.
